The Entire Earth Will Shake. Day of Atonement Sermon
October 2, 2025

Disclaimer: This transcript is computer-generated and may have mistakes or inaccuracies. Though for the most part, the software does a really good job.

Let us go in prayer. Lord Heavenly Father, very blessed Day of Atonement.
This most holy day of your calendar. This day that your church will be united with you.
This same day that the wrath will begin upon the wicked, which they greatly deserve.
That they have suffered many years or several years of judgment even before then.
That this entire earth will shake, and every one of us, both righteous and wicked, will feel that shaking.
And our entire world will change, and that's good. Because this world is nothing to be held onto.
We thank you, Lord Heavenly Father, for letting us know about the importance of this day.
And calling us to it. Calling us to these biblical, great, and wonderful days. Calling us to your kingdom, to your chosen assembly, and to yourself. For this is the day of our marriage supper.
This is the day of the bride and the groom being united. This is the day of separation of the righteous and the wicked.
Those that keep your biblical holy days, and those that do not. Because they totally refuse it.
Father, we lift up to you the Jews that suffered the terror attack in Manchester, England today on this holy day.
We know that they are in much deception in Judaism. But at least they keep the ideal of the holy days and the Sabbaths as you have commanded all mankind and all tribes and all nations.
And it is not right that they were attacked on this day. It is not right that the wicked attack people of faith, people who believe in Jesus, try to serve Jesus.
The wickedness in this world continues to grow and multiply greatly every month. This is an extremely dark world that deserves to be annihilated.
But we praise you heavenly Father that through this darkness we can see the light and there is hope and there is redemption.
That salvation is still available, the truth is still available. That we can still be delivered.
That there is a finish line. That Satan's kingdom will come to an end. That you will not allow this darkness to reign forever. And as what this day represents, as that darkness will not reign forever.
We pray that we will be accountants worthy to fulfill our destinies, become complete in Christ, and enter the fullness of the kingdom at the time of paradise.
Or even sooner. We pray that we not be cast away ourselves, not be accursed, but enter into the gates of New Jerusalem.
Father we pray for your special anointing on these services. On the sermon, on the message, please give me the energy and the strength, your anointing, your blessing, to deliver this message.
We pray for the internet to work well, for the internet connections to be good, for people to listen live.
And we pray for brothers and sisters to gather together, to press past the pain, to press past the sickness, the weakness and agony.
And to be determined to gather here with us. To gather against the odds, against the obstacles, against the stumbling blocks.
That they would be determined to show up, to attend, to assemble on this most holy day.
We ask that you give them strength and help. We ask, Lord, that it be done, for nothing is impossible.
If we seek a way, you will make a way. We believe it and we claim it, in Jesus' mighty name.
And the church says, Amen. You may be seated.

Let's turn to Matthew 24. We know that this is a list of things that Jesus says that we should watch for as a sign of His return in the end of this world, the end of this age.
We know that what's not included in this chapter is look for the rebuilding of the temple.
But what is listed in this chapter includes verse 6. Now let's start in verse 4. Verse 4, Jesus answered and said to them, See to it that no one deceive you. For every word we look, everyone is deceived.
We need to add a reference to that. We'll add Revelation 12:9 where it says that the whole world is deceived.

The whole world is deceived according to that reference that we're adding right now, Revelation 12:9. The whole world is deceived. Not just a small fraction of the world. Not just only one denomination, but the whole world. That would be almost every Christian and almost every religious person on this planet of all the different religions and denominations, almost everyone. And really everyone, including us at some time in our lives before we did come to the truth. To not be deceived at this point of time is a miracle. And God performed a great miracle out of His mercy and out of His grace to show us the truth. That's why we believe in grace, preach grace, and by grace we are saved even though we must obey and keep a lot of commandments, a lot of law. But it was very merciful of Him. Out of eight billion people on this planet, that He chose us, the black sheep, the underdog, the outcast, so that no man shall boast. He chose the lowly instead of the rich, instead of the powerful, so that no man may boast, that he be glorified. Amen. Verse five. For many will come in My name, saying, I am Christ, and will deceive many. You'll be hearing of wars and rumors of wars. See that you're not frightened. Listen to this, women. Listen to this, soft men. Don't be frightened, for those things must happen, must take place. But it's not yet the end when you only hear of rumors of wars. For race and nation arise against race and nation, and kingdom and realm arise against kingdom and realm, and against places there'll be famines and earthquakes and hurricanes. But all these things are the beginning of birth pains. When we think of birth pains, there's several months of birth pains and sickness and vomiting. And it increases until the actual birth, which is very dramatic and very painful, if done naturally. But it doesn't have to be painful. It's less painful if done in water, if done with faith, with confidence, with courage, with breathing exercises, and with support. And as we start the Great Tribulation, it could be very frightening and very painful, but it don't have to be if we have support, if we have courage, if we have faith, if we know that we're prepared. We don't have to be frightened, but we have to be prepared. You have to prepare for that birth. You have to be prepared for that day. That if we're prepared for it and know what to expect, we get through it much faster, much easier. Verse 9, then they will deliver you out to tribulation and will murder you. And you'll be hated by all nations because of my name. I know that this is primarily talking to the true church, but it's also referring to anyone that believes in the name Jesus or believes in the Holy Days or the Sabbath or even the Bible. As compared to the Koran and atheism and Buddhism, we see the attacks on the Mormon church up in Michigan a couple of days ago and today on the Jewish synagogue in England. But there's many others that are happening on a regular basis. Churches, many of them we don't hear about because we have other things to do than just watch the news 24 hours a day. Many of them are not very widespread, talked about. They don't always spend two hours talking about it on the news or several days talking about them. But there is actually a very common theme, a very common theme, Christian churches and synagogues worldwide. Not just in Uganda, not just in Nigeria, but worldwide Christian churches and synagogues on a regular basis attacked. And even though that's a Bible on, it is symbolic and it is very much related to the hatred of God's true people. The wicked, a lot of the wicked, they don't know the difference between a false Christian and a true Christian, right? They don't know the difference. So for them, it's the same thing. It's the same spirit, it's the same mentality, it's the same wickedness. So we can apply this verse toward all of this hatred of the false Christians as much as we can apply it to the true Christians. Because the wicked, they don't know no difference. They're going to hate Christians. They're going to hate Jews. They're going to hate Israel. They're going to hate people that believe in the Bible, and that's Jews and Christians both, and false Christians and true Christians. People that believe in the Bible, they're going to be hated. And the hatred that we're seeing is greater now than any time in my entire life, and I'm not a young man. And it has greatly increased in the past few months, greatly. This is a great sign.

