Let's go in prayer. Lord Heavenly Father, in Jesus' wonderful name, thank you Lord for this day, this day of revelation, this day of revealing, this day of truth, this day of opportunity, this day of gathering, this day of worship, this day of praise, this day of family.

We praise you, Lord Heavenly Father, for what you've already done, for what you're doing, and for what you're about to do.

We ask for your special help in this message, your presence, your anointing, your blessing, your spirit, and your will. We pray that the Church be strengthened and increased, edified, blessed, and anointed.

We pray that you would wake us up and help us to get ready spiritually, mentally, emotionally, and physically. Help us, Lord Father. Help us, in Jesus' name. Amen.

Praise Jesus. You may be seated. Oh, let's turn to Matthew 24.

Before I read it, today's sermon topic and title is The Importance of Each Part of the Full Armor of God in the End Times.

Recently, we were reading and we came along to 1 Thessalonians about the full armor of God.

We know that the full armor of God is mostly in Ephesians chapter 6, but it also mentions it in 1 Thessalonians chapter 5 as well.

We're going to get more into that. But that turned into a meme that Brother Simon requested and Brother John made. And through all of that, it brought this message as the Holy Ghost of Jesus was leading us and guiding us one step at a time to eventually bring forth this sermon.

Now, to understand the importance of the full armor of God in the context of the events of the next 30 days, the next 60 days, the next 90 days, and the next 4 years basically in general, that is the context in which this sermon is, preparing for the future, short-term and long-term, spiritually, to put on that full armor of God.

So, with that being said, in Matthew 24 verse 1, Jesus came out of the temple and was going away when his disciples, his followers, his students, came out to point out the temple buildings to him.

And he said to them, Do you not see all these things? I tell you the truth, not one stone here will be left upon another which will not be torn down.

And as he was sitting on the Mount of Olives, that would be later, the disciples came in privately saying, Tell us when will these things happen and what will be the sign of your coming and of the end of the world?

Now, we know that the false church has traditionally wrongly, incorrectly taught that Matthew 24 is referring to 70 A.D.

But notice that this particular verse proves them wrong, that this chapter is not about 70 A.D.

primarily. 70 A.D. may be a foreshadowing, yes, but primarily this chapter is about our time these next 30 days, these next three and a half, four years, because it's a sign of your coming, of the end time. Amen?

Verse four, And Jesus answered and said to them, See to it that no one deceive you.

Now, when he says deceive you, even though he's talking to those people right in front of him, those disciples, he's also talking more to us than what he was, those 12 men, because he's talking about the people and to the people that would eventually read this, even as he did say the word read in verse 15, the last part of the verse of verse 15 that the reader understand.

He knew that his words that were answering other questions would be written down and read later on in history. Amen?

So when he says let no one deceive you in verse four, he's talking to you and me. Amen?

In the false churches, we were deceived, but Jesus brought us out of the lies, out of the deception.

He continues to reveal more and more truth, revealing the lies, pulling back the veil, pulling back the curtains, and showing us more and more and more truth.

And we've got to be willing to grow in that truth and not be deceived. The truth is important. Amen?

But deception is a huge problem in this world. Huge. Amen? Christmas, Easter, Sunday, Trinity, Flat Earth, the list is endless. But Christ does not want us to be deceived.

Verse five, and many will come in my name saying I am Christ and will deceive many.

We can take that two ways. We can take it to mean that there will be people actually claiming to be the messiahs.

And that has happened many times even in our generation, which is primarily is talking about there's people right now in the Latino nations, the Caribbean that are claiming to be Christ Jesus.

Some of them have as many as 2,000 followers believing that these people are Jesus.

Crazy. That has to do with deception. Amen? And is a antichrist even as the Bible says that there are many antichrists, but we also know that there's only one main son of tradition creature, president of Syria.

But yeah, there are many, many groups. And Christ wants us to know that we must not worship a human being as being Christ Jesus. Amen?

When the true Christ returns, he's going to rule the entire earth. He's not going to rule a few thousand. He's going to rule the entire earth with a fist of iron, according to Revelation 19, not just have a few thousand or one million followers.

Easy stuff. Easy stuff. But Daniel 12 in the Old Greek tells us that in the end time that insanity would basically flood the earth, fill the earth, whatever the term is, fill the earth, overflow or spread across the earth, whatever the term is, that insanity, foolishness.

And that's what we're seeing. Amen? These scriptures have definitely been fulfilled. But the other way we can take this is we can take this as meaning, possibly, that people are coming to say that Christ is Christ, that he is the Messiah, and they're coming in the name of Jesus, but yet they're still deceiving people.

And that's true as well. However he meant it, both are true. Verse 6, and you will be hearing of wars and rumors of wars. See that you're not frightened, for those things must take place, but it is not yet the end.

For race and nation will rise against race and nation, and kingdom and realm against kingdom and realm, and against places that would be famines and earthquakes and hurricanes.

But all these things are the beginning of birth pains. And just like a woman that is pregnant, the pain gets worse over time until the actual birth.

And it gets worse and worse and worse until the actual birth. So is the situation with war, famine, disease, pestilence, and deception, and false crisis, and cults, and religious deception, all of these things that lead up to the end accumulate to get worse and worse and worse.

And that's why it's important to put on the full armor of God is because this deception, false crisis, even the main antichrist claiming to be God, that is a great intensity that is about to shake the earth.

That is a great increase, tremendous increase that is about to hit the earth, and many people will be deceived.

Many people will be deceived. Many people. Because people are crazy, and they're going to believe it. That's Christ.

But do not be deceived. It is not Christ, even as 2 Thessalonians chapter 1, or is it chapter 2, that tells us, 2

Thessalonians 2, that tells us that the Christ will not return until after the man of sin is manifested, the antichrist is manifested, claiming to be God.

So even Jesus here is saying that even before he comes, you're going to have the false Christ coming. Amen.

And we can also relate these to the four horsemen as well. The first horseman is being related to the Olympics, a false peace, and to the Nobel Prizes, Alfred Nobel, late 1800s, early 1900s, when the Olympics began to be observed once again in history for the first time in a long time, and they started giving these people the communists, these peace awards, and so forth.

And the antichrist, so these people like Jimmy Carter, he's an antichrist. Obama, he is a antichrist.

Nelson Mandela is a antichrist. These people that are being treated as heroes, and yet they are terrorists, they are liars, they are murderers, they are communists, and people today have been trained and brainwashed to worship and idolize these people like Martin Luther King, Nelson Mandela, and Abraham Lincoln, and Jimmy Carter, and the list is endless of the lies that we were told as children, that we must reveal these lies by the light so that darkness may flee. Amen.

The red horse being communism and revolution and war, and that increases in the end time, communism greatly, greatly, greatly increased during the Obama years and the Biden years.

Nazism, which is anti-Zionism, greatly increased under the Biden years and Obama years.

