

Who is Yeshua, Yahweh, Jehovah, Yah?

Many people claim that Yeshua is the Hebrew name of Jesus. They claim that the writers of the New Testament wrote Yeshua rather than Jesus. Let's examine what was written. When we look up "Jesus" in Strong's Concordance, it says it was the Greek word #2424, then we turn to the back of the concordance, to the Greek dictionary reference for 2424. It says they wrote IESOUS. That is what Matthew, Paul & other writers of the New Testament wrote. NOT Yeshua. People claim that you would pronounce IESOUS as "Yeshua". Yet Strong's does not say that, therefore we should not jump to that conclusion. Some editions of Strong's claims that it COMES FROM Hebrew word #3091 Yehowshuwa, which many people say is pronounced Yeshua. But the New Testament writers did NOT write Yehowshuwa/Yeshua, they wrote IESOUS. Acts 4:12 says "Neither is there salvation in any other: for there is NONE OTHER NAME under heaven given among men, whereby we must be saved". Verse 10 says that name is IESOUS. Not Yeshua. They were extremely adamant about what name they preached in & what ONE name mankind may be saved by. If it was Yehowshuwa/Yeshua, they would have written it, but they did not. It doesn't matter if it really did come from Yeshua, they didn't write Yeshua.

It's also NOT true that IESOUS came from Yeshua. Strong's claims it came from Yehowshuwa/Yeshua. Then it says that Yehowshuwa came from H3068 YHWH/YHVH & H3467 yasha. Yasha is supposed to mean "save". It claims these are Hebrew words but we need to look at the top of the page in Strong's. It says "Aramaic"! Older editions say "Chaldean". In schools in Israel, Jewish students are taught that the writing/letters that the modern Israelites write on a daily basis are called the "Assyrian Script" & that they are speaking a Hebrew dialect of Assyrian Aramaic. The Bible + documented history shows that when Israel went into captivity in Assyria & Babylon, they eventually ceased using their native language of Paleo-Hebrew & began using the Assyrian language & letters/writing. (Dan.1:4, 2:4) History also shows that they translated the original Paleo-Hebrew Scriptures into Assyrian Aramaic in a translation called the "Targum" which eventually totally replaced the Paleo-Hebrew Scriptures. In the Targum, they removed "JESUE" as the Name of The Creator, & inserted YHWH in the Assyrian Script. (*JESUE was pronounced "Jesus" because an S sound was added on the end when spoken due to masculine form of the name.*) YHWH was the Assyrian & Babylonian moon god. According to "Smith's Bible Dictionary" of 1878, the word "Chaldea" means "moon". Therefore a Chaldean would be a person of the moon or a moon worshipper. The Islamic sorcerers of ancient Assyria/Babylon chanted YHWH/YHVH. Modern witches STILL chant these letters in the Assyrian tongue. It's on their witchcraft tarot fortune telling cards. It's on their jewelry. Self proclaimed satanists also chant these letters. YHWH is also extremely important in the Catholic Church & in Freemasonry. Strong's Concordance admits that Yahweh, Yah, Yeshua & Jehovah comes from YHWH. Eventually, YHWH was also written in Aramaic as "Al-yah" & then "Allah". Yes, Yeshua/Yahshua/Yah/Yahweh/Jehovah & all versions of the Y names refer to Allah, the Islamic moon god.

People claim that "Jesus" is an evil pagan Greek version of the word Yeshua.

They claim that there was no letter J in Hebrew, yet they leave out the fact that NONE of the letters that we use today existed in the same form thousands of years ago in Hebrew & Greek. ALL letters have evolved over time. There was also no Y in ancient Hebrew. The single character that looked like our capital i/I, was anciently known as the "Jot/Jotta/Jota/Jud/iota/yud". In Paleo-Hebrew & Greek, It represented the J sound as well as the Y and i sounds depending on what other sound was associated with it in a word. Whenever it was immediately followed by a vowel sound as was the case with IESOUS, it had the J sound. Therefore the first 2 letters would be pronounced JE with both the J & long e sounds, just like we pronounce Jesus today. The following "SOUS" would be pronounced "us", therefore resulting in the pronunciation of "JESus", meaning "JE with us" or "GOD with us". Despite many claims saying otherwise, We KNOW that there was a J sound plus vowels in ancient Paleo-Hebrew & Greek. In fact, the Greek people also had lost their native language & adopted Paleo-Hebrew, the original language of the Israelites. The Almighty Creator, in His Wisdom, preserved much of the Paleo-Hebrew by transferring it to the Greek people. Eventually the Old Testament was translated into Greek in what is called the Greek Septuagint (LXX). All occurrences of "YHWH" were removed. That is the Bible that JESus & the disciples were raised with & quoted from.

