Gift of Extra Time/Month to Prepare
for the Great Tribulation and the Great Commission

Let's remain standing and let's go in prayer. Lord Heavenly Father, Almighty God, Alpha and Omega, first and last, Creator of heaven and earth, our kinsman, Redeemer, Lover of our soul, praise the holy name of Jesus.

Thank you, Heavenly Father, for giving us more time, a second chance to prepare, to do better, to witness more, to evangelize more, to get your messages to more people, to get our own spirits, our souls, right with you more, to follow more in the direct center of your will, and to continue to prepare spiritually, mentally, emotionally, and physically for the Great Tribulation and the dark days ahead.

Thank you for springtime here in this hemisphere. The warm weather is the sunshine, the birds, and all the beautiful plants that you created.

Thank you for this time and for the new leaves, the new time and the new spring forward.

Father, we do ask for your special help today, for today's worship services and this message.

We ask you for your help that you would anoint me for your people's sake, for the sake of the Church, new followers, new converts, people that will come into this truth in this day and time as we're headed very quickly to the Great Tribulation and the strong delusion.

Thank you for giving us not only more time, but more understanding of the situation.

Thank you for correcting the calendar, correcting our mistakes, and showing us something that the entire world is not seeing, that we can expect the unexpected, that we won't be called unprepared.

Thank you very much for showing us this problem in the calendars so that now we know for sure when the holy days are, when to observe your holy days.

Thank you for giving us the powerful confirmation of this calendar correction, how your days now align better, more accurately, more perfectly.

We see the events in the world unfolding in front of our eyes, and yet the world is still blind.

They're under the delusion of false peace and rapture. But we know what's coming, in part, we know what's coming.

And they're telling us about it in the news, what's coming. And yet people are still blind and don't see the obvious.

And as they're claiming victory and peace, we know that sudden destruction is coming upon this entire world.

We thank you for your mercy, your grace, your foreknowledge, your love, and your perfect plan.

We thank you for your presence in this service, in this ministry, in your people, your church, your kingdom, your gathering.

We thank you for your anointing and blessing on this service and on this message.

The people are yours, the church is yours. Let this message be yours. This is your time, your day, your service, your gathering, for you to speak, for you to lead.

The army is yours, the people are yours, the troops are yours. We praise your holy name, in the mighty name of Jesus. So be it, in Jesus' name. Amen. Amen. You may be seated.

Let's go to Second Kings, Chapter 20. Page 245, if you do have the paperbacks of the one volume of the Alpha and Omega Bible.

For people listening for the first time, we are reading from the Alpha and Omega Bible, a restoration of the Holy Scriptures based upon the oldest possible biblical Bible manuscripts, older than what was used for the King James Version and other translations, a restoration of Scripture.

You're welcome to try to follow along in any translation you might have in the front of you.

Second Kings 20. I want you to notice the number of this chapter, 2 Kings 20.

Other than the zero there, you see the number 2 twice. For people that follow this ministry, have followed this ministry for a year or two or more, you know that the number 2 and 22 and 222, these numbers are extremely significant in this ministry.

And you'll see three different chapters of the Bible today that uses these numbers, which is God confirming His message.

In Chapter 20, verse 1, we're going to read 11 verses here, God willing. Verse 1, In those days Hezekiah was sick even to death, and the prophet Isaiah, the son of Amos, Amos came into him and said to him, Thus saith Jesus, Give charge to your household, for you shall die and not live.

Give charge is give instructions. So I think we should change charge to instructions as we continue to perfect this translation to make it easier for people to understand what the Bible is saying.

In verse 2, Hezekiah is turned to the wall and prayed to Jesus, saying, Lord, remember, I request you how I walked before you in truth and with a perfect heart, and have done that which is good in your eyes.

And Hezekiah cried with a great crying. We need to move the quote mark after the word eyes in verse 3.

