

Full Sermon Transcript: Wickedness of Humanity

March 28, 2026

Disclaimer: This transcript is computer-generated and may have mistakes or inaccuracies. Though for the most part, the software does a really good job.

Let's go in prayer. Lord Heavenly Father, Almighty God, Creator of heaven and earth, the Alpha and the Omega. Thank you, Lord Heavenly Father, for getting us through this week. Thank you for your continued mercy and grace and forbearance and long-suffering with such a rebellious and wicked people.

We ask you, Lord Heavenly Father, for your special help in this sermon today. We ask that you bring people to hear this sermon, to find this recording, to find this transcript, to listen and to grow in understanding, to grow in truth what the Bible actually says and actually teaches compared to what the world has taught us and brainwashed us with. That people would lay aside the lies of Babylon and embrace your biblical truth over and above what they want to believe and have been programmed to believe.

May the truth of Scripture prevail in our hearts, in our minds, in our souls, and may your will prevail in us. In the mighty name of Jesus, amen. You may be seated.

We'll turn to Genesis chapter 6.

Before we start reading here, I'll go back and tell the testimony that I shared a couple of months ago.

I don't know exactly how many months or weeks ago, but I'm sure that the Church remembers that I had to go to get the x-rays of my esophagus and digestive system, intestines, everything for diagnosis to see what was going on, and the x-ray technician woman that was working that day, she said it was highly unusual, extremely unusual that she would have time to talk with any of her patients because usually there would be multiple patients having to go from one to another in different rooms, take care of several people, but I was the only patient scheduled for that day, for really that whole day for their department.

And so she was able to spend a lot of time with me, and we really talked about a lot of topics and agreed on a lot of topics, and it was a wonderful conversation and a wonderful experience to find somebody that seemed to be open-minded to the truth, and know a lot of truth and know a lot of the Bible, accept what it says, but yet that became a point of time in which she just stopped the conversation abruptly, and I haven't shared that part with you, because I was focusing upon the multiple hours of wonderful conversation in the Lord, and how wonderful and truly wonderful it was to find such a person to truly talk with, to share a lot of truth with.

And so I had a lot of hope in the days and weeks after that, but she never did ever contact me, regardless.

That conversation with her that day ended weirdly, abruptly, that she just shut it down all of a sudden, and the reason for that is I had said that people are wicked, people, everyone, everyone is wicked.

And when I had said that, that's when she shut it down, and just got to work and business, no more talk, no more conversation, and even got other people in the department to even take over.

She didn't like that I said people are wicked. People like to think that people in general, everywhere, is that people are good at heart, that people are good.

People like to believe that. It's easy to believe that because it tickles your ears, it's a comfort to your mind.

It's a comfortable thing to believe, a good thing to believe as far as comfort, peace of mind.

It tickles the ears, it tickles the hearts. But what does the Bible teach? Does the Bible teach that humanity in general is good-hearted, good, and righteous?

Or does the Bible teach that humanity is wicked? What is the truth of Scripture? Not what we want to believe, but what is the reality in which God views humanity?

How does God view humanity, and what does the Bible actually teach?

Here in Genesis 6, context of Noah, his time frame, Genesis 6 verse 5, read with me, and the Lord the Theos haven't seen that the wicked actions of men or mankind was multiplied upon the earth, and that every intent of the faults of the heart were intently grueling over evil continually.

Then the Theos laid it to heart that he had made man upon the earth, and he was grieved to his heart.

He was grieved that he had made mankind. Verse 7, the Theos said, I will erase mankind whom I have made from the

face of the earth, even mankind with cattle and reptiles creeping things with flying creatures of the sky, for I am grieved.

I regret that I have made them. But Noah found grace in the sight of the Lord the Theos.

Only Noah, the one man Noah, the Bible says that God searched the entire earth for a righteous man and found only one.

Now, we don't know as far as scripture does not say exactly how many millions or billions of people there was on the earth, but common sense says that there was at least millions and perhaps billions by this time.