Verse 10, and at that time many will fall away and betray one another and hate one another.

We've seen a lot of people leave this ministry over the years, and they hate me with a passion when they leave.

And they never repent. As a majority, in general, people never repent, and they won't.

It's not going to happen. When one person does repent and return to God's true Church, it's a miracle, and it's extremely, extremely rare.

As a majority, in general, they fall away, betray one another, and hate one another.

But that's also going to apply to false Christians as well. Mormons attacking Mormons, Jews attacking Jews, Baptists attacking Baptists.

And it's going to increase even more in the Great Tribulation in that first 30 days and the months after that, as the Antichrist rises to power, the President of Syria, as he returns to power, there will be people of different denominations that say, hey, I saw him coming in the clouds as prophesied in the Bible, or I saw it on the news, the video of it, and therefore I believe, and I saw it.

It didn't happen the way I thought it would happen, but I saw him coming, and therefore he must be God, and they will betray one another and report one another, your own family, your own family, your own friends, your own church members, your own pastors to call the police on you saying that you're not worshiping the Antichrist, because it will be law, it will be law that you have to worship Assad, and they will arrest people and behave people and put people in concentration camps.

All of this is coming.

Verse 11, many false prophets will arise and deceive many.

That includes the false prophet, both men, that's the head of the Roman Catholic Church, the Pope, as well as the head of the Eastern Orthodox Churches, and then many other false prophets as well, and deceive many people, not a few, but many.

Verse 12, because transgression of the law, people not keeping the Ten Commandments, people not paying their tithes, people not loving one another, it says that people's love will grow cold, increase in hatred.

Verse 13, but the one who abides, endures, or perseveres until the end, until Jesus comes, or until the end of the 1,100 years, whichever the situation may be for you, that person will be saved.

So the salvation is not complete and finished until we actually make it in to paradise or heaven, whichever the case may be, whether you rise in the first resurrection or second resurrection.

We receive a measurement of salvation in this life, but we have to increase in that measurement of salvation.

We pray for more of the Holy Ghost, we repent more and more every year, and learn a greater faith every year, grow in the measure of faith every year.

We have to endure until the end, not fall away, not betray one another, not fall away from the Church, not be part of that falling away, and stay in the Church.

You cannot leave the Church and stay saved. You cannot do it. If you leave the Church, you're lost until you come back to the Church. People think that they can go all by themselves, be by themselves, not need a pastor, not need a Church, not need brothers and sisters, not need a congregation, and just only do the Church of YouTube and think that they're saved.

And that's totally contrary to Scripture. You cannot stay at home in Morristown. You cannot stay at home in Knoxville. You cannot stay at home in California.

If you want to be part of the true Church, you need to move here and be part of the true Church.

I'm talking to the Americans. I'm not expecting people from other nations to come here.

But if you want to be part of the true Church and you're in the United States, you can't do it outside of Tennessee because there is no other true Church in Tennessee, I mean in the United States.

This is it. This is it. There might be a small gathering somewhere that's not on the Internet, that don't have a website, but as far as one that is actually being public with their existence and have the ways and means and knowledge of how to run a website, we're it.

This is the reality. But God wants His people to gather together, not be alone. But if you go back to verse 7, the word earthquake and hurricanes, that's what we're going to focus on today, although there are many different signs.

And the main sign is going to be verse 15, the abomination of desolation, which will occur on the date of Purim of whatever year, that's 30 days before Passover.