In verse 4 here, it says, And Isaiah was in the middle court, and the word of Jesus came to him, saying, Turn back, and used to say to Hezekiah, the ruler or leader of my people, Thus saith Jesus, Theos of your father David, I have heard your prayer, I have seen your tears.

Behold, I will heal you. On the third day you shall go out to the house of Jesus, and I will add to your days fifteen years, and I will deliver you and this city out of the hand of the king of the Assyrians, and I will defend this city for my own sake and for my servant David's sake.

And He said, Let them take a loaf of figs and lay it upon the ulcer, and he should be well.

Verse 8, Hezekiah said to Isaiah, What is the sign that Jesus will heal me? And I will go up to the house of Jesus on the third day.

And Isaiah said, This is the sign from Jesus that Jesus will perform the word which he has spoken.

The shadow of the dial shall advance ten degrees, or it shall go back ten degrees.

This would also be the sign. And Hezekiah said, Is it a light thing for the shadow to go down ten degrees?

No, but let the shadow return ten degrees backwards in the dial, the sundial. And Isaiah the prophet cried to Jesus and the shadow returned backward ten degrees on the dial to confirm that this message really was from God and that God really was going to heal him and give him 15 extra years.

Our point today, in the context of that we have been given extra time, an extra month to prepare for the Great Tribulation, is that Hezekiah was given extra time.

He was given 15 years in his situation, in his case. We're not going to be given that in our case.

But extra time is the point. Many people have said that they wish they had more time, but now they do.

Only a month more, but a month is not one day, it's not one week, it's not two weeks, it's not three weeks, it's an entire month.

And that's a very special gift from God. A very special gift. The question is, what are you going to do with it? Amen?

That's the question. Now, this is also repeated, what we just read, it's also repeated in Isaiah 38.

But I want you to notice something, which I believe, I guess, is in Isaiah. So let's turn to Isaiah 38.

It's interesting that this same event is not found only in the record of the kings, but also in the writing of Isaiah.

I mean, he was mentioned there, right? In 2 Kings, he was mentioned, he was talking.

So here, in his own writings of Isaiah 38, or his scribe, whichever the case may be, Chapter 38, verse 1, It came to pass at that time that Hezekiah was sick even to death, and Jeremiah, the prophet, the son of Amos, came to him and said to him, Thus saith Jesus, Give orders, or give instructions.

It should say, instructions there would be better, so people understand what kind of orders concerning your house, so that you shall die and not live.

And Hezekiah turned his face to the wall and prayed to Jesus, saying, Remember, O Jesus, how I have walked before you in truth, but with a true heart, and have done that which was pleasing in your sight.

And Hezekiah cried intensely. And the word of Jesus came to Isaiah, saying, Go and say to Hezekiah, Thus saith Jesus, the Theos, of David your father, I have heard your prayer and seen your tears, Behold, I will add to your time fifteen years, and I will deliver you and this city out of the hand of the king of the Assyrians, and I will defend this city, and it shall be a sign to you from Jesus that Theos would do this thing.

But I would turn back the shadow of the degrees of the dial, by which ten degrees in the house of your fathers the sun has gone down, I would turn back the sun to ten degrees.

And the sun went back the ten degrees in which the shadow had gone down. So, it's not here in the Greek Septuagint, but the Masoretic text in both of these chapters adds to it, saying that this was a special gift.

It actually uses that word, special gift from God. Now, whether it's in the Greek Septuagint or Masoretic, either way, it

still is, was a special gift from God.
But what are we going to do with the gift?

Let's go to John 9 verse 4. We must work the works of him who sent me, as long as it is day, the night is coming when no one can work. Amen.

A night is coming when no one can work. We know in Matthew 25 there is the parable of the virgins and the midnight hour, the time of darkness, the time of great tribulation.

So, there is a time when there will no longer be internet, electricity, cell phones, postal mail, AI, memes, printing press. So, right now is our time to evangelize on Facebook, Twitter, YouTube, Pinterest, Instagram, neighbors and friends and family, postal mail, phone calls, email, flyers, gospel tracts.