So all these things also related to horses and the famines and disease, also related to the fourth horseman, the green horseman, which is Islam, but it also has the fruit of sickness, disease, famine, even as we see disease outbreaks more and more in America right now of measles and tuberculosis and everything or breaking loose in different regions.

These things are increasing. It increased with the COVID coronavirus and the viruses and now the bird flu, Ebola,

different things that have increased.

All these things are increasing. All these things are increasing. So the four horses have been released, all first four, and all these four are birth pains.

Everything we've listed so far is birth pains. And then, verse nine, and then they would deliver you up to tribulation. So then after the four horses, the fifth seal is the Great Tribulation. And in the Great Tribulation, instead of being raptured away, people will undergo, people will suffer tribulation.

And they will murder you. He's talking to the end time church. He's talking to end time Christians. He's talking to end time people that they will be murdered and not raptured out.

This verse, we can add right here at this verse, ex rapture. Amen. Brother John and R, ex rapture. Because it blows the rapture doctrine to a million pieces. Amen.

So we make that notation at the end of such verses that blow the rapture doctrine to a million pieces.

Murdering the Christians, you, is talking about is the Christians. Amen. And we see that increasing in the world. And it will increase into the true church.

Right now we see it in the false church, but it's going to increase into the true church during the tribulation for those that are not protected by God.

God will protect some of the true church and not protect some of the true church, as we see in Revelation 12.

Now we go to verse 10 here in Matthew 24, verse 10. And at that time, many will fall away and will betray one another and hate one another.

The great falling away, 2 Thessalonians 2. So let's add a footnote here at the end of verse 10, 2 Thessalonians 2.

And let me get you a verse number here in just a second. That the fallen away will come first before Christ comes. Amen.

2 Thessalonians 2, verse 3 is what we're going to put here. 2 Thessalonians 2, verse 3. That before Christ, before the true Christ comes, not only will the Assad people, the followers, which would be the majority of the earth, the survivors of the nuclear war, not only will they be murdering us, but even Christians will be reporting each other to the authorities because that you're not worshiping Assad.

And many people that believe in Jesus now will be worshiping Assad. Many people. We saw that with the COVID vaccines is that many, many, many, many people who think they're saved, but are not, were so foolish to sell their birthright, to sell their salvation, to sell their soul to the devil by taking that iron mixed with clay vaccine to turn them into androids, to turn themselves into robots.

We know that Elon Musk, J.D. Vance, perhaps Trump, many other people have taken that vaccine and that the metal, the iron, the iron from that vaccine is part of them.

They are walking androids. And now that we see Elon Musk in the government of the United States, even though it looks like Trump and Musk are doing absolutely amazing and wonderful job, and they are, that at the same time, there's a deception.

And they're hiding from us that we know the truth, that they're planning, Trump and Elon Musk, they are planning to connect TwitterX with the banking system of America, with the store debit cards, with the credit cards, connect to all with artificial intelligence and implant more and more people with microchips and develop new vaccines that have the iron in it, that have the microchips in it, and develop the so-called 15-minute cities in America and Saudi Arabia.

And right now the Trump administration is sitting down in Saudi Arabia, sitting with the reptiles, sitting with the snakes, eating with the snakes, shaking hands with the snakes, making deals with the snakes, with the 666 nations.

And now the whole world thinks we're going to have peace, world peace, and that Trump and Vance and Musk, that they're going to bring world peace to the Middle East, to Ukraine, to Russia, and they're pouring a dark veil of lies and deceptions over the very foolish, brainwashed Americans. Amen.

It's a trick. It's a trick. Amen. And people are going to hate one another and betray one another. And then verse 11, many false prophets will arise and will deceive many, not just a few, but many people will be deceived by the false prophets.

Now, the false prophets it's really talking about more than anything else is the pre-trib rapture preachers and the two false prophets, or the two horns of the office of the false prophet, of the Catholic and Orthodox churches.

So we're talking about Pope Francis and we are talking about the leader of the Eastern Orthodox Catholic churches, the two horns, and they're going to deceive many people, including your family and your friends.

So it don't matter whether you're living in the urban areas or the rural areas, regardless of how far away you get from people.

If you're around people at all, when you go into town and you go for supplies, then those people are going to be asking

you straight out, do you worship aside? Amen.

And I've always said that I will not rule out that there will be a microchip.

I'm not going to rule it out, but the reality that the real and full mark of the beast is primarily mentally, emotionally, and spiritually about who you are worshipping and what holy days, whether it's Christmas or Easter or Islamic holy days, or whether it's the biblical holy days that determines whether you have the mark of the beast or whether you have the mark of God is the holy days and the worship of who you are worshipping and what name you're using to worship.

That is the true mark of the beast. Even if there comes a microchip upon this earth, even if that happens, you've got to understand that we're not fighting flesh and blood.

We're fighting demons. We're fighting spirits. And this is a spiritual battle above all else, even though the spirit and the flesh is connected.

And the spiritual and physical battle is connected. But that mark of the beast is primarily spiritual, but with physical manifestations.

The physical manifestations include a microchip, but it also includes many other things, including the halal mark that is on the products already and will increase dramatically. Amen.

There's many different things. False prophets. Verse 12, because transgression of the law will increase, most people's love will grow cold.

And that's what we are seeing is a lack of love, a lack of compassion, a lack of care for one another.

And this is worldwide of where they have programmed us to turn into robots, to turn into androids, to get computer jobs instead of being plumbers, electricians, instead of being people that are working with their hands and digging ditches, instead of working with horses and cattle, instead of working in the field, instead of working with a plow, instead of working on a farm, instead of making soap, making clothes, making hammers that people are sitting on their butts at a computer thinking that that's the best thing they can do for their family when they are killing themselves.

Amen.

And killing society. And it's a problem that goes back generations of our families lying to us, teaching the children wrong, teaching the children lies, and brainwashing the children that if you get a college education, you're going to be better off.

And if you sit on a computer job, you're going to be better off. And it's time that we set ourselves free from these lies so that we can teach our children that it's better to use a hammer, to work with your hands, to work with your feet, to work with your body in a manual way rather than sitting your butt down in a cubicle somewhere all day long. Amen.

It's time that we know the truth so that we can teach our children the truth.

But we also need to free ourselves. We need to free ourselves from the bondage that we have adopted, that we have embraced. Amen.

Just as I have set an example to the church today to free myself from the lie that I was a Native American because that's what I was brainwashed.

But I have to set myself free from that, and you have to set yourself free from how you have been programmed.

You don't have to stay stuck in how you were programmed. You can break free from the programming and not be a robot.

You don't have to stay a robot all the days of your life. There are ways of escape if you want to escape. Amen.

But the love have grown cold is because we don't know how to react, interact with anybody.

Like I said very recently on the Internet just the other day, I said I find it almost impossible.

I find it very difficult, very difficult to communicate on an intelligent level with anybody.