That's the main, biggest sign right there, the appearance of the Antichrist. That's what that is, the abomination of desolation is the appearance of the Antichrist, that's the biggest sign.

But verse 7 talks about earthquakes increasing, all these other things, hatred increasing, all these different things. But as far as earthquakes go, there's always been earthquakes, there's always been war, there's always been hatred, but these things are increasing.

Both inside the major earthquake zones and outside those zones. Very recently, we've had multiple huge earthquakes around the border of northeast Russia, north of North Korea, Alaska.

But most recently, we had a very minor earthquake here locally. It was only a 2.3.

So most people say, why would you ever, ever, ever even mention a 2.3 that is really extremely small?

And most of the time, I would never mention an earthquake less than six or seven, because that's every day across the world, that's not significant.

But for me, a 2.3 was significant for multiple reasons. For me, for my life, and for this church, for God's church. Something small can be significant when you have multiple other things combining with it.

One of the things we're talking about, in addition to being a 2.3, is that it was centered only 1.3 miles away from this location right here.

Only 1.3 miles. That's mind-boggling. Within walking distance. I know some people live in California, and they're used to shaking.

But we don't live in an area where there's constant shaking and where we're used to that.

I have never in my entire life felt an earthquake, and I'm not a young man. For an earthquake to happen in this town, only one mile from this location, to me, is significant.

It was strong enough to knock a couple things off the shelves in the living room.

It was strong enough to wake everyone in the house up. So it was not so small that you couldn't feel it.

It did knock a couple things over. But another significant thing about it is that it had occurred only one week later after a previous prophetic revelation.

On that week earlier, I had woken up around the same time of the morning without an earthquake.

Woken up in the middle of the night, and the thought process is going through my mind.

And eventually that morning, thinking about, hey, there is Islamic prophecy about the Maori fighting someone in Syria for control of Syria.

I need to look up that information. Who is that? How long does that last? How long does that person rule Syria before the Antichrist manifests?

So I looked it up, and lo and behold, very mind-boggling, very shocking that the Islamic prophecy says that the ruler of Syria would rise up, fighting other Syrians for control of Syria, and then stay in power for 15 months.

And then the Maldives, which we call the Antichrist, would then be revealed. 15 months.

So from the time that Assad was overthrown until Purim of this next spring is 15 months.

It fits. And that's amazing. That's absolutely amazing. So that's a major, major end-time prophecy.

And to wake up at that time of morning, followed by one week later, the earthquake waking me up.

And I can't promise you that it was the exact minute of the exact same time, I'm not for sure.

But I feel like that it could be. I feel like that it was extremely close to that time.

And I feel like that the reasoning for the local earthquake being only a mile away from the house is saying to me, to talk about it, that it may be very insignificant to other people, but it's significant to us.

Things do not have to be huge to be significant, if it's in the right time and right location.

It don't have to be huge to be significant. I feel like God is saying to me, tell the people that more shaking is coming.

That I will shake the earth. That everyone will feel an earthquake. Multiple earthquakes. That these things are only the beginning.

That these things are only the beginning of birth pains, but it's going to increase in time and location and intensity.

That every one of you will feel earthquakes soon. Let's look at some more verses.

I'll come back to the next two on the note, come back to those later. We're going to jump to Revelation 6:12.

Revelation 6 verse 12. And I looked when he broke the sixth seal.

And it was a great earthquake, and the sun became black as that cloth. As hair, and the entire moon became like blood. And the sky was split like a scroll. Amen. And every mountain and island moved out of their places. That's a great commotion right there.

We got islands, mountains, moving. That's earthquakes, amen. Huge earthquakes, major earthquakes. That's like 9 and 10.0 earthquakes. Amen.

Verse 15. The kings of the earth and great men and commanders and rich and strong and ever slave and free men hid themselves in the caves and among the rocks of the mountains.

They said to the mountains and to the rocks, fall on us and hide us from the presence of him who sit on the throne and from the wrath of the Lamb. Amen.

The great day of the wrath has come who is able to stand. A lot of people misunderstand this. When that sixth seal opens, they think Jesus is coming that day or the wrath is starting that day.

It sounds like that. But to believe that Jesus comes that day or the wrath begins that day, you have to stop reading at that verse and not read the book of Revelation.

Right. You have to stop reading there. That's only the end of chapter six out of 22 chapters. So people read that and they stop reading and teach that Jesus comes back that day.

That's the sixth seal. What about the seventh seal? The seventh seal has seven trumpets. What about the seven trumpets?

You got to read the whole Bible. You got to read all the book of Revelation. Really, these are announcements and maybe even the way they are thinking, maybe they thinking Jesus is coming back that day.

Either that or and that announcement of things to come. It is one year from the day of atonement.

One year left. One year left when we see this. Now this is going to occur on Pentecost, the sixth seal opening on the day of Pentecost of one year before we call up into heaven if we are part of the first resurrection.

The earth will shake that day greatly. The entire earth will. On that day of Pentecost. You think of the day of Pentecost.

It was very traumatic in the book of Acts. It will be very traumatic on this date, on that year.