There are so many ways to be doing the work, evangelizing, trying to get these messages that God has delivered to us, trying to get them to more people.

It's important to understand that Jesus did not give this message to me alone, but to you, that while God has spoken to me and shown me in Scripture, he has revealed to you that you're part of this work, that you're part of this church, this revelation, and it is just as much your duty and your responsibility, as much as it is as mine, to not only share every post, click, click, click, click, click, post, share, share, share, share, and click like, like, like, love, love, love, love, love every time and comment every time so that these social media websites, their systems, their computers, will show those posts to the people that are following those pages, those groups.

If you don't click like, if you don't share, if you don't comment, either one of those, all the people, the majority of the people that have subscribed to receive the notifications, don't receive the notifications and don't see the post.

It don't even appear when they are scrolling, unless you are doing your job and fulfilling your responsibility.

The Bible talks about how we are to do all things as if we are working for the Lord.

How much more is that applied, it should be applied, through the work of God, the work of the ministry, the work of the Gospel, the work of the Great Commission to go into all the world.

This is how we can go throughout the world. We are not rich, we can't get on an airplane, we can't travel the world, but we can share, share, share, share, comment, comment, comment, like, like, like, like, like, like.

And not only that, as a priority, high priority, but we can also start new accounts and share there.

Share not only on our profiles, but in other groups, appropriate groups, of course, not spamming unrelated groups.

We want to do this in an honorable way. We can add friends to our friends list from related groups, like-minded groups, so that they can see our profiles, things that we are sharing on your social media wall, so that not only are you increasing how many people can see the post, but you are also increasing the number of friends you got on your friends list so that they, too, is another way of increasing how many people are seeing what you are sharing from the ministry.

But not only all of this, but also posting yourself on your own wall so that I can then see it and share your post.

S is real good about coming up with these memes from previous months and previous years that were very significant memes, and reposting them again.

And that's what we should be doing, because once a meme is used, it should not be just deleted and never used again, or put in a saved folder that will never again, in all of eternity, ever be opened again.

These memes should not be seen as a use one time and then forget. But rather, these memes, the best ones, the significant ones, can be shared over and over and over.

Previous sermons, as well as sharing the music videos, there are so many things that we can be and should be doing.

You know, one thing I've always noticed is so-called Christians, you look at their social media profiles, you see what they post, you see their bio, you see their information, you see their likes, and not one thing about God or the Bible, Scripture, living for God.

Nothing. Not one thing. And they call themselves Christian. You cannot be a true Christian without evangelizing.

Your social media profile reflects who you are as a person, what you're interested in, what's on your mind, what's on your heart, what you're about.

And if your social media profile is blank, nothing, well then you don't have a personality.

If your social media profile is all about rock music, then that's your God, and that's your idol, or NFL, or sports, or golf.

If that's the only thing you're posting, or cosmetics, that's your God. That's your idol.

A Christian should be posting on their wall, their profile, their billboard, about God, His holy word, His Scripture, His messages, His doctrines.

Your social media profile is a reflection of who you are, what you think about, your priorities, what's on your mind, what's in your heart, how you live your life, how much you love the Lord, or do you love the Lord enough to share His

name, to share His word, to share His messages?

The Bible says, What I have whispered to you in your ear shall on the housetop. The messages of the Lord are so grand and special.

The messages of the Lord is a special gift that we have been entrusted with to not hold privately and secretly.

We're not like freemasons that believe in secret knowledge that only we can have, but rather we want to share with the world what we hear from God.

We want other people to have the same opportunity as we do to prepare, to get ready, to repent, to be baptized, for their lives to change, just as God did change our lives.

We want that for other people. Why would we not? Amen. There's a time coming when no man can work.

This special gift we have been given, God's words, God's messages, and extra time to go along with it.

What are we going to do? Are we going to waste this extra time, or are we going to use it?

