

have admitted that they receive their demonic powers from the worship of YHWH/YHVH. Witches also chant these Assyrian/Babylonian letters/sounds. The letters appear on witchcraft tarot cards and witchcraft jewelry.

The true name of The Almighty Creator, The Alpha & Omega, was preserved in the Greek New Testament. Another secret hidden from the world is that the Greek language came from the tribe of Dan which had traveled from Egypt to Greece. Yes, Greek is actually true Hebrew, especially when we examine the oldest Greek which is called "Paleo-Hebrew". Despite the lies of the Y name cults, all of the New Testament was written in the Greek language because Jesus & the disciples knew that they had to preserve the Hebrew scriptures in the true Hebrew language. In fact, before the New Testament was written, Jesus & the disciples studied from & preached from the Greek version of the Old Testament, called "The Septuagint" preserved today in "The Alpha & Omega Bible" (AOB). 5

Flavius Josephus, a well respected historian from the 1st century AD, and was also the son of a priest, wrote that the priests wore the name of GOD on their priestly hats, and that the name was **4 vowels!** The world falsely teaches that there were no vowels in Hebrew. I would think that the son of a priest in the 1st century would know more about an ancient language than modern day college educated soyboys. How can you speak without vowel sounds?!

Here's the truth: As seen on the front of this tract, the Old Testament name of the Father was JESUS! It was the name forbidden to be preached in during the times of Daniel, Paul & Peter. It is the name hated by Freemasons, satanists, witches, atheists & others. It is the name above all names. It's the name written by every apostle of the bible; and by Moses. JESUS is GOD in the flesh AND The Father in the Spirit! Repent & Be Baptized. Is "Jesus" the Hebrew name of Christ?  
In the last couple of decades there has been a strong push toward the names of YHWH, Yahweh, Yeshua, Yahshua & many variations of the letter "Y" names. "Jehovah" is another name variation.  
At the same time, many people are claiming that "Jesus" is not only incorrect, but actually Satan's name!  
Their claim is based on the letters YHWH or YHVH or JHWH in what they call "Hebrew". They claim that Moses wrote YHWH, and then we should add the vowels, which results in the name "Yahweh", from which "Yeshua" comes from.  
But what those people don't realize is that YHWH did not appear in the original Paleo-Hebrew writings; and YHWH is not true Hebrew. It is Assyrian Aramaic and was inserted during the Babylonian captivity of the Jews. Daniel 1:4 is clear that the Jews were commanded to learn & write the Assyrian language.

2

History also shows that they were forced to stop using Hebrew and start speaking & writing only the Babylonian Assyrian language. This is not debated. It's fact. In fact, to this very day, the Jews are taught in their schools that they are speaking a Jewish dialect of Assyrian Aramaic and that the writings are in the Assyrian script. The rest of the world is completely ignorant of this fact and falsely call the Assyrian language "Hebrew". This fact is purposely hidden from the mainstream gentile public by Freemason college professors & Freemason preachers, authors & publishers. The origin of Freemasonry goes back to Assyria, Asshur & Nimrod. The Shriners & other Freemasons scattered across different denominations don't want people to know their hidden knowledge & cult secrets including the fact that they inserted the name of their demonic god, YHWH, into the Assyrian translation of the bible during the forced slavery of Israel. YHWH replaced the true name of GOD that had been written in Paleo-Hebrew.

Many Y name followers shorten the names Yahshua, Yahweh, etc as just simply, "The Yah". What they don't realize is that the Islamic moon god, Allah, was originally called "Al-Yah", which means "The Yah". Some Islamic scholars + some Jewish "rabbis" confess that YHWH and Allah are the very same god. The name is the same, the spirit is the same and many of the laws are the same. Many Y name followers reject the New Testament and reject that the Messiah has already been born. If they don't reject Christ yet, they eventually do fall away sooner or later as they continue down the path of the Y name, Hebrew Roots, "Torah" cults.  
I've had several people, worldwide, tell me that when they had embraced the Y names, demons began to scratch at their bedroom door or under their beds at night! The demons refused to leave when rebuked in Yeshua name or other variations of those names. But the demons left when rebuked in Jesus name!  
It is well documented fact that well known satanists