Let's read other verses. Chapter eight. Chapter eight, verse one is the seventh seal. Then it talks about seven trumpets in verse two.

Going down to verse five. Looks like it is the first trumpet. It mentions thunder, lightning and earthquake. So multiple earthquakes.

Different days. Multiple earthquakes. These are huge earthquakes.

Chapter 11, verse 13.

In that hour there was a great earthquake and a tenth of the city fell.

Seven thousand people were killed in the earthquake. The rest were terrified and gave glory to God.

The second world was passed. The third world was coming quickly. If you look back in verse 12. Come up here.

That is the day of atonement. When we are called up into heaven at the first resurrection.

That is the day of atonement. So that is this date. But in the final year of the great tribulation. So we have the day of atonement.

The day we are called up. Which begins the wrath. Being a great earthquake killing seven thousand in Jerusalem. Seven thousand people to die in Jerusalem.

And one year before that on Pentecost. A great earthquake as well. As well as maybe a few days after that. With the blowing of the first trumpet.

So you got Pentecost. The opening of the sixth seal. And then the fiesta of trumpets. So each of the holy days.

You've got Pentecost. For the opening of the sixth seal. Then you've got the fiesta of trumpets. And the blowing of the first trumpet.

Both the same year. Which is the beginning of the final year of tribulation. And then you come to the end of that year.

The day of atonement.

Having another major earthquake. So now we are talking about three major end time earthquakes.

All three on the biblical holy days. That's something I never understood until this moment right here.

We're learning together. Earthquakes on all three of those holy days. Then look at Revelation 11 verse 19. This continues to talk about that day of atonement.

And we'll call up verse 19. The temple of God which is in heaven was opened. And the ark of the covenant appeared in the temple. That only occurs only on the day of atonement.

Once the ark was placed into the temple of God. Once that did occur in history. From that moment on. It was only on the day of atonement that any human could see.

And it was only the high priest. But it was a human high priest. And only on the day of atonement could any human see the ark of the covenant. Once it was moved into the temple.

This will be seen. It will be seen. Ark of the covenant. And there were flashes of lightning.

And sounds and pearls of thunder. And an earthquake. And a great hail storm. So that same day of atonement.

We go down to chapter 12. And we look for the verse about the earth warping up to swallow. Verse 16. Thank you.

Chapter 12 verse 16. The earth helped the woman. Talking about the true church. Us. And the earth opened his mouth. And drunk up the river which the dragon poured out of his mouth. If the earth is opening up to swallow. This flood of. Whether it's a physical water flood. Or whether it's an army. Or both. Because this is symbolic of an army. A military. But it could be physical literal. For water floods. Or it could be both. I think it's both. Could be different. In different locations. In one location it could be a flood. Of water. In another location it could be an army. It could be multiple events. In different locations it could be. Either way. The earth opening up. If you're standing there when the earth opens up. You're going to feel the earth shake. Amen. And this will be on a holy day. There's a reason I'm not saying which holy day. But the church knows. The true church knows. That it will be on a holy day. I have to use wisdom. Because the enemy is also listening.

Chapter 16 now. Go down to verse 18. This is at the battle of Armageddon. This is at the last trumpet. The seventh trumpet. The seventh angel in verse 17. Poured out his bow upon the air. And a loud voice came out of the temple from the throne. Saying it is finished. And there's flashes of lightning. Sounds and pearls of thunder. And it was a great earthquake. Such as there had not been. Since mankind came upon the earth. So great an earthquake. So mighty. The great city. Jerusalem was split in three parts. And the cities of the nations. Not just Jerusalem. But the cities. Of the nations. Failed. Babylon the great was remembered before Theos. He heard the cup of the wine of wrath. Of his anger. And a huge hail. About a hundred pounds each. Hailstones of a hundred pounds each. Came down from heaven upon the people. And people blasphemed God. Because of the plague of the hail. Because of the plague of this. So extremely great. Then one of the seven angels. Having the seven bows. Came and spoke with me. Come here. I'll show you the judgment of the great whore. This is the last day. The last plague. The last one. This is great earthquake. And this makes multiple large cities. Including Babylon. Known. Whether it's known. Whether it's a different city. Whether it's in Saudi Arabia. Wherever Babylon will be. It falls. Babylon falls. Is destroyed. That day. Multiple cities worldwide. The greatest earthquake. The whole earth will shake on that day. Zechariah 14. Now that won't be a holy day. But it might be a new holy day. Perhaps God, I don't know. Perhaps God will proclaim that as a new holy day. When he comes. The day of his return. Might be a new holy day. Amen.