Let's go to Romans 13, verse 11. Do this, knowing the time that is already there for you to awaken from sleep. For now salvation is closer than when we first believed.

The night is almost gone and the day is near. Therefore let us lay aside the works of darkness and put on the armor of light. Amen.

But notice this comes right after verse 8. Owe nothing to anyone except to love one another, for he who loves his neighbor has fulfilled the law.

For this you shall not commit adultery, you shall not murder, you shall not steal, you shall not covet.

And any other commandment is summed up in this, saying that you shall love your neighbor as yourself.

Love does no wrong to his neighbor, neither does, therefore love is the fulfillment of the law.

Or rather, a better way of wording that, love is you obeying the law, keeping the law, is how you fulfill the law.

All the commandments is about loving God and loving people. Then it says that knowing the time that we need to wake up, that the day of salvation is now.

Why does it say that immediately after how you treat your neighbors and loving your neighbors?

For one reason, of course, is when the time comes you don't want to be found guilty, condemned by God for your works and actions of evil.

But also, like I said, the commandments are how you show your love to God and to fellow mankind.

Showing your love is not just not killing people like people think, but also Matthew 25, verse 31 to the end of the chapter, visiting the sick, clothing the needy, feeding the hungry, taking care of the prisoners, taking care of the orphans, the widows, Isaiah 1.

So it's not just not committing adultery and not doing this and not doing that, but also what you're actually doing as well.

Evangelism is a way of showing love, fulfilling the great commission of not just by command of God, saying you must try to lead people to salvation, for this is the day of salvation, but also realizing everybody has a mother, everybody has a grandmother, everybody has a daddy, everybody has people that has people that loves them.

Everybody has a daddy, everybody has people that has people that loves them. We too once were not a people.

We too once were dogs, pagans, wolves in darkness, deceit. We should want other people to see the light, to be delivered, to be rescued from their captivity of the Babylonian brainwashing.

This entire world are victims to Satan's kidnapping of humanity. As Mr. Herbert W. Armstrong taught that the world has been kidnapped by Satan, and that's true and accurate.

We should want them to be rescued, delivered, and translated out of the darkness over to the glorious light.

We know that the second resurrection, the second life, the 100 years of Isaiah 65 verse 20, is the great hope that will be fulfilled, the second chance to make it right.

But nevertheless, there's a day of darkness that's right in front of us that we would also hope for more survivors, more people rescued.

We ourselves need our bodies to grow. We ourselves need more brothers, more sisters, more help, more assistance.

One of the purposes of the Church is not just to worship God and serve God and praise God and worship God and hear God and to know God, but also to know one another, to help one another, to serve one another, to bless one another, help one another, encourage one another, provoke one another to good works, provoke one another to good works, evangelism, witnessing, sharing, posting.

Coming up with your own post, we could use more than one creative mind. We could use more than two or three creative minds.

Videos, reels, posts, so forth. I praise God for AI, how it has significantly helped us since none of us really have skills of making videos and means very well.

But the AI has been so significant, being able to make videos that look more professional, that reach people better.

And last night, I was finally able to sign up for one to make even better videos, as you saw last night.

Of course, it was my first try, so it's not perfect, but I will get better each time I make another one.

But the video I released last night about the Gog Magog news, which was a summary of all the breaking news of yesterday for what's happening in the Iranian war.

And so I'm going to start doing that almost every day, every night, to take all the breaking news from that day related to this war that we are in, this Gog Magog war that has already started.

And it is World War III has already started. It's just that the Ezekiel 38 fulfillment is still yet to come.

But that war has already started. We're already in World War III right now, already.

And we have been ever since Russia invaded Ukraine, Russia, Europe, America, China, Russia, all these nations.

World War III has already been occurring for years and intensified with the attack on Iran, and will continue to intensify over the next month or two.

So we're already in World War III, already in the time of Gog Magog. But I'll be making those videos, Gog Magog news.