Communication skills on this earth have completely vanished. It's gone. Everybody's minds and brains have rotten away because of the computers, because of the Internet.

Verse 13, but the one who abides or endures or perseveres into the end, that person will be saved.

Now we read many verses that talk about that we are already saved. We can't deny that.

We are already saved if we have the Holy Ghost now. But that is a measure of salvation.

It's not 100% salvation. No one is completely 100% saved, no one, no one, no one, not even myself, 100% saved until we're turned into spirit.

Until then we're growing in the spirit. We're growing in completion. We're growing in perfection. We're growing in the truth.

We're growing in the measure of the Holy Ghost. We're growing in all these different areas and more, each and every one of us, hopefully.

And that's the purpose of persevering, continuing, not giving up, not backing out.

Not giving up, not giving up just because you disagree with me on something. Not giving up just because you don't like something I say or do.

Not giving up because of somebody else in the church and their sins. Not giving up, but staying on that firing line, staying as part of the army of the Lord, the family of Christ.

Not giving up, persevering until the end and not falling away. We have seen in this ministry person after person after person after person is countless.

How many people have fallen away from this ministry over the years? It's ridiculous.

But praise Jesus for each and one of you that have persevered. I'm proud of R.

I'm proud of other members of this church that have persevered. You may not be perfect.

I'm not perfect either. But we have persevered. And that's the point. But we've got to realize that the test ain't over with.

We're going to be tested more. Amen. We've got to have that forehead of flint. The Bible says forehead of flint. Amen.

I shared in the men's group the other day on Power of Syria. I shared this video of the two mixed martial art guys.

What's that called?

I forget what it's called right now. I can't think. But you have to see these two tough guys. And they come up to each other.

And the one guy screams in the other guy's face. And the other guy's response was just a smile on his face.

So that guy with a smile on his face, he has a forehead of flint, which means that his forehead, his mind is not soft.

He doesn't run away with his tail between his legs. He doesn't run away in fear. He doesn't run away or fall down and collapse with a heart attack like some people do from fear, literally.

But rather it doesn't bother him. It does not bother him that this monster screams in his face.

It doesn't bother him because he's mentally prepared for it. He knew that that moment was coming, that he would face his enemy, face to face, and that his enemy would try to freak him out. Amen.

He knew his enemy would try to freak him out. Amen. Persevere, verse 14, This gospel of the kingdom will be preached in all the world for witnesses of all nations, and then the end will come.

When it says this gospel, it's not talking about the Catholic gospel, the Trinity gospel, the false names of Jesus gospel, but rather it's talking about this gospel that you're hearing today.

It is this gospel that will reach into all of the world, into every nation, and that was never possible until Elon Musk.

So that's the beauty of it, is that Jesus is using Trump. Jesus is using Elon Musk to bring about these satellites, these internet, these waves that are reaching internet into the jungles and primitive and rural areas now, more than just five years ago, more than ten years ago, in the recent one and two years and even in recent months and even in recent weeks, the number of people with the internet in primitive areas have skyrocketed, dramatically increased, so that now they can find the ministry website of I Saw the Light Ministries.

If they want to, they can listen to these sermons. If they want to, they can read the AOB.

Now, this year, much more than ever before, that's the beauty of it, is that all things work together for the good, that God is in control, amen?

That is the beauty of it, and that should give us courage for the days ahead. That should give us courage for next month.

That should give us courage for six months from now, a year and two and three years from now.

Remember, if you want verses for the Great Tribulation to remember, remember that this verse right here teaches that God has delayed the end until more people could hear the truth.

Not that they would accept the truth. It doesn't say anything in this verse about them accepting the truth, but only that they could hear the truth.

That God is in control, and if God is in control, that should give us confidence, courage, boldness, to help us persevere, to put on that helmet of salvation, that shield of faith, that we walk in the Spirit of God with the mind of Christ as a warrior upon this dark earth, as messengers of light, as messengers of the captain of hosts. Amen?

That we have a great captain, that we have the general of generals, the greatest five-star, hundred-star, V-star general, Jesus, as our head of the church.

That he leads into battle, that he leads us into this battle of spiritual warfare.

That Christ goes before us, that he died on the impalement stake before we did. That he has set forth a great path for us. He goes before us. He prepared a place for us. Amen? Verse 15, therefore, when you see the abomination of destruction, which was spoken of through Daniel the prophet, standing in the holy place, that's in Heaven, let the reader understand.

The world does not understand this verse at all. Only you, out of eight billion people on this planet, only you, only eight people, nine, ten, fifteen, twenty people, understand and believe this verse.

You are special. You are special to God, Brother R. You are special to God, B. You are special to God if you believe and understand this verse the way I teach it.

Out of eight billion people, you are the apple of his eye. You are spiritual Israel. Amen.

Chosen, the very elect. Amen. That should give you courage. Stop shaking in your boots. You are the apple of his eye. You are chosen out of eight billion people on this planet. You are chosen.

Stop shaking in your boots. Amen. Verse 16, then those who are in Judea must flee to the mountains. That common sense tells us if the Great Tribulation is going to be in every nation, if the Assad Antichrist, as the Bible does say, will be given control over every nation on this earth, then wisdom, the logos, common sense, says that wherever you are, get out of the way of the train.

Get out of the way of what's about to hit. Flee to the mountains. Find safety. Prepare.

Get ready. You're not going to be able to survive in a house at that time. There's a time when we will have to flee. That time ain't yet, but that time is coming.

It's too dangerous to flee too early. Even as Jesus told me years ago, don't go there yet, it's too dangerous.

That was his words. We have to wait for his timing, not ours. His timing. When the time of fleeing does come, we'll know it.

Because God will move us out. Even as Lot was moved out. Amen? God himself will move us.

And I see that happening. Amen. I see it happening. Verse 17, whoever's on the house top must not come down to take the things out of his house.

More specifically, talking to those people that are in Israel right now. Judea, Samaria, right now in the Middle East.

That once that it happens, hey, guess what? Israel is already surrounded at that day and time after the strong delusion.

Israel is going to be surrounded with Russians and Iranian armies at the border. That's going to be extremely easy with the help of Egypt, with the help of Saudi Arabia, Turkey, Iraq, Iran, Hezbollah, Lebanon, Syria.

Extremely easy to surround them. So for those people, it's going to be pretty much too late to be gathering supplies.

He tells those people, run now! When you see that abomination of desolation, when you see that Antichrist, that false Christ in the sky, run now!

Because the armies are right there at your borders. That for other regions of the world, the armies are not yet at your borders.

You're going to have that 30-day window. Amen. But for those in Judea is much more oppressing, dangerous, and intimate situation.

but woe, oh, verse 18, whoever's in the field must not turn back to get his cloak, his coat.

But woe to those who are pregnant and to those who are nursing babies in those days.

But pray that your flight, your fleeing, will not be in the winter nor on the Sabbath.

Just pray that it won't be because she's concerned about how hard it will be to flee in the winter.