Zechariah 14 verse 1. Behold the days of Jesus come. And your spoils should be divided in you. And I will gather all the Gentiles to Jerusalem. To war. And the city will be taken. And the house is plundered. And the women ravaged. And half the cities will go forth into captivity. Half of the city going forth. Into captivity. Half of the Jews and Christians and other inhabitants. Of Jerusalem. Be in put in captivity. Be in put in concentration camps and prisons. But the rest of my people will not be utterly cut off from the city. And Jesus will go forth and fight against those Gentiles. As when he fought in the day of war. And his feet shall stand on that day on the Mount of Olives. Not on the Temple Mount. But on the Mount of Olives. Which is before Jerusalem on the east. And the Mount of Olives shall cleave asunder. That means cleave in two. That means split in two. So I want to change the word split asunder. To split in two. Half of it toward the east. And the west. A very great division. Half of the mountains shall lean to the north. And half of it to the south. It might even split in four. And the valley of the mountains should be closed up. And the valley of the mountains should be joined to this place. And it should be blocked as it were blocked in the days of the earthquake. In the other earthquake. In the days of Ozias. King of Judah. And my Theos shall come. Jesus my Theos shall come. And all the saints with him. Amen. So we see that on the day that Jesus lands on earth. Is a great earthquake. It splits the Mount of Olives in two or four directions. Seems like four directions.

So another great earthquake. Now that does not happen on the Feast of Tabernacles. Because it doesn't add up. The numbers don't add up. So it's not a holy day. But like I say maybe God will make that a new holy day.

Perhaps. We'll see. We don't know yet. But the Feast of Tabernacles. The Feast of Tabernacles. Of the following year. Of the following year. Is when it is commanded that all the nations. Because this is going to happen in November. Right. So it'll be the Feast of the Tabernacles of the following year. That all the nations will come up.

Because you've got seven months. Of burying the dead. According to Ezekiel 38. Right. You're going to have seven months. Just to clean up the land. So that people can come to Jerusalem. For the Feast of Tabernacles.

You're going to have blood up to the horse's bridle. It's going to take time. For getting Jerusalem. Rebuild. Cleaned up. Ready. For the pilgrimage. For the following year of the Feast of Tabernacles. For people from all nations to come up to keep the Feast. Worship the Lord of Lords and King of Kings. Amen. We know also this chapter. As I just talked about. Is a commandment for even the Gentiles. And the verse that talks about Egypt. If Egypt don't come up to keep the Feast of Tabernacles. They would be accursed. So. If we're commanded to keep the Feast of Tabernacles. Then we're also commanded to keep the Day of Atonement.

We are commanded to keep Passover. Of course. If we're commanded to keep Passover. And the Feast of Tabernacles. And the Sabbath. I don't know why some people say. The Bible commands this one. And that one. And that one. But I don't find the commandment to keep that one. It's a package deal. You keep all His Holy Days or none of them.

People's thinking. Is. Idiotic. Idiotic thinking. Amen. You keep all His Holy Days and all of His commandments. Or you don't keep the Ten Commandments. Ezekiel 38.

We know that Ezekiel 38 is talking about the Great Tribulation. Russia and China. Many different people have different interpretations. But this is not my interpretation. This is not my opinion. It's what God has revealed. To me and many other people. That it is Russia and China. Invading not only the land of Judea.

But also America. And England, Scotland, Ireland. Because all of these nations, we are Israel. Not only the Jews. But the UK and Israel and Australia and New Zealand. We are Israel. Tribes of Israel. And this is a Russian, Chinese, Iranian.

Invasion. Of these Israelite nations. It is nation against nation. Ram against ram. Race against race. Gentile against Israelite. Is an invasion. Is conquest of America. We already see conquest of the United Kingdom already. Under the Biden regime. We did see conquest of America. And we see.

The states in the United States. We see already the states of Oregon. Washington state and California. Those west coast states have already been conquered. Michigan. Detroit. Chicago. These have already been conquered. By Russia. China and Iran. Saudi Arabia. They are already conquered.

But we are here in Ezekiel 38. We are talking about a large military conquest. Of those armies coming into America. And the United Kingdom. Conquering the nations. The other states. Including the conservative states. We go down to verse 19.

Ezekiel 38 verse 19. That my wrath and my jealousy shall arise. I have spoken in the fire of my anger. Truly in that day there should be a great shaking. In the land of Israel. The fish of the sea shall quake at the presence of Jesus. And the birds of the sky. And the wild beasts of the field. And all the creeping things. That creep upon the earth. And all the men that are on the face of the earth. And the mountains that shall be ripped. And the valleys shall fall. And every wall on the land shall fall. Every wall on the land shall fall. And I will summon against it. Every fear. Say of Jesus. The sword of every man shall be against his brother. And I will judge him with pestilence. And blood and sweeping rain. And hail stones. I will rain upon him fire and sulfur. And upon all that are with him. And upon many nations with him. And I will be glorified. And sanctified. And glorified.