I've known for years and years that when the time comes, I would start that particular playlist, that particular podcast of the Gog Magog news.

And now it's started. I've actually started that podcast that has been a plan for many years.

And that in itself is significant. But AI continues to help us. So here in Romans 13, verse 11, time to wake up. Our salvation is closer than when we first believed.

The night is almost gone, the day is near. Let's lay aside the works of darkness.

These works of darkness is not just sexual sins, jealousy, and other ones that it lists later in the chapter, later down in the next few verses.

But works of darkness is also laziness and complacency, fear, cowardice. There's many different forms of work of darkness.

If the works of righteousness is not just what you believe, but what you do, and not only what you not do, but what you do, then works of darkness is also not only what you do, but what you don't do.

I mentioned one more time, I've mentioned it many times over the years, but we've got new listeners, so I will mention the book and the movie called The Stand by Stephen King.

I know he's a very demonic person. I know that. But the Bible also says that God uses Satan and uses the Antichrist to fulfill the plan that God has designed.

God also used a donkey. God also used Judas by design and purpose, predestined. God used Neville Asher as well, which was a heathen, a pagan, that worshiped many false gods.

God uses wicked people just as much as he uses righteous people, really more so because at least wicked people are willing to fight and do something and not be lazy and complacent.

God uses wicked people more than he uses righteous people. That's the God-honest truth.

But the movie The Stand, although I would normally never recommend to watch or read any of his demonic stuff, the one exception is the book and the movie called The Stand.

Because even witches and Satanists, they know some correct and true prophecy, some correct and true doctrine, and facts of history and prophecy things to come.

I've actually met witches that knew that we're heading toward the end of this generation and headed toward the Great Tribulation even though they don't know God.

They can see just by watching world events that we're headed toward the end and the Great Tribulation, it's common sense.

As I said, I mean they're telling us right on the news what's going to happen and people still don't believe it because they don't want to believe it.

But in the movie, what happened was when the virus came and wiped out the majority of mankind, only two groups of people survived and remained alive, and that was the people that Satan could use as his army, the army of Satan, and the people that God would use, the army of God.

And sometimes they were the one and the same, people on both sides being used by both, God using wicked people and Satan using righteous people.

It goes both ways. There's a spiritual tug of war over our lives, good versus evil.

For many of us, that's just life. But it's greatly intensified in these days, greatly intensified.

But everybody else in the world in a movie, they just die out because they're useless.

God can't use them and Satan can't use them, and that's the majority of mankind. So that movie is correct in that way, as well as the fact that there will be additional virus or bacteria, whatever, breakouts, famine, disease, pestilence rather, pestilence.

As the Bible says, that one fourth of the earth will die from pestilence, another fourth will die from famine, starvation, and another fourth from war, and only one fourth will survive.

That means only one fourth of the world really can be even used by the spiritual realm, either God or Satan or both.

The other three fourths, 75% of the world, are really just useless weeds upon the earth for now.

But of course, God has a rescue plan for them as well, being the second resurrection, praise God.

But we want to be used on the army of righteousness. Zechariah 14 and Revelation 19 both describes the true church as an army of the Lord, the army of the Lord.

We want to be on that right side, the winning side. But not only do we want to be on the winning side, we want to be willing vessels, willing instruments of the Lord.

Send me and I will go. That should be our prayer. Use me, Lord. That should be every one of our prayer.

That should be every one of us. Use me. Instruct me. Help me to be a useful vessel, a useful instrument.

Let me not be an instrument that's just laying on the table that never gets touched, never gets used, which will just die in the riff-raff.

But let me be an instrument of usefulness. Amen.

Revelation chapter 3, the church of Laodicea, the church of our time era. That the lukewarm are those that are spit or vomited out of the mouth of the Lord.

Jesus said, I would rather that you be cold, work for Satan, or be hot on fire for me, work for God, one or the other.