And he wants us to be able to keep the Sabbath when possible. But it might not be able to keep the Sabbath if we're fleeing.

And if so, be fine. Flee. Save your life. Amen. Even on the Sabbath. Amen. But he was concerned about those things, which proves that the Sabbath still exists in the end time.

It does. Verse 21, for then there will be a Great Tribulation, such as not occurred since the beginning of the world until now, nor ever will be again.

Which proves he's not talking about 70 A.D. Because 70 A.D. was not as bad as the 1930s and 1940s of the Holocaust. Amen.

So this verse absolutely proves he's not talking about 70 A.D. Because the Holocaust of 1930s, 1940s was worse than 70 A.D.

by huge amounts of severity. Much worse. But what's about to come is even going to be worse than that. It's going to be even worse than that.

But nevertheless, if we put on the mind of Christ, if we put on the helmet of salvation, if we put on the full armor of God, we can still bear it.

We can still bear, we can still tolerate that severity. We can still survive it, we can still persevere, we can still get through it, even if we die from being captured.

Some of you might end up being captured even if you flee. I cannot promise any of you that you'll never be captured.

I can't promise that. But rather you live or die, you've got to have the mind of Christ, you've got to have on that full armor of God, knowing that death is nothing and that you're going to wake up in God's wonderful kingdom.

So it's really nothing to fear. Amen. You're going to wake up and it's going to feel like you just went to sleep for a

moment.

The next second you open your eyes, you're in God's wonderful kingdom. Rather your spirit or rather your flesh, you're still in God's wonderful kingdom.

It's nothing to fear. But God gave us the desire to live, to survive. God gave us that desire and we should not push that desire away. He told the people to flee.

He didn't tell the people, stand there and be willing to die. No, he didn't. Jesus did not say, stand there and be willing to die. He said, run.

Obviously, Jesus wants us to at least try to survive because it's stupid to surrender to the enemy. Amen.

God gave us the natural desire to want to live. Even Jesus had that natural desire to live. Amen.

Did he not? Absolutely. Amen. But when it came time to die, he wasn't crying. When it came time to die, after he had actually been captured, been arrested and was being led to the impalement stake, he did not cuss.

He did not fight back. He did not stab. He told Peter, put your sword up and healed the soldier's ear. We should not kill the invading soldiers when they come to arrest us.

What are you going to do? Kill everybody in that army and you've got hundreds and hundreds of military officials?

You're stupid to try to kill one of them. You take self-defense weapons to protect you from the wolves, from the laughing hyenas, to protect you from the wild animals.

You take self-defense weapons to protect you from crazy maniacs that are on the loose, to protect you from zombies.

And self-defense in that way is not wrong. Self-defense against animals and zombies and wild maniacs, crazy ass people out of their mind, to protect you from themselves, to protect you from getting eaten alive, to protect you from carnival men that will be out there killing people and eating people, and that's exactly what's going to happen.

To protect you from those people, yes, you can kill them. But do not harm the invading soldiers that come to arrest you if and when that ever happens.

But follow the example, the pattern of Christ Jesus, that when he was arrested for his religious beliefs, for the truth, for the name of Jesus, for who he was in Christ, for who he was in God, and same thing with us, that if that's the reason we're being captured, if that's the reason we're being arrested, then we are to accept that martyrdom with honor, without fear, without crying, without shaking in our boots, without being wimps. Amen.

Whether we live or whether we die, as long as we do it with honor, amen, as long as we do it with honor.

And there is no shame in running for our lives, Jesus told us to do it, amen. And with honor will be the church, God's church, God's chosen, and continue to teach, continue to learn, and fellowship with one another, and help one another survive, and help one another grow in Christ, and help one another fellowship, and help one another learn to love, and learn to be humans, and learn to talk like a human being instead of a robot.

We'll be there for each other. We'll teach one another, arm sharpens arm. We'll learn from each other. We'll hold each other up.

We'll hold up the feeble knee. We'll help one another and support one another, and grow in that family, friendship, that brotherhood.

We'll grow as the army of the Lord, amen, and we'll see great miracles. We'll see great miracles to be encouraged, amen.

Let's go to 1 Thessalonians chapter 5, 1 Thessalonians chapter 5. Page 766. Now as to the times and the time periods, brother, you have no need of anything to be written to you, for you are yourselves you already know full well.

He's saying, I don't need to write it to you because you already know, because I've already taught you this, and you already understand this, you already believe this, you already understand, believe, and embrace this full well, that the day of the Lord will not come, but rather will come as a thief in the night.

He's talking about to the loss, as we see here as we keep reading. He's not saying that the Great Tribulation will come unexpectedly to the true church, but rather to the loss as we keep reading.

Verse 3, they, while they are saying, peace and safety, then destruction, will come upon them suddenly like labor pains, Matthew 24, right?

Labor pains are like a woman with child, and they will not escape. That's talking to lost people will not escape.

We're told to run so that we can escape. Revelation 12, that the church does run, she escapes, right?

But the lost people would not escape because they are called unprepared, spiritually, mentally, emotionally, and physically.

The lost world, the Great Tribulation, and even Jesus later on at the end of the tribulation, comes like a thief, meaning unexpectedly.

But this is not happening unexpectedly to us. So that, again, I keep telling you over and over and over, but it seems like

I'm talking to a wall.

This should be giving you courage and encouragement and boldness that it's not coming unexpectedly, that we know for the most part what to expect that God is in control, that He's given us the heads up.

This should encourage us, this should give us boldness and courage for that time.

Verse four, but you, brother, you are not in that darkness that the day would overtake you like a thief. Amen?

This verse right here proves that the traditional false church doctrine that Christ comes like a thief to the church, that that doctrine is wrong.

This verse proves them wrong. We're not like that. Verse five, you are all, each one of you, sons of light and sons of the day. We're not of the darkness, not of the night.

So then, let us not, spiritually, let us not sleep as others do, meaning be unprepared and be spiritually asleep, because this is what the false church is.

The false church is spiritually asleep, but we're spiritually awake. Amen. But let us be alert and sensible. If we're alert, then we're watching the world news.

We're paying attention to the social media posts. We're paying attention to the newsletters.

We're paying attention to what the Apostle Zimmerman is saying on social media because that is a high priority.

It is high priority to pay attention to what the church is teaching and saying and what's going on in the news and what I'm sharing.

Even if I'm sharing a joke, then if it is coming from the leader of the church, it's for a reason, it's for a purpose.

And you may not agree with all my mannerisms and my choices and my decisions, but you still need to be paying attention to what is coming down from the church, from the church leadership. Amen.

Have the right priorities. And instead of beating yourself up for your flaws, improve, change it. Amen.

Every sermon is an opportunity to change and to improve and to draw more into the center of God's will.

Every sermon, every week, after week, after week, after week, after week, after week, you don't have to ignore it.