It was not the first week of creation, it was not the first month of creation. We have generations that have passed.

Noah's descendants, his grandchildren were already born. Noah was a thousand years old, basically, I'm rounding the number.

And those many generations before Noah, of which people were living a thousand years each, it was a huge number of people on the earth, huge number of people on the earth.

But yet only one righteous among them, only one. I don't believe that our modern society is any different from Noah's society.

I really don't believe it's any different at all. I know that Brother Robert and I both and other people in the past that used to be in the ministry, that they told me that they searched the earth for any other ministry on this entire planet, teaching as much truth as what God has granted us.

You can't find it, you can't. We are no different today in this time of impending judgment and destruction of millions and actually over a billion people on this planet to be destroyed very, very, very soon now by the hand of God because of the wickedness of humanity.

Just from that fact alone, we can see the reality of Scripture and the way God views humanity.

If God viewed humanity as righteous, as good, good at heart, good thoughts, good intentions, good in our hearts and minds and souls, why would He destroy three-fourths of the population over the next three and a half years?

God is the righteous judge. He judges righteously, not unfairly. Verse 11, Now the earth was corrupt in the sight of the Theos, and the earth was filled with violence.

And the Lord the Theos saw the earth, and it was corrupt that it was corrupt, because all flesh had corrupted its way upon the earth.

It's not God's fault, like the atheists and Satanists like to accuse, but rather is mankind is the one that corrupted the way as well as Satan.

But mankind has that free will. Mankind doesn't have to follow Satan. Mankind, Adam and Eve and their children and their children and their children and their children chose and our children today choose the same path of their own wicked ways.

We can't blame God and we can't blame Satan. Each human has free will to choose God's way or Satan's way.

And when they choose their own personal way, that is Satan's way. It's free will.

It is very wonderful and perfect to give us that free will so that we are not computer profiles with no choice.

But that we have the free will is a perfect gift of God and shows His perfection.

Let's go to Book of Psalms, Psalm 14 verse 1.

The fool has said in his heart, there is no Theos, no God.

They have corrupted themselves. Now, I didn't realize it said that. I didn't read very much of this verse at all. I didn't even see that verse.

God knows this is the truth. I did not see that verse. I did not understand, realize, comprehend that it said about people, humanity, corrupting themselves, just like Genesis says that.

And in fact, I didn't even realize even Genesis said that part. I did not pre-read every one of these verses.

I just knew that these verses taught the principle of the wickedness of mankind. I did not realize that both of these verses I've shared thus far talked about how mankind corrupts themselves.

So that right there alone is God's Word confirming God's Word. Amen. The Bible confirms itself. The Holy Ghost confirms Himself.

The truth confirms itself. That's how you know that we right now, this moment, are under the influence of the Holy Ghost of Jesus.

That God Himself is in this message. That this sermon does not come from my thinking and my opinion, but God Himself is the origin of this message, this sermon today, and is present, anointing in it.

Mankind does it to themselves and become an abomination in their ways, their own ways.

“There is none that does goodness. There is not even so much as one. Jesus looked down from Heaven upon the sons of mankind to see if there were any that understood or even saw after those. They are all gone out of the way, out of God's way. They are all together become good for nothing. There is none that does good. No, not one. Their throat is an open tomb. With their tongues they have used deceit. The poison of snakes is under their lips, whose mouth is full of cursing and bitterness. Their feet are swift to shed blood. Destruction and misery are in their ways, and the way of peace they have not known. There is no fear of God before their eyes.”