But lukewarmness, complacency, God has no place for it. God has no place that makes God sick on his stomach to look upon his own people with everything that we have been entrusted with.

All this knowledge, all this information, all these facts, all these revelations, all these doctrines.

A apostle, a prophet, the most accurate Bible, and now even AI to help us and see us just sitting on our asses doing nothing.

Not working, not making videos, not making posts, not sharing, not commenting, not clicking.

It's sickening to the stomach of God. As Revelation 3 says, that he will vomit us out of his mouth if we are lukewarm.

Look at the book of Ephesians chapter 5 verse 14. For this reason, he says, awake, sleeper, and arise from the dead, and Messiah will shine on you.

Therefore, be careful how you walk, not as unwise men, but as wise, making the most of your time, because the days are evil.

So then do not be foolish, but understand what the will of the Lord is. Now even though the next few verses talk about verse 18, not living a lifestyle of drunkenness, nevertheless, it does tell you to be filled with the Holy Ghost.

Verse 19, to speak to one another in songs and hymns, in spiritual songs, singing and making melody with the Lord in your heart.

You can't do that without gathering. You can't do that with social media. You can't do that without comments. You can't do that without emails.

You can't do that without messaging, as far as this internet congregation that we have.

This making songs and sharing songs, we need to be taking these songs. We've got something like 65, 68 songs, if I'm right, if I'm thinking correctly.

Whatever the number is, we need to be posting those again and again and again. They're not meant to be used one time and then forgotten about.

We need to be sharing them again and again and again, because every time we make any type of post at all, whether it's a music post or a video or a previous sermon, whatever it might be, a website link from the ministry website, a transcript, whatever it might be, every post that we make is an opportunity for somebody to learn that God is real, that he's not make-believe, that there's an actual real church on this earth that belongs to him that's not Babylon, where the doctrines make sense, that actually match what the Bible says.

People need to know that. People need to know that. It's our duty. It's our responsibility to get it out there.

And we're running out of time, but God has given us another month, which is a special gift from heaven that we should

not waste.

We should not waste. We don't want regrets later on in the tribulation. We don't want regrets in the resurrection. We don't want regrets in the second life.

We don't want regrets of we was given extra time and did not use it to the fullness of our ability. Awake sleeper.

Let's go to 2 Peter chapter 2.

Notice the numbers there. We started it with 2 Kings 20, which is 2, twice. And now here's 2 Peter 2. And verse 22. So there you have the 22. It has happened to them, according to the true saying, a dog returns to his own vomit, and swine after worship returns to wallowing in the mud.

It is talking about people who fall away after they have received the knowledge of the truth.

Let's go back here. Verse 16. I mentioned the donkey earlier, that he received a rebuke for his own transgression, for a mute donkey speaking with the voice of a human restrained the madness of the prophet.

Verse 19. Promising them freedom while they themselves are slaves of corruption, for what a man is overcome by, by this he is enslaved.

For if, after they have escaped the defilements of the world, by the knowledge of the Lord and Savior Jesus the Messiah, they are again entangled in them and are overcome, the last day has become worse for them than at the first. It would be better for them to have not known the way of righteousness than having known it, to turn away from the holy commandment handed to them.

It has happened to them, according to the true saying, a dog returns to his own vomit, and swine after worship returns to wallowing in the mud.

So it's talking about people that have been saved from the entanglements of the world before, you know, whether it's false religion or whatever sin that people have been rescued from, for us to fall away and return back to the Sunday churches, to the Christmas and Easter churches, to the pre-trib and to the Y names, to be turned back to those demonic blasphemous Assyrian letter Y names like many people have, to go back to the Sunday churches or go back to being an atheist, it'd be better for us if we had never known the truth, because what we have been given, we're held responsible for, and what we have been given, the Word of God, and extra time, we're responsible for.

There's another scripture that says, to whom much is given, to much he is held accountable for.

We will be held accountable for what we do at this time, for what we do and what we don't do, and if we turn back to unbelief or false religion or sin.