Magnified. And I will be known in the presence of many nations. Gentiles. And they shall know. That I am Jesus. Amen. Sometimes a parent. A good parent. A loving parent. Has to give an extreme spanking. To a very wicked. Rebellious. Disobedient child. Sometimes that's necessary. And the parent is saying to that child. I am your boss. I am your master. I own you. And you will respect me. Or else the punishment will be fierce. You will behave yourself. For your own good. Or face my anger. My wrath. This is God being a good parent. And he's saying. I will be magnified in this. I will be glorified in this. Amen. It's a righteous thing. But there are great shakings. That is going to occur. Not just. Because the tectonic plates of the earth is moving. Not just because of that. But rather because God tells his angels. Release it. Make it happen. Shake the earth. Sometimes it will be God himself doing it. Other times it will be him telling the angels to do it. Same thing. It's the power of God. End time prophecy. Not just the plates moving. Just because. They're due to move. But these are biblical. God created events. That will reveal that the Bible is true. The Bible predicted them. To happen on specific dates. And they will happen. On specific dates. Now it may be happening on the Jewish date. Or it might be happening on our date. Our date of how the true church calculates it. Don't make no difference. That don't make no difference. But they will happen on the dates. Some of them will happen as I've mentioned. Some of them being on the dates of the holy days. Some of them not. But in addition to the earthquakes. Is heavenly signs. Comets. Asteroids. What the Bible calls stars falling. But they're not actual stars. Asteroids and comets.

So I want to go to Joel chapter 2 now. Joel 2 verse 1. Sound the trumpet in Zion. Make a proclamation in my holy mountain. That all the inhabitants of the land be disturbed. For the day of Jesus is near. There's a lot here I could read. That I'm looking for. What verse? Verse 10. Verse 10. Before them the earth should be stirred. Or shaken. And the sky should be shaken. The sun and the moon should be darkened. And the stars should withdraw their light. And that is what Peter thought was going to happen. When he preached on the day of Pentecost. But it didn't happen that way. But it's going to happen in our lifetime instead. And that's the opening of the sixth seal right there. That is the opening where you got your footnotes. Referring to some other places in the Bible there. Revelation 6.12. I'm not for sure if we already read Revelation 6.12 today or not. We did? Okay. So that's talking about the sixth seal. So we have that. So now think about this with the stars. Right here it just says withdraw their light. But is it chapter 3? Does chapter 3 say anything about the stars as well? About them actually falling? We know Revelation says that they fall. Verse 15. Chapter 3 verse 15. The sun and the moon should be darkened. And the stars should withdraw their light. Why do they withdraw their light? Because they're no longer in the sky. Right? But this is not stars. A star cannot fall from the sky without killing every man and woman on earth. We've got to use common sense. A star, every star you see in the sky is larger than our sun. Our sun is a very small star. It's a small star. A lot of the stars you see in the sky are larger than our sun. If one of those stars was to hit the earth, there would be nothing to exist of this planet. The entire planet would blow up. There wouldn't be any of it left. Huh? It would also take quite a bit of time to get here, millions of years. Yeah, it would be millions of years for those stars in the sky to reach earth. They are extremely far away from us. We have to use common sense. So it's not really talking about the stars. In fact, we probably should retranslate that. So we need to look at the Greek words. It's two separate things. The stars would go on their light and then the comets falling from the sky. But they're the same thing. You don't get any light from comets? Yeah, you do. You see a comet. When you see a comet in the sky, it looks like a star. Maybe it isn't the comet. Yeah, it's the same thing. So it is talking about comets and asteroids, both, a combination of those things. We have in the news, we constantly see reports of asteroids and comets that's going to come close to the earth or close to the moon.

And you see that every day. I'm not kidding. Every day on Facebook, on Twitter, and across the Internet, on the news websites, constant bombardment of reports, a comet or asteroid is going to hit the moon at a certain year or hit the earth on a certain year or come extremely deadly close.

And one of these days, those reports are going to come true. Those reports are going to come true.

But a lot of them, you know, we always see, well, that's a hundred years or a million years away.

And it's only six percent chance it would hit us. But these reports are going to change dramatically in that there are going to be major strikes.

Of course, it's not going to be something so major that would knock out all the dinosaurs, which did occur.

God's not going to allow the earth to be completely smashed. He won't allow it, according to Matthew 24.

He says that he will not allow it. But there will still be strikes. Of course, it won't be a comet to hit the earth. But I think Robert's actually right about that.

For this reason, a comet hits the earth, we'd be wiped out. But asteroids, huge asteroids.

But here's where the comets do come in play, even though a comet cannot hit the earth.

Comets cause a debris field full of what I'm going to call asteroids. I don't know if that's the correct term or not.

But when a comet flies by, it leaves a debris field. And that causes a meteor shower on the earth.

A lot of the meteor showers that do occur every year is because the earth comes into the path of a comet that has passed by.

And the earth comes into that debris field from what that comet has left behind. And that is going to be a huge reason for this.

When it says the stars will not give their light, the only reason it says that is because in the eyes of Ezekiel, in the eyes of Isaiah, in the eyes of John, they are seeing stars, or what looks like stars to them, a meteor shower coming down out of the sky.

Some of these being huge blazing fireballs.

So today, today, when I go to perplexity.ai, this came up.

Comet. This is while I was preparing the sermon today. And it says, what will Comet do for you? But it's interesting.

It doesn't show. And I can pull this up much on the screen better for the local people.

Okay, can you see it better now? So it's interesting that it's not your typical picture of a comet.

But rather, it looks more like just the debris field. All these little tiny stars, dots, debris, instead of the actual comet.