You don't have to put it on the bottom shelf. You can take each sermon and say, this is exactly what I'm going to do different.

From here on, I'm going to do such and such different. And I'm going to make up my mind, I'm going to make up my mind, and I'm going to be determined that absolutely I'm going to do this different.

You don't have to be stuck. You don't have to be stuck. You can change. It's not impossible to change. Amen.

Verse 6. So then, let us not sleep as others do. Let's talk about spiritually and let us be alert.

Let us be sensible. For those who sleep, do their sleeping at night. And those who get drunk, do so at night. But since we're of the day, let us be sensible.

Let us put on the breastplate of faith and love. And as a helmet, the hope of salvation.

Verse 7. It's not saying you can't never sleep. It's not saying you can't never take a nap in the day. That's not what it's talking about.

It's not saying you can't never get drunk. It's not what it's talking about. But what it's saying is that we don't need to be spiritually, spiritually complacent.

We don't need the wrong priorities. And with the finances, we don't need the wrong priorities. Amen.

That if you're living in Africa or India, or even in the mountains of Tennessee, if you're living somewhere and you're living in poverty, and you're drinking it away, instead of building yourself up and making a life for yourself, then yes, then your drunkenness is wrong in that context, in that sense.

If you're drinking away your life and wasting your money on things you can't afford, if you could afford it, it would be a different matter.

But if you're living in poverty and drinking it away, then that's in vanity and in waste.

And you're not using wisdom to build yourself up, and you're not using wisdom to build up the church with your money. Amen.

Priorities, spiritually complacent, choices, decisions. Amen. And that armor of God in verse 8, we have got to put on that full armor of God.

And guess what? This is the last chapter before it talks about the Antichrist coming in the sky. Amen.

Get that. Even though it's a different letter, 1 Thessalonians and 2 Thessalonians, they were two different letters to the same congregation in the town of Thessalonica, whatever it is, but two different letters.

But that don't matter. That don't matter. Because by the plan of God, the two letters have been combined here in our Bibles today to where the very next chapter is the Antichrist appearing in the sky.

And we have just been told to put on the full armor of God that Christ ain't coming like a thief in the night to us, that

even the Great Tribulation is not coming unexpectedly to us.

So we can take this message and understand that God is in control and that we should take courage that God has given us the end time prophetic timeline connected with the Biblical holy days.

And who else on earth knows that? Only us. Only God's chosen elect. Amen. But Jesus warned us, and if we had kept reading, if we had keep reading Matthew 24, let's just turn there again.

Matthew 24. Because I'm leaving out something very important. How about false... The deception.

Of course we see in verses 23 and 24 false prophets. Yeah, right there, verse 24, I think, is what I want to point at.

Verse 24. Because false Christs and false prophets will arise and will show great signs and wonders so as to deceive, if possible, even the elect.

So we're going to have Pope Francis and the leader of the Orthodox Church, they're going to be doing such amazing miracles.

I believe they will even raise the dead, bring far down from Heaven. Great miracles, tremendous miracles, to deceive the people of the world in huge, huge, huge numbers.

Your family, your friends, your neighbors, the police, the military, the governors, the presidents, the prime ministers, all across the world of all languages, colors, nationalities, races, all of them, deceived.

Because it's going to be like, we saw him in the sky. We saw him in the sky. We saw him come down from the sky. It must be God.

They're healing the sick. They're healing the blind. They're healing the lame. They're raising the dead.

They're bringing fire down from the sky. Stones are talking. They must be God. They must be.

They must be God. That's what your family is going to say. That's what your best friend is going to say. That's what some of the people that already have been listening to this ministry for years are going to say.

Especially if it keeps them alive. They'll say it. They'll sell their birthright just to be alive. That's the reality.

We've got to have on that full armor of God, that mentality, that helmet of salvation that tells us that we are God's elect, that we have been forewarned, that we know what's coming, and that we're ready for it.

Get ready, soldiers. We're marching to war. Put on that forehead of flint. Put on that helmet.

Because we're going into a great battle of deception to where your family, your friends, your co-workers, the police, the military, the people on the news, the people at the source of the news, the military, the people on the news, the people at the store, and everybody that's going to pass by your house, that they are going to be Assad worshippers, and they will hunt you down and kill you.

You've got to get this mind frame that God is in control. That all these things must occur and will occur, and that you're ready for it.

Bring it on. Be ready for it. Stop shaking in your boots, especially you men. Take off your panties.

Grow a pair of balls and be brave. It is time to realize your identity as the elect, the chosen of God, that you are special to the Lord.

Put on this mind frame. Put on this mind frame. Amen. And keep that armor on. Don't take it off. Keep on this mind frame so that as the obstacles come, as the persecution come, as the hatred and the mockings and the spitting in your face like Christ Himself endured, when they strip you naked, when they cast your clothes for lots, when they tie you down, that you not be cussing, that you not be F-bombing, but that you be an example of light, that you be talking about the glory of Christ Jesus.

That your final words will be the words of a saint. Amen. That the people around watching you will be proud of you.

That your spiritual brothers and sisters will be proud of your final words, of the expression on your face, of how you are not shaking, of how you are not crying. Amen.

That your name may be written down in honor. Amen. Not in shame. Amen. Go to Ephesians chapter 6. Ephesians chapter 6. I know that we are all anxious.

That we can all be encouraged and emboldened. It's not impossible. Amen. We can all be encouraged.

We can all be emboldened. And take on that mind of Christ. Ephesians 6 verse 10. Finally, be strong in the Lord.

I know the strength of His power. By the power of the Holy Ghost, we can do this.

It's not impossible. By the power of the Holy Ghost, we can endure until death, or until He comes.

And not fall away. Not deny the name of Jesus. Even if a sword is at our neck. Not deny the name of Jesus like everybody else in the world is.

Forsaking Jesus. We will not forsake the name of Jesus no matter what. Amen. Amen.

That we would not forsake the Sabbath. The biblical holy days. There's nothing wrong with cooking on the Sabbath.

Nothing wrong with washing dishes on the Sabbath.

We've got to eat. We've got to be clean. But we can choose to try to reduce the workload as much as possible on the Sabbath.

That's easier for some people than it is for others. We can choose to try our best to make the Sabbath easier on ourselves.

But sometimes you have emergencies, and sometimes you've got to take care of whatever it is on the Sabbath.

Not be Pharisees about it, okay? That we will not forsake the Sabbath, sunrise to sunrise.

We will not go back to Christmas. We will not go back to the Trinity, or Easter, or Sunday, or the Baptist Church, or the Catholic, or the Lutheran, or the Presbyterian, or any of those false churches.

We won't go back to it. We won't compromise. We will not support, nor work for, nor attend these demonic churches that are worshipping the Egyptian sun god and the Trinity.

We won't do it. For we know the truth, and we have been delivered from the lies. And the truth shall make us free, baby. Amen?