Amen. And that's the state of humanity in general. So this is after Noah's flood. So we know before Noah's flood the world was filled with violence and wickedness and corrupted their own ways. They were very sinful. Only one righteous upon the entire earth out of a huge population. But even in David's day, generations later, in a new society that has started over just from a family of eight people, mankind returned to the very same path, the same way. Now you would think, okay, that guy off the ark, they had saw this wonderful, amazing miracle of God for that prophecy to come true and God to save those eight people from the worldwide flood and so forth. And you would think Noah would teach his children and his teaching and all of them would pass it down for generations. And you would think in David's day that mankind would have figured it out by that point and serve the Lord in righteousness and truth willingly. That's what you would think. But no, they go back to the same way of wickedness. We know it didn't take very long after Noah's flood. I don't know exactly right off the top of my head exactly how many years, but it wasn't long after Noah's flood that we have Nimrod and the building of Babylon and the Babylonian Tower and so forth. It didn't take long. Amen. And even Noah's sons themselves. Amen. The curse that Noah had to put on one of his own sons. It didn't take long. This is the way of humans. It's the way that humans act.

Proverbs 21:2 “Every man seems to himself righteous, but Jesus directs the hearts to do rightfully and to speak truth and are more pleasing to Theos than the blood of sacrifices. A high-minded man is stout-hearted in his pride, his own pride, and the lamp of the wicked is sin. He that gathers treasures with a lying tongue pursues vanity. Owned to the snares of death, destruction shall lodge with or dwell with the ungodly, for they refuse to do rightfully.”

Amen. In verse 2, the King James translates it as, “Every way of a man is right in his own eyes, but the Lord pondered the hearts.” Yet every person, everybody thinks they are righteous. And not only do they think they're righteous, but so do the parents think that their children are righteous and their grandchildren are righteous. And people think that their parents are righteous and their grandparents are righteous. To humans, everyone is righteous. All of your friends, all of your family, all of your neighbors, they're not judging according to Scripture, evidently. If they judge according to Scripture, they would see the wickedness within their own families and communities, cultures, societies, government, and religion. So they're judging by a wicked heart. If your standard, by which you judge with, is wicked, then your verdict is not going to be the right verdict, by what standard are you judging? Amen. Every man is righteous to his own way, his own heart, and his own thinking.

Let's go to Isaiah 64:6 And we are all become as unclean, and all our righteousness as filthy rags, and we have fallen as leaves because of our iniquities, thus the wind shall carry us away. Amen.

Let's look at Micah 7:2 For the godly is perished from the earth, and there is none among men that orders his way aright. They all quarrel, even to blood, argue and fight even to the blood. They grievously afflict everyone his neighbor. They prepare their hands for mischief. The prince ask a reward, and not be bribe. And the judge speaks flattering words at his desire of their soul. Therefore I would take away their goods as a devouring moth, and as one that acts as a rigid rule in a day of visitation.

Woe, woe, woe, here at times of vintage are come. Now shall be their limitations.

Let's go to the New Testament, Mark chapter 7. So as we go throughout scripture, we're going into the next generation, and the next generation, and the next generation.

Do the generations improve, or do they continue in their wickedness?

Mark 7:21 For from within, out of people's hearts proceed the evil thoughts, fornications, thefts, murders, adulteries, works of coveting, wickedness, deceit, lasciviousness, envy, slander, pride, and foolishness.

All these evil things proceed from within and defile the human. That's a pretty large list.

That's a lot of different sins that come from men, from within, not from Satan and not from God, but from our own soul, from our own state of sinfulness in which we are born in.

We had a sermon a long time ago that we are born in sin, that it is our nature. So feel free to look up that sermon, see if you can find it.

Maybe we can find it and give you the link later as well to make it easier on you.

But that's another topic, is did the sin come upon us in our childhood or are we born in that condition, and we are born in it.

Now let's go to John 3, verse 19. This is the judgment that the light has come into the world, and mankind loved the darkness rather than the light, for their works were evil. Amen.

This is an amazing statement. God came into this world, He is the light, but the world did not love the light, the Savior, the Messiah, but rather they loved darkness.

That is a mind-boggling statement, and it would be no different today if Jesus had been born and died and crucified in this generation.

It would have been the same heart of humanity, the same wickedness.

John chapter 7 verse 7, the world cannot hate you, but it hates me, because I testify of it, that its works are evil. Amen.

Go to Romans chapter 1, verse 29, being filled with all unrighteousness, wickedness, greed, evil, full of envy, murder, and sin.