And you can see in the clip art, it shows the head of the comet and then the trail, the trail.

So the tail of the comet, the debris field, it's got like three bands. I think about the bands that circle Saturn, how that's tons of debris right there that make up those circles.

So that was an advertisement for what's a new browser. I don't know if it's an advertisement for if perplexity owns that browser.

Probably, they probably do. Of course, I'm not going to download that. But that's what came up today as I was working on the sermon. So I think that's significant that that would come up.

So I think it's the debris field, not that a comet will hit the earth, but that we're going to go through those debris fields, which is the reason for every meteor shower.

And those debris fields will be greatly increased. Perhaps because a comet will get much closer to the earth than usual. But however it occurs, as well as asteroids. So you're going to have, and when these giant fireballs landing on earth, that's going to cause a shaking of the earth.

You're going to have the hail stones as well, multiple things. Hail stones, I'm thinking, could even be fragments of a comet.

And I don't think any of these are going to be predicted by science. I don't think that science is ever going to say, guess what?

In the year 2028, in the year 2027, this is going to happen. I believe that this is totally going to be totally missed by science.

They won't know it's going to happen. We won't be given a year, or two years, or three years, or a hundred years' advance notice by science.

Because it's going to be God himself that moves the comets and the asteroids where they need to be moved, when they need to be moved, to bring this about.

I'm going to show you something else here. So... I'm looking for a picture to show everybody. Hang on now.

I'm looking for a picture to show everybody. Hang on now. Okay. Okay, so what you see right now is what I'm calling the blue zone map.

This map was given to me in 2008, and it was originally given to a different man many years before that.

The original man that had this map originally, I believe that God had called him as a prophet, that he refused to grow in the truth, and therefore I believe that he's fallen completely away from God, or at least, if not completely, much away from God, and nobody has heard from him in many years, but God has confirmed this map to me personally in very significant ways over and over and over again.

Regardless of the man falling away, I confidently believe that the map originally came from God and is for us today.

The blue zones represent the least dangerous places in America for the people during the Great Tribulation.

Not that you are guaranteed protection, safety, or survival to be in the blue areas, but relatively safer than the places outside the blue.

I don't have any such map for other nations, only for America, but getting into the blue zones is extremely important for the people in America.

You do not have to leave America to survive the Great Tribulation, but entering into the blue zones is only the first stage.

You see that there are different blue zones, different regions. Once you get into the blue zone, you have to continue to travel and see if you can find the specific state and the specific city and the specific neighborhood that God would lead you to for safety.

The closer you get to the center of the place that God would lead you to, you have greater odds of survival for the Great Tribulation.

Outside the blue zone, there is nearly zero chance of survival. Outside the blue zone is nearly zero chance of survival. Americans need to take this serious. Now, what that map shows is America destroyed, the entire West Coast destroyed, many states destroyed, Detroit and Atlanta destroyed, Chicago, Los Angeles, Oregon, and Washington destroyed, New York City destroyed.

I've been telling people ever since 2008 to leave the coastlines, leave the major earthquake fault zones, leave the urban areas, the large urban areas where you have like a million people, even 500,000 people, leave those large urban areas.

For the most part, no one's listened. And they boast in, well, the end has still not come.

He was wrong, he was wrong. But it only takes one second for the entire world to change.

In one second's time, any moment could be the next American or Israeli strike on Iran.

They're expecting that to happen very soon now. Another American or Israeli or both strike on Iran could come any minute, any hour, any day now.

They're expecting that to happen. The Ukrainian-NATO-Russian war, any second, any moment, we could get a news report that a Russian bomb has fallen on Poland or other NATO members.

That news could come any day. We could have a major war before Ezekiel 38. Ezekiel 38 only talks about the invasion of the Israelite nations. I don't think Poland is an Israelite nation, I might be wrong.

There could be invasion of nations that are not Israelite, that are NATO members.

I would consider Ukraine as an Israelite nation. I would consider Ukraine as a major symbol of Israel.

A major symbol of Israel. They have tons of Jews. A whole lot of Ukrainian Jews was murdered during the Holocaust by the thousands.

I think I saw something like 13,000 in one day that was murdered in the Holocaust in Ukraine.

Or maybe one week. Ukraine, I think, is a major symbol for Israel. And the fact that Russia is fighting her, and not only Russia, but China and Iran, is fighting the Ukraine.

We know for a fact that Russia has accumulated soldiers from multiple nations to fight the Ukraine.

Weapons from multiple nations. Support from multiple nations in multiple different ways.

Soldiers and equipment and funding from multiple nations fighting the Ukraine. And in that way, we can see Ukraine as being a symbol of Israel.

This Ukrainian war is symbolic of Ezekiel 38. Very much, Saul. Very much. The purpose of today's sermon is for the new listeners.

The people I've talked to over the past month. The people that you have been talking to over the past month.

The people that are just now coming into the knowledge of this ministry. You need to come to understand that your entire world is about to be changed.

None of us are going to be able to survive where we're at now. No one, not even myself.