We have been set free from Babylon. We have been set free from Egypt. We have been set free, baby, and we're not going back. And we're not going to say to Moses, why have you brought us out to the wilderness to die?

Why have you brought us out into the forest to die? Don't be like that. Trust in the Lord. Trust in His direction.

And whether you live or die, do it with honor, knowing that you have followed the instructions of the Church.

And if I lead you to death, then you be led to death. If I lead you to life, you be led to life.

But those that follow the instructions of a prophet will receive the reward of a prophet.

That's what the Bible says. Amen? He that receives the word of a prophet will receive the reward of a prophet. But do not mumble, mumbling, complain.

Do not be complaining and nagging and complaining and nagging and complaining and nagging.

I'm hungry. When is God going to send food? Why did you bring me out here to die in the middle of the forest? Oh, oh, woe is me.

Do not be like those Israelites after they had saw the miracles of the Lord as you have already. Amen?

You have seen miracle and miracle and miracle and miracle, even having the timeline is a miracle from Heaven.

Don't act like those idiots that had crossed the Red Sea and started complaining even before they crossed the Red Sea. Amen?

God is good and there is no shadow of darkness in him. If we are led into a dead-end road, God has a plan. Amen?

Even as they were backed up against the coast and they thought there was no escape, they were like, woe is me.

Why have you led us here to die? We could have died in Egypt. If we end up into a dead-end road, look up for your redemption draw of near. Amen?

Whether we live or whether we die, let's do it for the Lord Jesus. Let's do it in honor and let's do it in faith.

Let's do it in belief rather than doubting and complaining and nagging and complaining and nagging.

Whatever we do, let us do for the honor of the Lord. Amen? Reminds me of the scene in the movie, Facing the Giants. And I hate football.

I hate it, but it's a great movie. And in that movie, Facing the Giants, the football team, they decide to live for Jesus.

And in every, every football game, whether they win the game or lose the game, that they will still give Jesus the honor and the praise, no matter what, win or lose, live or die, that they still praise God, that they do not deny Him, that they still get down on their knees at the end of the game and praise God and thank God, whether they have won the game or lost the game.

And that must be our mentality, is to praise God on the mountain and praise God in the valley, to praise God in the desert and praise God by the stream.

Whatever situation we find ourselves in, living or dying, good times and bad times, daytime and nighttime, heat or cold, whatever situation we find ourselves in, to praise the Lord day and night, praise the Lord on your dying breath, praise the Lord on your dying breath, praise the Lord because the next second when you open your eyes at the resurrection, you will still be praising the Lord. Amen.

Praise God Almighty. Praise His holy name. Amen. Praise Jesus. Verse 10, finally be strong in the Lord. Not weak, not complacent. Strong, baby.

Strong in the Lord and in the strength of His might. Put on the full armor of the Theos so that you'll be able to stand firm against the methods of the devil.

For we do not wrestle against flesh and blood, but against the rulers, against powers, against the world forces of the darkness, against the spiritual wickedness in the heavenly realm.

Therefore, take up the full armor of the Theos so that you'll be able to resist in the evil day and haven't done everything

to stand firm.

Not having done 90%, not having done 99% of what you could have done, but 100% of what you could have done to stand firm.

Don't be the Laodicean church not one more day. You don't have to stay stuck into the Laodicean definition.

You can escape that mentality. You can start making a difference today and start doing right and make changes in your life.

Setting the right priority from this day forward to set the right priority. To stop delaying about writing down the certain Bible verses that you need to put on the mirror, to put on the door, to put on your laptop, to put wherever you need it. Even if it requires getting an attack too. If that's what you need to do, then do it so that you can stand firm in the Lord. Do whatever you have to do to stand firm in the Lord, whatever it may be. It is time that we become the radicals that they claim that we are. Amen?

But I don't mean that you have to jump ahead of the Lord. You need to do everything in the Lord's timing. Amen?

Verse 14, stand firm therefore. Notice how the word stand firm is written twice. At the end of verse 13 and beginning of 14. Stand firm, stand firm, stand firm. Amen?

Stand firm is written twice. Therefore, having girded your loins with truth, and having put on the breastplate of righteousness, and fastened your feet with the readiness of the gospel of peace.

That gospel of peace is where you don't curse out the people that arrest you. You don't curse out the people that will martyr them you, but rather you love them and realize that they are victims because they are.

They are victims of their false leaders, bad leaders, evil leaders. They are victims of demons.

They are victims of Babylon. They are victims of Egypt. They are victims of generations, and generations and generations that have programmed them. Amen?

And verse 16 in addition to all this, taking up the shield of faith with which you are able to stand to extinguish the seven arrows of the evil one, and take the helmet of salvation and the sword of the spirit, which is the word of God.

We need that word of God. And if there's anyone listening to me that has not yet read the entire Bible, including the Apocrypha, and when I say the Apocrypha books, I mean the books that appear in the Alpha and Omega Bible.

I'm not talking about Enoch because that's a demonic book. I'm not talking about Jasper because that's not Scripture either.

They contradict Scripture. Enoch and Jasper, they contradict Scripture. But I'm talking about the Apocrypha of what is found in the AOB Bible. And if you have not read the entire Bible, including the Apocrypha books that do appear in the AOB, if you've not read it yet, then it's time to get busy.

Busy. Time is short. Get together. Okay? Let's stop being complacent. Let's stop being lazy. And let's read if you haven't read it yet. And if you have read it, you need to read it a second time.

If you haven't read it two times, you better get busy. Get reading. And set your priorities. Because you need that sword of the word of God.

That sword might save your life one day. It very well could. Or somebody else's life. That sword is important.

But don't use that sword against me. Like some of you have. And I'm sick and tired of it. Amen?

I told somebody today in the church to shut up. Pride is the enemy. Amen? You've got to root and cut that pride out.

But that sword is important. We've got to know the word of God. Verse 18. Of all prayer and petition.

Pray at all times in the Spirit. It has nothing to do with speaking in tongues. Absolutely nothing to do with speaking in tongues. Praying in the Spirit is getting down on your knees or walking around wherever, whatever position, and being totally focused on God.

Your phone is turned off. Or it's somewhere else in another room. You're not being distracted by every little beep, beep, beep, beep, beep, beep on your phone.

You're taking real and true time out for the Lord. And you're pouring out your heart to the Lord.

And you're seeking the Lord. And you're crying out to God. Amen? We've got to do more than pray in the Spirit.

We've got to walk in the Spirit. And that has to do with that helmet of salvation is that we've got to walk with the mind of Christ as the Bible says that we have the mind of Christ.

It says it. And what this means is knowing who you are in Christ and walking with that mentality that God's in control and that you must walk and watch every step you take to not walk in the shed.

Because that's easy to do, to step in it. Because it's everywhere. It is everywhere. It is everywhere.

It is everywhere. It is everywhere. So you've got to be careful where you walk. Walk righteously.

But not as a Pharisee. A Pharisee is the letter of the law, the letter of the law, the letter of the law, the letter of the law.