This is the judgment that the light has come into the world, and mankind loved the darkness rather than the light, because they loved darkness, greed, evil, full of envy, murder, strife, deceit, malice, gossips, slanderers, haters of God, despicable, violent, insulting, arrogant, boastful, inventors of evil, disobedient to parents, without understanding, untrustworthy, unloving, unmerciful.

And although they know the law of God, the ordinance of God, those who practice such things are worthy of death.

They not only do this thing, but they also give hearty approval to those who practice for them. Amen.

That is the state of the world. They do evil, and they give their full approval to others who do the same. That is the condition of this world, and always has been.

Look at Romans chapter 3, verse 10. As it is written, there is none righteous, no, not even one. There is none who understands, there is none who seeks for Theos.

All have turned aside, together they have become useless. There is none who does good, no, not even one.

The throat is the wolf engraved with their tongues. They keep deceiving the poison of vipers is under their lips.

His mouth is full of cursing and bitterness. Their feet are swift to shed blood. Destruction and misery are in their paths.

And their path for peace they have not known.

There is no fear of God before their eyes. So it is quoting those scriptures. So Paul is teaching this same principle. Paul is teaching the same principle that the world is full of wickedness, not full of righteousness.

If mankind was in general genuinely good in nature, if their hearts were good, then you wouldn't have a world full of wickedness.

So this mentality that most people do have, most people, the majority of people, have the thinking, the mentality, that humans in general are genuinely good.

But if that was true, the world would not be full of the wickedness that it is.

Romans 8 verse 7. Because the mind set on the flesh is hostile toward theos, for it does not subject itself to the law of theos, for it is not even able to do so.

And those that are in the flesh cannot please Theos. However, you're not in the flesh but in the spirit, if indeed the spirit of theos dwells in you.

But if anyone does not have the spirit of Messiah, he does not belong to him. We know that this world is full of death. As it talks about in verse 6, the mind set on the flesh is death. This world is full of death and destruction and evil and lawlessness against God.

Because people's minds and hearts are not generally good, but rather their hearts and minds are set upon wickedness. And that's why they choose of their own accord. Satan has not forced it upon them.

God has not forced it upon them. Of their own wicked hearts, they choose death. And I've said it before and I'll say it again right now. The only people that will perish in the lake of fire will be those that choose it.

God says, I say it before you today, both cursings and blessings. Blessings if you obey, cursings if you disobey. But it's your choice which one you go. It's your choice which way you go, left or right. That's your choice.

2 Corinthians chapter 4 verse 4 says, In whose case the ruler or God of this world has blinded the minds of the unbelieving so that they might not see the light of the gospel of the glory of the Messiah, who is the image of Theos. Now here it says it's Satan's fault. But again, why are the people deceived? Even though Satan wants to deceive, tries to deceive, has workers of deception. But the people that are listening to the lies, they freely listen to the lies.

They freely turn on the TV, turn on the radio, find the station, listen to the person that is telling the lies.

As the book of Timothy says, that people heap unto themselves teachers that will tickle their ears.

So even though Satan works the deception, the people themselves freely choose to believe and listen to and pay attention to and become addicted to the deception.

We have to understand that we have free will. We can turn off the TV, we can turn off the radio, we can turn off the YouTube video in which he's telling lies.

But instead, people want to send me videos that last two hours, two and a half hours and say, hey, watch this video, can you please watch this video and tell me what you think of it?

I watched literally 30 seconds and it's demonic as hell and these people don't know that?

And they sit and listen to the entire two and a half hour video and then ask me my opinion?

It don't take two and a half hours to make a common sense decision or to have a little bit of a discernment or a little bit of a common sense that such a thing is either stupid or straight out demonic.

You do have a level of stupidity and that's a real and true fact. But it's also that people freely choose lies and deceptions because it tickles their ears.

And it's easier to believe something that you want to believe rather than the truth of Scripture that is really written in ABC.