We won't be able to survive and endure and continue to work our normal jobs and life just go on as usual.

The great tribulation is coming. It's called the great tribulation. In Matthew 24, Jesus says it's going to be the greatest time of tribulation that has ever existed in all of human history and ever shall be ever again.

It's going to be worse than the Holocaust. There will be a roundup of people, a roundup of Christians, a rounding up of Jews and Christians both in huge numbers.

Just like during the Holocaust, that's going to happen again. But it's going to happen not only in Israel, but America and Ukraine, England, Scotland and Ireland, Australia and New Zealand, South Africa.

If you're white, or even if you're Christian white or black, you will be rounded up if you're not hiding.

Especially if you refuse to bow to the President of Syria. If you refuse to denounce the name of Jesus, you won't be able to buy or sell without worship of the Antichrist.

And that's what the true Mark of the Bees is, is obedience to Satan. Whether that's Christmas, Sunday Churches, Trinity, many different forms.

How people have the Mark of the Bees already and have had for a long time. It would be insanely stupid to continue to stay in the major fault line.

Areas such as California, Oregon, Washington and even Memphis, Tennessee on the New Madrid fault line.

Arkansas, that area, that would be incredibly stupid to be out there in that region.

It would be incredibly stupid to stay in large cities that have a million people, even half a million people.

If you really think you're going to wait to the last second, where are you going to go then?

It's much more wise to start your journey now. To head toward the Blue Zones, even if you don't know what city.

To head toward the Blue Zones would be a wise thing to do. During the Great Tribulation, Christian churches would be burnt to the ground or converted to mosques.

What we see happening right now with the attack on the churches and synagogues will greatly increase.

Greatly increase in the Great Tribulation. There won't be a Christian church to survive.

They will all burn to the ground or be converted to mosques. Every Christian church in the United Kingdom, every Christian church in America, you will not be allowed to worship Jesus.

It won't be allowed. It will be mandatory. It will be law to worship the President of Syria. He would be called King.

He would be called God. He will be called Lord. He will be called Savior. The Bible warns us against miracles and false prophets.

Matthew 24, let's look at that. I know the church knows all this already, but this is to many new people today.

In addition to the other false prophet verse I read earlier, going down later in the chapter now, verse 24, Matthew 24, verse 24, because false crisis and false prophets will arise and will show great signs, not minor, not little, but great signs and wonders so as to deceive, if possible, even the church, even the elect, even the chosen, even us, if you're not careful.

If you're not careful, even in the true church, these miracles that are about to happen are going to be tremendous and could cause you to fall away.

I believe there could be even a resurrection of the dead on the day that Assad appears in the sky.

They're going to heal the blind. They are the leaders of the Catholic Church, the leaders of the Eastern Orthodox Church.

They're going to heal the blind, heal the cripple, heal cancer, perhaps even raise the dead, I'm confident.

We must be extremely careful about miracles because even Satan can cast out demons.

Matthew 7:21-23 said, Not everyone that says unto me, Lord, Lord, shall enter in.

They're going to say, did we not cast out demons in your name? But Jesus says, get away from me, I don't know you.

Even Satan can cast out demons. Those were false Christians in that chapter 7. False Christians casting out demons, working miracles. Just because people work miracles don't mean they're true Christians.

It doesn't mean that they truly know and serve the true God. Beware of the miracles that come from Satan, both before and during the Great Tribulation.

They're going to be amazing miracles, huge miracles. Even the true church should beware of such amazing miracles that are going to occur that will cause Christians and other people of all faiths to follow the Antichrist.

Your whole world is about to change. You won't be able to keep the same job, you won't be able to keep living in the same place.

Every one of us are going to have to go on a journey to new places. We must be prepared for all of this, mentally, emotionally, spiritually and physically.

The first part of being prepared for it is to realize it's going to happen. To come to that realization it's going to happen

and that the time is extremely near.

You only have to take one day of watching the news to know this. You don't need to be a prophet, you don't have to hear from God.

To know that the Great Tribulation is extremely near with watching the news for just one day on your day off.

To learn what's happening with Ukraine, Poland, all the nations with NATO, China, Iran, Gaza, everything else on this planet one day.

Of paying attention to what's happening in the world will totally convince you because the news reports that are coming across every day, every, every, every day, the news reports is the thunder and lightning from God saying these things to you.

If you would just not be an idiot, wake up to reality. Stop ignoring these amazing signs that we see every day of these events coming to pass.

There's a lot of demonic miracles but there's also true miracles. Mark 16 tells us very clearly that these signs will follow those that commit to the Lord, casting out demons.

Just because the devil does it, doesn't mean that we can't have the true stuff. Just because there's a false church and false prophets and false pastors and false doctrine don't mean we can't have the true one of each of those.

There is true one. God does have a true church, true prophecy, true prophets. These still exists although extremely rare.

We do know, not only earthquakes but also storms, war, invasion, famine, drought, floods, hurricanes, tsunami, epidemics, all four horsemen will greatly increase leading up into the tribulation and through the tribulation, all four horsemen will ride powerfully.