Don't walk as a Pharisee. Amen? Walk as Christ walked, knowing when to show mercy and when to condemn. That

comes by having the Holy Ghost.

And that is what it means to pray in the Spirit and to walk in the Spirit, is to live in the empowerment of the Holy Ghost.

That the Holy Ghost is leading you when you can say shit and when you can't say shit.

When to open your mouth and when to shut up. The Holy Ghost should be leading you.

If I tell you to shut up, the Holy Ghost has not been leading you. Because I would never tell somebody to shut up unless they needed to be told to shut up.

The Holy Ghost should be leading us about what we're posting. The Holy Ghost can tell you or lead you.

Post a joke. The Holy Ghost can. Jesus had humor. He did. Jesus had and has a tremendous, wonderful humor. The Holy Ghost can lead you to tell a joke.

The Holy Ghost can lead you to watch a movie. The Holy Ghost can lead you to relax, to rest.

The Holy Ghost can tell you to shut your mouth and do not post that. The Holy Ghost can lead you to stop being over-condemning and over-legalistic and over-judgmental.

The Holy Ghost can lead you in many different ways. But we need to take time to feel, to discern, to hear how is the Holy Ghost leading us compared to how we're leading ourselves.

While the Holy Ghost really is saying and what we're really just making up in our minds and claiming it's God.

We need to grow in that measure of the Holy Ghost to where the Holy Ghost tells you, don't say that.

It's not God. It's your mind. It's your mind. It's your mind. It's your imagination. So don't say it. Don't share it. Keep quiet.

You've got to learn it. It takes time. It's a journey. It takes time. Sometimes I don't know whether it's God or whether it's me. Because that's human.

That's being human. But other times I know it's God. And other times I know it's me. And so I try to shut up. Amen.

But as you get older as a human and as you get older in the Lord, you grow as a person.

Your personality, your character. And you learn lessons the hard way. And you're going to make mistakes. But you will learn from those mistakes.

You will learn when I have to correct you. You will learn to humble yourself. You will learn to control your words.

You will learn to control your actions.

You'll learn to control yourself to not be over-academic and over-judgmental. You'll learn different things about life.

You'll learn about mental illness. You'll learn about schizophrenia. You'll learn about ADHD. You'll learn about things if you're willing to learn.

But this mentality of not being willing to learn is stubbornness. And so many people are just stubborn, stubborn, stubborn that they are not willing to learn and it's got to be their way and they won't listen to me.

They won't listen to me. No matter how many times I tell them over and over and over, it just goes in one ear and out the other.

And that's exactly what I'm seeing. I have to just say it the way it is so that you can wake up. Amen?

I want everyone to wake up. We don't have to be spiritually asleep. Amen? Let's put on the full armor of God. It's important now more than ever before. It's important more than ever before in our entire lives to put on this armor of God.

I praise the Lord that Jesus spoke through Simon to request John to make the mute of the army, of the full armor of God.

Going back to 1 Thessalonians 5, verse 8, it talked about the breastplate of faith and love.

That reminds me of that verse in Matthew 24 that the lawlessness will increase so love will wax cold, love will grow cold.

We have to have that breastplate of love, compassion, care for our sisters, for our brothers, for the weakest members of the Church, for those struggling with mental illness, real mental illness.

Some people claim to have mental illness when really it's pride and just having a big mouth.

Some people just have a big mouth. But some people have real and true mental illness and we need to lift them up and help them.

And it is really hard when you don't have enough help. I praise God that help is on the way.

Help is on the way for all of us. And none of you are going to be alone. You're going to have family and friends. You're going to have people that you have been witnessing to that's going to wake up.

Some of you. Some of you are going to have family and friends to wake up. Amen. And if not, then you're invited to join our clan.

I was watching a video, I don't know if it was last week or this week, I was watching a video with my wife about the Cherokee Native American Indians and how they have clans which are families within the Cherokee Native American nation.

So they have different families and I forget, one of them was called the Longhair clan.

And sometimes black people when they escaped slavery or was given their freedom or whatever happened and they married a Native American and the Cherokee Indians would say, okay, we adopt you and we welcome you in regardless of your race.

Whether you was a white person, a black person, Mexican, it doesn't matter. If one of their fellow male or female Native Americans, Cherokees, if they married that other person of another race or of another nation, they would be, we adopt you, we welcome you in, and we assign you to this clan.

And if they didn't know what clan to assign you to, a lot of times it was the Longhair clan.

It was the default clan to assign new people into. In some cases in a certain aspect, a certain generation there wasn't always the Longhair clan but became, eventually became the Longhair clan, became the default.

But mostly because that some of the newer, as we get closer to the modern age, they didn't want to bring in these other races.

But originally they were more welcoming. Originally they would not default you to the Longhair clan but assign you to a more appropriate clan depending on different variables.

And they were more welcoming originally to the newcomers by marriage. So if we adopt you, regardless of your language, regardless of your color, regardless of your tribes of another nation, if you are adopted through baptism, if you come into the truth, you keep the Ten Commandments, keep the biblical holy days, come out of Babylon, reject the Trinity, reject the Babylonian doctrines, then we now accept you into my clan even if I'm not Native American because I am Longhair.

And then I'm Longhair. And the Longhair were not originally Cherokee but they got adopted in.

And I think we are all adopted in to the Israelite clan. Amen? We're being adopted into the Israelite clan. And you are welcome to come and be part of our clan or we'll reach out to you.

And we are a clan of honor. Amen. We believe in honor and there's no honor in this earth except for in this clan. But we are definitely seeing you through boot camp. Amen.

Because there's a lot of work to be done. You can't just come in and think you're going to be lazy. There's work to be done.

And everybody has to go through boot camp. Amen. God is good, chat room is now available. I have my phone with me this time so we'll check telegram and text messages for messages.

And also this DNA theme situation brought me back with my nephew that I am extremely close to and have not talked with for a while.

It brought us back together. Praise Jesus that my nephew Tommy and I have been reunited because I had to reach out and tell him the news.

And he embraced it because he loves the truth. Amen. I praise Jesus for reuniting me with my nephew Tommy. Brother John, he quotes Romans 13.

Love does no wrong to a neighbor, therefore love is the fulfillment of the law. I do this knowing the time that is already the hour for you to awaken from sleep.

For now, salvation is closer to us than when we first believed. The night is almost gone and the day is near.

Therefore, let us lay aside the works of darkness and put on the armor of light. Wonderful, very extremely relevant and I am impressed.

Brother John, thank you for sharing Romans 13 verses 10, 11 and 12. And I will be watching for other messages.

R, you got anything to say? And I see that Philippians starts right on the end of the page.

We've got to fix that. Page 759. So Brother John and R can send me a note that the beginning of Philippians needs to be changed to another page because it's starting at the very bottom of the page without any content.

So we need an update, change that. I praise Jesus for this message that He's given us today.