The truth of Scripture is so easy to understand, believe and accept. The Sabbath day, no pre-tribulation rapture, no Trinity, no Christmas, no Easter.

The law, all of it completely is not done away with because the Sabbath still remains, given tides still remain.

Everything I'm mentioning is very extremely simple and easy to understand if you would just read the Bible and choose to believe it instead of going to a YouTube video or some website or some religious book that tell you the exact opposite of what the Scripture says.

And it's like, oh, I would rather believe that. That's the reality. It's wickedness. It is wickedness.

Ephesians chapter 2 verse 2. Might as well read verse 1 here as well.

Verse 1, And you were dead within your trespasses and sins, in which you previously walked according to the course of this world, according to the ways of this world, according to the prince of the power of the air, Satan, of the spirit that is now working in the sons of disobedience.

The course of this world is wickedness. In every verse that we're reading, and we're reading verse after verse and chapter and chapter and book after book, we're reading a lot of verses from Genesis to Revelation.

We're not going by one verse theology here. We're looking at a lot of verses. And the course of this world is not righteousness. The course of this world is wickedness.

That means the way of this world, the heart of this world, the mentality of this world, the attitude of this world, the belief system of this world is wickedness.

People need to understand that even Satan can smile and shake hands and give gifts.

Even witches, homosexuals, Muslims, Buddhists, Hindus, Jehovah's Witnesses, Baptists, Catholics, Pentecostals, Apostolics, and other demonic people, all these different wicked groups, every one of them, wicked people, can smile

at you, be good, laugh, make jokes, have fun, party, be cool, look cool, act cool, talk cool, and be friendly and smile and joke with you.

Even Satan can be your best friend if that's what you want. If you judge things by your wicked heart, and you freely give permission to others to do the same, then you are not condemning wickedness.

As the Bible says, Woe unto them that call good evil, and evil good. And that's your average person, your average person worldwide.

Look at Ephesians 6 verse 12. For we do not wrestle against flesh and blood, but against the rulers, the powers, against the world, forces of darkness, against the spiritual wickedness, and the heavenly round.

We need to understand that even though humans freely choose the wickedness, and it is the way of their soul, their heart, there are demonic influences in their life.

Demonic influences that they embrace and accept and do not resist and do not fight and don't even want to fight.

They don't want to even fight the dark forces, such as horror movies, are very demonic, real and true demons working in the people that make those movies, sell those movies, produce those movies, direct those movies, write those movies.

Every aspect of making and producing that movie is people influenced or possessed with demons.

And then people freely watch that and embrace it and laugh at it and love it. And they do this every Halloween and all year long and read the horror books as well, the books and movies both, and send their children out to glorify the exact same thing.

And you call this a good society? And churches not preaching against it? And churches trying to say, okay, you can come to our parking lot on Halloween night, and we'll give you the candy and you can still dress like a witch on our property.

And then you think they love God. No, they love Satan. The God of their world is Satan, unfortunately. This earth belongs to God.

And every person on it belongs to God. God is the God of the world as ownership, but the people freely serve Satan as their God.

And when they freely serve money, houses, land, sports, the NFL, the NBA, the Democrat Party, and these false religions, they freely serve Satan because they're one and the same.

Every Democrat is a Satan worshiper. Every person that does Christmas and Easter or goes to church on Sunday, they are Satan worshippers.

People don't like the way I preach because it hurts. People don't like the way I preach because it hurts their feelings.

And they think I'm preaching hate. What I'm preaching is hatred of wickedness. I preach this so that people can change and repent and be transformed out of their wickedness to the glorious and free light of Jesus Christ.

That salvation is available. That repentance and change and transformation is possible and available.

And God has reached out His arm all day long and every day of the week to rebellious and wicked and perverse generations, and that's every generation. Amen.

God is not willing for anyone to perish, but for all to have everlasting life.

But the first step for us to obtain everlasting life is to come to the reality that we are wicked, that we are lost, that you need Jesus to save you.

A lot of people are like, I'm already saved. I got saved when I was six months old.