The other book of 2s, I'm not going to necessarily turn there, but 2 Thessalonians 2, we know it about that Jesus does not come until the Great Fall and Away and the Manifestation of the Antichrist.

The Great Fall and Away has been happening for years, but it increases as it gets closer to the Great Tribulation.

That Great Fall and Away is not just the true church, but really the whole world society as a whole, and Christians, so-called Christians, and the false Babylonian Christian church as well.

The whole world falling away from the blessings of God, the mercies of God, the grace of God, of falling away from correct doctrine in every generation, more and more in every decade and every year and every month, falling away from any type of righteousness at all, being anti-Semitic against the Jews, against Israel, being pro-Russia, pro-Assad, pro-Iran, pro-Palestinian, pro-Islam, all of this evilness that has overtaken the world.

There's a Great Fall and Away on many different levels, many different aspects, many different ways the whole world has fallen away from God.

America has fallen away from God in many ways. Christians, so-called Christian pastors, Christian churches have fallen away from God, even though they were never saved to begin with, but what measure of truth they did at once have, they've fallen away from.

The customs and traditions of the Ten Commandments and the Law of God that was handed to America upon the founding of America and the founding of Australia and the founding of the modern South Africa by the Boers, people have fallen away from these foundings, the foundings of the United Kingdom and England, Ireland, Scotland, that even though they were based upon Babylonian churches, they had a lot of truth, nevertheless, back then in those decades and every decade the truth has vanished and vanished and vanished and vanished and replaced by more and more false doctrines in every decade.

False ways of thinking and ridiculous doctrines and ridiculous teachings and history has been rewritten.

So, we could apply this verse even for America and the UK, Australia and South Africa, that it would have been better for them had never even been founded upon these biblical principles and then fallen away from them because we'll be held accountable for that.

This nation, these nations will be held accountable that they once knew and was based upon a measure of righteousness and fell away from even that, from any measure of righteousness that they previously had.

People right now more than ever before are seeking, they are. You see constantly on social media how the churches are having revivals and the Bible is being sold in huge numbers, people are buying the Bibles now that like never before people have started going to churches again, people are buying the Bibles now that like never before people have started going to churches again.

The churches that used to be empty three and four and five years ago are now actually having people attending and growing in large numbers because they see the events in the world.

They see the Russian invasion of Ukraine and how that has intensified and blown up big time and how that World War III is coming in Russia and China pose a huge threat to the entire world and then the Iranian situation where Trump and Iran has exchanged Bibles several times.

So they see all this, they see the signs and they know something's coming and they know the end's coming.

They're seeking, they're searching. They're searching Google, they're searching Facebook, they're searching Twitter, X, Instagram, Pinterest.

They're searching all these social media accounts and search engines and videos. They're searching like never before. That's an opportunity and that is an opportunity that we need to seize upon. People are searching more now than they were two years ago and three and four and five and six and seven years ago.

So we need to be resharing again those memes from seven years ago that we was disappointed or nobody responded to that video or that post or that meme.

Well, there wasn't as many people seeking seven and five and two years ago like they are right now in huge, huge, huge numbers.

We need to seize upon this opportunity of the Great Commission of loving people, loving to see that they be rescued, some of them, that one next person.

That one next person might be a whole family. That's coming, that is coming and I know it's hard to believe because we've been all these years of nobody wanting to come to the truth or very few, I should say, because people have, people have, but very few.

I know it's easy to get discouraged, but we can't give up, especially when we're being given the special gift of not only more time, but even the timeframe of people seeking like never before.

That's a very special combination. So now let's talk about the calendar. We made all those videos, sermons, posts, memes, everything. That was proclaiming March 3rd and March 4th as Purim and for the manifestation of the Antichrist, the strong delusion, Bashar Assad, the fake battle of Armageddon, the fake coming of the Lord.