Greek was the main language of Israel when Jesus taught His disciples, who went on to writing the New Testament in Greek, which is Paleo-Hebrew. So when they wrote IESOUS, they were NOT writing a pagan language or pagan name. They were writing the true Hebrew name of Jesus. It doesn't need to be translated into Hebrew. IESOUS is Hebrew. We just need to understand that I was pronounced with the J sound. When the KJV was published in 1611, the "jot" letter character still looked like a capital letter i/I, AND still followed the rule that it had the J sound whenever immediately followed by a vowel sound such as in Jerusalem, John, Jericho, James, Jordan, etc. In Fact, even King James were written as "King Iames". Yet, NO ONE claims that King James should be pronounced as "King Yames". We KNOW that James had the J sound yet was written using the jot letter which looked like "I". We can also examine many other ancient books throughout history & know with all certainty that words had the J sound.

When it comes to translations of the bible, we should rely more heavily upon translations (like the New American Standard Bible NASB) that depend upon the Greek Septuagint & other ancient Greek (Paleo-Hebrew) manuscripts such as the "Codex Vaticanus", RATHER THAN versions like the KJV that depend upon the Assyrian Aramaic manuscripts. The FACT is that all Assyrian Aramaic manuscripts throughout time were written by sorcerers, such as a group of people in the 9th-15th centuries A.D. known as the "Masorettes" who we KNOW added to & took away from Scripture. Their corrupted manuscripts are now called "the received text" and "the Masoretic text". Mostly everything originating from Assyrian is evil. It is the ancient Assyrian religion that we have now come to know as "Mystery Babylon" including Freemasonry which uses the Y names.

All of this will be confirmed when Bashar Assad, the president of Syria, actually a fallen angel, appears in The Temple of GOD in Heaven, descends from the sky & claims to be GOD. His family is said to be of the Jewish race, yet he is a Muslim, yet he also believes in reincarnation like the Hindus & Buddhist do. Yet he also believes in Christmas, Easter, the Trinity & the transubstantiation of the communion wafer/cracker/cookie just like the Catholic Church. He also has published his own version of the Koran & distributed it to all Islamic nations & major islamic leaders worldwide. His soldiers have already starting beheading people in Syria who refuse to say "There is no God above Bashar Assad" & that "He is above Allah". The Bible tells us that the end time Son of Perdition (man of sin, the lawless one, the antichrist) will be the Assyrian. Isa.10:3-24, 11:4 & 2 Thes.2:8 Micah 5:5 He comes to power via a middle eastern war. Dan.11:40-43 These scriptures declare that he will be attacked from the north & south. USA/NATO will attack Assad to try to remove him from power. They were able to remove Mubarak of Egypt & Gaddafi of Libya. But after YEARS of fighting, no one has been able to remove Assad (Rev.13:4) because JESUS has ordained the Assyrian as the rod of indignation (Isa.10:5) to punish & chastise the nations during the Great Tribulation. We should not fear the Assyrian (Isa.10:24) but we also should NOT use his Assyrian Aramaic manuscripts as if they are the most reliable. I believe that the time will come when the Name of Jesus will again be outlawed and people will be arrested for preaching in Jesus Name even as Peter & John were in Acts 4:17-18 & 5:27-42.

I have been contacted by several people who testified to me that when they embraced & starting praying to Yeshua/Yahweh or other versions of those names, that demons became manifested in their lives. But once they found out the truth and renounced those names and re-embraced Jesus name, the demons fled. Demons flee in Jesus name! History shows that the Egyptian goat/moon god, Baphomet, was also called Yah, short for Yahweh/Yeshua. I encourage you to burn & destroy everything you own that uses the Y names. They are extremely satanic. They are a doorway to the demonic realm. Do not be fooled by the Y names. They are NOT Hebrew. They are Assyrian moon worship witchcraft. Also the word Jehovah comes from the same YHWH/YHVH moon worship. Even though the Catholic Church & then later the JeHoVaH Witnesses mixed the abbreviation of the true name of GOD "JE" with the satanic Assyrian YHVH, we cannot compromise with the satanic YHWH/YHVH.

The Creator's Name is JESUS, and HE came to die for our sins and rose from the dead. We know The True Creator as JESUS = "GOD with us". There is NO other name by which mankind may be saved. It's easy to say. It's Hebrew. It's known worldwide.

Just say "JESUS"!