I know this message has come from the Lord Jesus. Praise God. And good to hear from you, Gary, from Oklahoma.

Good to hear from you and it's good to see each and every one of you that are listening.

Out there, Oklahoma, where the Cherokees were sent. Amen. B, you got anything? You want to see them, do anything, say anything?

Look all for good, honey. Look good today. Always. Sister P will be arriving Tuesday and so the next time we have worship services you'll be hearing her and she'll be with us and we praise Jesus for that because I sure need the help.

All of us, R, B, me, and you need the help and she's going to be a tremendous help to the ministry.

I know it. And Decypher, he says, is it possible that the 144,000 Israelite virgins are the ones who are to be sent to the ends of the earth in Matthew 24, 14?

Yes. That is another application of that. However, if we look at that verse, as I'm turning near to Matthew 24 right now, verse 14, this gospel of the kingdom will be preached in all the world for witness unto all nations and then shall the end come.

Notice what the next verse is. The next verse is the Abomination of Desolation. So there's two applications of verse 14. And I believe that the primary application is the internet being available to the whole world through Elon Musk and his satellites so that the next thing that happens is the Abomination of Desolation.

And notice that the abomination of desolation happens as the very next thing after the whole world receives this rural internet connectivity.

So the primary fulfillment has to be Elon Musk, that God is using him, even though he's an evil man that's bringing, causing us to be robots, even as the Bible says that he is using even the Antichrist and he's using even Satan, God is. So he uses the bad, he uses the good, he uses all things for the good. And then the second secondary fulfillment will be later on the 144,000 using I think the internet will still be available through the Antichrist system of the system that Elon Musk helped set up.

I think it will still be available because how it says that the two witnesses that the world will rejoice when they die, the two witnesses that belong to Jesus, that the world will see their dead bodies laying in the streets for three and a half days.

So that tells me you're still going to have TV, you're still going to have the internet, that the world can see the two witnesses.

So I think that the 144,000 will still be using that Elon Musk internet even at the end of the tribulation, or the final year of the tribulation rather.

So I think that's a second fulfillment and still has to do with Elon Musk. However, when we're talking about the world, seeing and still having the internet and still having electricity, I'm talking about Russia and China.

I'm not talking about America because America is going to be destroyed right at the beginning of the Great Tribulation. In one day, America is going to be destroyed for the most part. There will be remnants of America because the Bible promises us that God always preserves a remnant.

And God is not going to wipe out the tribe of Manasseh, which is what America is primarily.

He's not going to wipe the entire Manasseh tribe completely off the face of the earth.

He ain't going to do it, amen? He won't allow it. God is in control. But huge chunks of America will be destroyed.

I don't think you're ever going to have electricity and internet in America ever again.

I really don't think so. So when we're talking about the world, still having electric and internet and seeing the two witnesses in the final year of tribulation and the 144,000 witnessing to the whole world in the final year of the tribulation, I'm talking about Russia and China because they're not going to be destroyed until the end of the tribulation. And then they'll get their turn and they'll get their spanking and it'll be their time to be destroyed in Syria and Saudi Arabia and Rome and Italy will have their time to be destroyed at the end of the tribulation.

Anything else, R, you got anything? B, you want to sing a song? Or just read a song? Baby boy.

Baby boy, he's watching, he's listening, he's learning. Yes, he is, he's learning.

WRWCC, she says, another way I feel that God may be using or directing Trump is his pick to run his White House faith office, Paula White.

I have only seen a few short clips of her speaking, but it is disgusting the blasphemous things that she preaches. Amen. If she does come into that leadership position, she may be certainly be considered one of those false prophets who will arise and mislead many and thus cause family and friends to betray one another.

I agree, Paula White is of Satan and it's horrible that Trump did choose Paula White, a woman, to lead the White House faith office, which is a good office, is a good ideal for the government to protect Christians from being persecuted.

That's a good office. But to choose a woman to lead that, and especially Paula White, she is demonic, her teachings are demonic, and I am discerning right here right now a spirit of witchcraft associated with her, even as it is very strongly with Benny Hinn is definitely a warlock, a witch.

Benny Hinn is definitely a witch and very, very demonic, and I sense that very same thing with Paula White, some kind of relationship there.

Somebody's asking me to speak on Purim. So at this point of time, I'm still expecting a very extremely high probability of the Purim prophecy, the strong delusion to occur this year, less than 30 days from now, the Purim of 2025.

Everything indicates that. Everything, absolutely everything indicates a fulfillment this year in March of 2025. If I'm wrong, I would rather be called a false prophet. I'd much rather be called a false prophet rather than to lead people to believe that it is far away, years away, because that would be a very dangerous direction to take the Church in.

We need to be awake and alert for the tremendous, extremely strong possibility that we're about to see the Great Tribulation begin.

The pro-Assad forces continue to fight in Syria. They have not given up. Assad has never said anything that he has surrendered. Assad has never said anything to indicate that he's given up.

He still controls Hezbollah, absolutely, without a doubt. Hezbollah is still very strong.

Don't let them deceive you. Hezbollah is very strong. The new president of Lebanon is using his military to fight for Hezbollah, which was a surprise.

So Assad still has a military. He still has the nation of Lebanon. He still has Hezbollah. It's still strong.

He still has Iran. He has Russia. So Assad still has a lot of power. You can see Assad is kind of like the wife being the power behind a lot of men.

The wife is the real power. Assad is the real power behind Iran, Hezbollah, Lebanon, and Iraq and Russia.

Assad is the real power between all of those nations. He's the real power behind the scene.

So he is not powerless. So there's no reason to not believe that it's about to happen.

As I said in a newsletter very recently, I'm expecting for Israel to attack the nuclear facilities of Iran.

Now, I could be wrong on that, but I think that is the main theme that is going to ignite these events very soon.

And that could be actually on Purim. We might not see it before Purim. It may actually be the attack on the nuclear facilities in Iran actually on Purim.

That's a possibility. I'll answer a question here. So I sent you an answer there. So answering questions there.

I sent you another message as well. Thank you for the question. Thank you for your love and for your concern. Let me check anywhere else.

R, you got anything? If I'm skipping anybody, I do apologize, but I have looked at everything that I can see.

So if I skip you, it's only because I don't see you. I appreciate everybody's prayers and support and encouragement.

Also, the Hurricane Helene and the more recent flooding, just in recent days in western North Carolina, Kentucky, West Virginia, these areas, they are very, very, very powerful confirmations and foreshadowings of Revelation 12 and the strong delusion.

They are. They are. So they're confirming also what we're headed for in the next 30 days. These recent floods and hurricanes and disasters in America, they are very strong confirmations of what direction that we are headed.

They're confirmations of Revelation 12.

God is good. Thank you for listening. God bless you.

See you next week. Y'all come back now. You hear? Amen.

How do I turn this thing off? LOL

God bless you. All this in Jesus' name. Amen.