And all of those were absolutely true prophecies and they were all based upon Purim, the biblical end time, prophetic timeline that the Bible absolutely teaches undeniably that all the events would begin on a day of Purim of whatever year.

The problem was that the calendars were wrong, not just our calendar, not just how we calculated it, but everybody's calendars, even the astronomy websites and calendars and videos and everything.

Everything on the Internet has given the wrong calendar. Everybody was saying March 20th for the new moon for this month.

That's the date of spring equinox. So then you would calculate that for Passover, for April 1st, April 2nd.

But lo and behold, I discovered that it's actually going to be the new moon, first crescent moon, on March 19th instead. Only one day earlier, but a very significant period of time, because that's before spring equinox.

You cannot declare a new month of month number one before you have the new year. It don't make sense.

It's not logical. If March 20th is spring equinox, which we know is the new month, it's not logical.

If March 20th is spring equinox, which we know it to be, then that's new year and you can't start month number one of the new year before the new year begins, even though it's only one day.

It's not logical. It doesn't make sense. But March 19th, the day before spring equinox, is definitely the new moon, even though the astronomy websites and even groups that keep Passover and so forth, all of them was wrong and we was wrong because the astronomy websites was giving us the wrong information about the new moon.

But now that we know 100% for sure, without any doubt, we have proven that the new moon will be on March 19th.

That forces the insertion of a 13th month, because you cannot say it's not month number one before the new year, so you have to say it's month number 13.

And we've always done this for thousands of years, people that keep Passover, that you have a 13th month whenever

you have that situation.

Now whenever there's a 13th month, you observe Purim in that 13th month, 14th and 15th day of the 13th month, and that would bring us to observe in Purim on April the 1st and April the 2nd.

And therefore, all the prophecies that we had proclaimed for March 3rd and March 4th are now moved to April the 1st and April the 2nd, because of the correction of this calendar.

It is a correction of the calendar, not a correction of the prophecy. The prophecy is still the same prophecy, but it's a correction of the calendar, a correction of the calendar that the entire world had wronged.

It's not just us. And this is a special gift from God, because if we had not discovered this calendar era that the entire world had wronged, we would have been keeping Passover in the wrong month.

So this is a gift from God that God is fixing the calendar and revealing to us even in advance before it happens, before we make that mistake of observing Passover on the wrong day.

This is a gift from God. It's also a gift from God because we have more time to prepare so we've got to get that information out there.

There was a lot of people that saw our declarations of the prophecies of Purim of March.

A lot of people saw that. Now we've got work to do to try to inform those same people as much as we can that it was a calendar era that everybody in the world was using a wrong date for New Moon, which threw off the entire calendar for everyone, and that we've discovered that, that God was good enough to reveal it to us.

And that moves current and Passover. We need to tell that to people. People need that information. That's very vital information.

It's urgent. And we cannot overstate how important it is to get that information out there to the people.

We are to be co-workers of this evangelism, working to do what we can to get the messages out there to the people.

Matthew 25 talks about if you helped the prisoner, if you helped the poor, if you helped the people that was in need.

Well, this is a way of helping people in need, because we see that the entire world is about to blow up in nuclear war.

Famine, disease, and starvation and three-fourths of the world to die. This is urgent.

This is important. It's fulfilling the commandment of love thy neighbor to tell the people what's about to happen, even though nobody's going to believe it.

We're only held responsible not for their reaction, but for what we do and what we say, what we share.

We're responsible for our work. Regardless of their reaction, whether they believe it or not, that's between them and God, we still got to do our work.

We've got to plant the seeds, throw the seeds left and right on both sides of the road.

We've got to plant the seeds everywhere and let God take care of that.

I'm going to choose a song here. We're also, we should be starting to think of Passover as well, which is moved to May 1st, but that's pretty soon.

And we need to be thinking about Passover and water our sins and trying to clean our hearts, our minds, our lives, be more susceptible to God.

So let's do a Passover song. Song number 57, Washes White as Snow.