I got saved when I was two years old. I got saved when I was four years old. I got saved when I was seven years old.

But I didn't know anything about God's law.

I didn't understand what God is or what law is or what sin is. But I got saved. Hallelujah is their words. And when they say hallelujah, that means praise Satan.

That's exactly what it means, praise Yah. And Yah is Allah, which is Satan. So they're praising Satan in their songs.

They're praising Satan in their church temples.

And it's a simple search. What does it mean? Where does it come from? Yah, that's not God.

That's not God. The truth is simple, but nobody cares what the truth is. They don't care what the truth is. There's people that have been listening to these sermons for multiple months or even years and still have never contacted me, not even once to this very day.

Neither do they support us in tithes and offerings because they think they're already saved and got saved decades ago without any knowledge of the Bible at all.

And performing all of those satanic activities. But yeah, they were saved decades ago, and they don't need to send not

even one dollar to help us.

To those people that have been listening for months after month after month after month that actually live in America, because I understand people in Africa that for the most of you in Africa, the amount of food you eat in a whole year is what we eat in one month.

But Americans have no excuse. Americans that are driving motorcycles and RVs and have money to spend and gorge themselves and waste their money, but can't send us five dollars a month.

Because God is not your priority. And supporting the truth is not your priority. And being part of the church in which is God's church upon this earth is not your priority.

If you loved God and if you was truly saved, you would want to be part of this. You would want to support this in every possible way.

But your heart is evil. Your heart doesn't want to do good. Your heart doesn't want to be part of the work of God that is being performed right in front of your ears that you can hear every week.

But you don't want to be part of it. You just want to sit on your couch and be a fat, lazy bastard.

And I ain't got time to deal with that type of complacency and evil. People don't like the way I preach because I dare to tell them the truth.

How dare he say I'm a fat, lazy bastard even though that's what I am! And there's no difference between the fat, lazy bastards and the skinny, lazy bastards. The same wicked heart.

Philippians chapter 2 verse 15. So that you approve yourselves to be blameless and innocent. Children of Theos above reproach in the midst of a crooked and perverse generation among whom that you appear as lights in the world.

We're lights in a world of a perverse and crooked generation. So which one is more common?

Light or darkness? Which one is the majority? The crooked and perverse generation. That's the majority.

That's the generation. That's the society. And we are lights in that darkness. Or we are, should be, lights in that darkness. Lights in that darkness.

Go to 2 Timothy 3 verse 1, but realize this. That in the last days, that's the time we're living in now.

Difficult times will come for people to be lovers of self, lovers of money, boastful, arrogant, revilers, disobedient to parents, ungrateful, unholy, unloving, irreconcilable, malicious gossips, self-control, brutal, haters of good, treacherous, reckless, conceited.

This is a lot. This is a huge list. This is our society. Lovers of pleasure rather than lovers of Theos.

Hold into a form of godliness so they claim to be saved, although they have denied its power.

Avoid such men as these. Don't have anything to do with them. Get away from them. Come out from among them.

Touch not the unclean. Amen? That's the generation that we live in. It's the same as it was when God was about to pour down the wrath upon Noah's generation.

No difference. No difference today.

James chapter 4, verse 4.

You are adulterous. Do you not know that friendship of the world is hostility toward Theos?

Therefore, whoever desires to be a friend of the world makes himself an enemy of Theos. Amen?

What does it mean to have friendship with the world? I would say it includes being friends with Shriners, accommodating Shriners, glorifying and approving of Shriners.

I know that Shriners have helped children, but so has the Catholic Church in that they're still evil.

Remember what I said, that even Satan can give you money, smile, laugh, joke. Even Satan has a sense of humor.

Satan gives gifts, jobs, money, boyfriends and girlfriends, to distract you, harm you, destroy you.

Just because a group or organization or person does good things doesn't mean they're a good organization or good person.

They do good things to trap people, to deceive people, to have that impression even as Satan can transform himself into an angel of light by appearance.

Even Satan can put on a suit and tie and look good. Even Satan can put on a pretty dress and lipstick.

