

## What is The True Meaning of 666, or The Number of The Beast?

**Revelation 13:18** (KJV): "Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number *is* Six hundred threescore *and* six."

The New Testament was originally written in Greek. So understanding the wording and meaning of the Greek will help us understand the true meaning.

Let's start with the word "count" in Rev.13:18: Strong's G5585 - psephizo.

From G5586 1) to count with pebbles, to compute, calculate, reckon, **to determine**.

2) to give one's vote by casting a pebble into the urn.

3) to decide by voting.

Now let's look at Strong's for the word "number": Strong's G706 - arithmos.

From G142 1) a fixed and definite number, 2) an indefinite number, **a multitude**.

KJV (18) - number, 18; NAS (18) - group, 1; number, 17; Acts 5:36

**Translated as "group" in Acts 5:36 in the New American Standard Bible.**

G706 in the bible **always** refers to a group of people. Never does G706 refer to an actual number in the bible.

Since this Greek word never refers to an actual number in scripture, we must not assume that it is referring to an actual number.

Now let's look at the Strong's word for "man": Strong's G444 - anthrōpos. From G435 and G3700; man-faced, i.e. a human being (a group of human beings) 1) a human being, (even females or males either one)

a) generically, to include all human individuals, **the human race**.

This is a different Greek word from what is used in scripture for a male!

Since this Greek word is not referring to a male, but rather mankind, the human race, we must embrace that this is not referring directly to one man, "the antichrist", as taught by traditional doctrines of man. Therefore, it's impossible for this to be telling us to add up the letters of one man's name. It's impossible for this to be telling us to add letters and/or numbers to determine the name of the Son of Perdition (the antichrist).

**This is what we have for the meaning of Rev.13:18 so far: "Here is wisdom. Let him that hath understanding determine the multitude of the beast: for it is a multitude of mankind; and his multitude is..."**

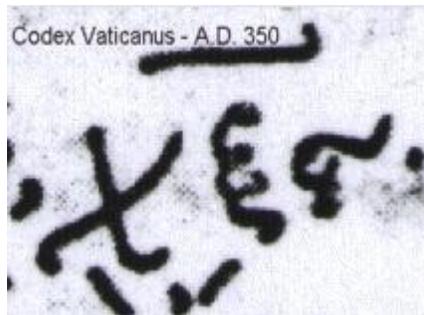

Now let's look at "666" in Strong's Concordance: Strong's G5516 - "chi-xi-stigma χξζ The ἄγαμος 22nd, ἀγαθοεργέω 14th and an obsolete letter (4742 as a cross) of the Greek alphabet (intermediate between the ἀββα 5th and ἄβελ 6th), used as numbers."

Notice it says the x looking symbol is the 22nd letter of the Greek alphabet. This is the number of double judgment. Then it says the middle character is the 14th letter. The number 14 is what God showed me concerning March 14th, 2008 which was one of the first prophecies God gave me. So both these numbers are relevant to the opening of understanding of prophecy. Strong's says that the 3rd letter is the "stigma". "Stigma" means "mark" or badge of servitude! So instead of the 3rd character being a number, it's actually saying that the other 2 characters represent the mark!

**In all other places in the bible, numbers are spelled with words, not symbols. For example, the number 600 in Rev. 14:20 is ἑξακόσιοι, the number 60 in Rev. 12:6 is ἑξήκοντα, the number 6 in Rev. 4:8 is ἕξ. Rev. 13:18 is the only place in the bible where these symbols are used! Even though the numbers 600, 60 and 6 are found in the bible in many places!**

Whenever John wrote out numbers, he always wrote them out completely, yet the earliest Greek manuscript has these symbols instead of "hexakosioi hexekonta hex" (six hundred and sixty six). John didn't write DCLXVI, the Roman numerals for 666. And he didn't write 666 in the modern Arabic numerals, either.

The picture below is what John wrote, as shown in the Codex Vaticanus, the oldest and most complete bible manuscript on Earth. (This bible was not written by the Vatican, nor by Catholics. It is called "Vaticanus" only because of its present location. It was written in the Greek language, which Jesus and the disciples used.)

**All three symbols are rotated and mirrored versions of symbols representing evil, revolutionary groups. There is a theme of rotation to all three symbols. John saw and drew these symbols rotated and mirrored.**

The first symbol is the Nazi swastika. The spirit of Nazism is still alive in every group and every person that hates Israel or the Jews. The spirit of Nazism is the spirit of anti-Zionism and hate and racism against the Jews, and it is a very common and serious problem in all nations.

The second symbol is the name of Allah, the demonic moon god of Islam. This is "Allah" in Arabic: الله

The third symbol is the hammer and sickle of Communism. John's drawing even includes the star.

**All three symbols are also connected to three of the four horsemen of Revelation 6.**

The 3rd seal black horse of Revelation 6 is the spirit of Nazism. The 4th seal green horse (usually translated as "pale horse", but the Greek word *chloros* means green, like chlorophyll.) is the spirit of Islam. The 2nd seal red horse is the spirit of Communism. The swastika is black. Islam's sacred color is green. Communism's color is red.

**666 Also Represents 3 Antichrists:**

We have all been taught that there will be one man standing on the Temple Mount or in Jerusalem, claiming to be "God". However, The Creator has revealed to me that there will actually be 3 men/beings claiming to be God. "666" shows 3 men/beings. The first 6 represents a man/being of Nazism, which is Pope Benedict, who was a member of the Nazi Youth group. The middle 6 represents the main antichrist, the son of perdition, the Muslim 12th Imam Mahdi, Bashar Assad, the president of Syria. The third 6 represents a man/being of Communism, Pope Francis.

Assad's Alawi religion teaches that God manifests himself as three men. After the strong delusion of 2 Thessalonians 2, these three demons will claim to be God. But they are not.