Just good appearance and good deeds doesn't necessarily make it a good person or a good organization or a good church.

Do they believe in the Scripture and God's truth and obey God's truth? No, that's the standard that we must judge with, not how much the smile and how friendly they are and whether they give us bribes and gifts like this one woman that

one of B's old friends that she still idolizes and glorifies that used to keep the Sabbath but left the Sabbath-keeping church to go to the Lutheran church because the Lutheran church was nice and friendly and helped her and gave her things.

That's accepting a bribe to stop keeping God's Sabbath and start going to a Sunday Catholic Lutheran church instead, because they give you and help you more things and are friendlier, nicer, and know how to smile better.

That's betrayal of God. That's betrayal of God. That's throwing his words and his commandments into the trash can and accepting the bribe of Satan and joining Satan's church because they have more to give as far as money and resources and taking a bribe.

You shouldn't choose your church according to they have better social engagements, programs for your children, daycare for your children, programs for your teenagers, sports for your teenagers.

A lot of people I see on Facebook constantly, on Facebook I have seen a lot of people saying what church in town can give me daycare, activities for my teenagers?

They don't ask on Facebook what church in town has the most biblical truth. I've never seen that once in my life.

I've seen over and over and over what church in this town can give me the programs for my children.

They treat church as a social club and a country club rather than seeking what preacher in this town, what church in this town is going to give me the honest, true word of God.

And they think they're saved and they call themselves Christians and they wear a cross around their neck and they have bumper stickers that talk about Jesus and all of that and they have bumper stickers on the sides of their car, the front of the car, the back of the car and they even give you \$20 if you're begging on the side of the road.

But they're saying praise Satan and choose the church that gives them the most products instead of the church that gives them the most truth.

It's selflessness and stubbornness and rebellion and that's your average Christian, your average Christian.

Not the minority, but the majority. James 4 verse 4, Friendliness with the world.

Now let's go to 1 John 5 verse 19.

We know that we are of Theos and that the entire world lies in the power of the evil one.

Not the minority, but the entire world lies in the power of the evil one. So people need to get out of that mentality that people in general are good because they're not. Amen. They simply are not.

2 Thessalonians chapter 2, verse 10. With all the deception of wickedness for those who perish because they did not receive the love of the truth so as to be saved.

For this reason Theos was sent upon them a strong deception so that they will believe a lie.

God is sinning the lie, the antichrist appearing as if he is God coming in the sky because that's what people are waiting for and wanting for and praying for and begging for.

It's that God is going to give them what they have chosen. God turns them over to the desires of their heart.

People love a lie. That's why such an April Fool's Day even exists is because people love a lie.

That's why Easter exists because they love a lie. That's why Christmas exists is because they love a lie.

That's why every church that you have ever seen in your entire life, every church building, every, every, every, every, every church building you have seen in your entire life was built because people love a lie.

That's the condition of the human soul, the human heart until you come to realize that you are lost, that you are deceived, that you need to change, that you need to repent, that you need to be saved, that you were deceived and you want to change.

And I don't have to beg you to change, but rather you choose on your own accord. Hey, I need to change and then do it.

I'm tired of people that I have to beg to change. So I'm preaching to people that are just now finding this ministry, to people that have known about this ministry for a whole year and are not part of it, to hell with you.

Don't call me, don't email me, don't text me, and don't show up when the world is destroyed.

Don't show up because I don't want anything to do with you, nothing. But to people that are just now finding this ministry, this is your opportunity.

Now that your eyes are opened, this is your opportunity to be baptized, to be saved, to be born again, as it says in John chapter 3, that you must be born of the Spirit, that you must be born again is a requirement.

So it's a grand opportunity.

Go to Revelation 9 verse 20. The rest of mankind who were not killed by these plagues did not repent of the works of

their hands, so as not to worship the demons, the pope, and the owls of gold, and of silver, and of brass, and of the stone, the black stone of Mecca, and of wood, which can neither see nor hear nor walk.

And they did not repent of their murders, nor of their sorceries, nor of their immorality, nor of their thefts.

So we see here in Revelation 9, verse 20, that even at the end of the Great Tribulation, of course we know there's going to be a large number of people that do repent, a huge number in the Great Tribulation in the final year, but even then, even then, it's not going to be everybody.

It won't be everybody, even though it will be a huge, huge, huge number that finally repents only in the final year of the Great Tribulation, according to Revelation 7 and Revelation 14.

We'll have to go through two and a half years of God spanking people, the entire world, and spanking extremely, extremely, extremely hard, and the two witnesses cursing the people, cursing the nations, cursing the land, cursing the weather, bringing no rain upon Jerusalem for three and a half years.

The two witnesses are not going to be kissy, kissy. The two witnesses are going to be preaching hard like I preach hard, condemning the people for their sins.

That's why the world are not going to embrace the two witnesses until only after two and a half years of starving and suffering.

People are going to have to be spanked and spanked extremely, extremely hard before they eventually want to repent. That's how wicked people are. Two and a half years of suffering, destruction upon this earth, and the majority of humanity wiped out before people began to repent, even begin, in large numbers.

That shows you how wicked people are. And even then, even though that final year you're going to have a huge number to repent, according to this verse, you still have some that still don't repent of the worship of the popes, the demons, and the black stone and mecca, and stone and wood and so forth.

They still don't repent even then, even when there is a great revival upon the earth that they're finally in for the first time in thousands of years.

They still won't repent, some people. Stubborn, stubborn, stubborn. We know that Revelation 12 verse 9 says that Satan has deceived the entire world.

Revelation 12 does not say Satan has deceived only a few, like people teach and believe and want to believe.

But Revelation 12:9 says that Satan has deceived the entire world. But again, people freely choose that.

So how can we say that people are genuinely good?

Look at Revelation 16 verse 5. This is during the wrath, the final 41 and a half days before Jesus lands on earth.

During the wrath, verse 5 says, the angels declare that the people deserve the judgment that they receive. Amen?

The angels know, and God knows. And we should know that God is the righteous judge. He's not destroying the entire earth just because He's a monster, because He definitely is not.

But He is love, God is love. But God hates wickedness, and we should too. God hates wickedness, and we should too. Amen?

God hates wickedness, and we should too. Amen? The way people drive proves their wicked heart. No respect for other people.

Speeding at 10 miles per hour over the speed limit or even more on a regular basis.

That's the way they drive every day. Speed limit is 45, and they're going 55 and 60 and 70 in a 45 mile per hour zone.

That's outrageous, and it shows that their heart, their mentality, is they don't give a crap if they kill someone, or even if they kill themselves.

They don't even have self-respect, much less respect for somebody else. A lot of people these days, I've seen it on Facebook, over and over and over and over and over, that they don't even slow down even in the school zones.

They won't do it, and they'll tell you that straight out on Facebook. I don't slow down in the school zones.

I'm not going to do it. I'm not going to do it. I don't do it. I don't do it. I don't do it. I see that all the time on Facebook.

They don't even have respect for the lives of children or for the law. No respect.

The way people interrogate and get right up on you. And I always drive five over the speed limit, because that's what I was taught in driver's education class.

Because if you don't, you'll get your ass run over. Five miles per hour over the speed limit is sufficient, and no police is ever going to pull you over for that, and no judge is ever going to condemn you for that.

And I have driven five over the speed limit for decades, as I was taught in school.

And I do it right in front of the police all the time. But yet, even though I'm going five over the speed limit, you get

somebody that come up right behind me that wants to go 15 over the speed limit.

Five over the speed limit is not sufficient for them. They want to get to the store 30 seconds earlier and home one minute earlier, and they're willing to kill you to accomplish that.

That shows the average person is wicked. The average person is wicked. If they're not praising Satan, they're out there driving like maniacs with no respect for anyone, not using turn signals, and getting in the turning lane literally a half a mile before the turn, driving in the turning lane all the way down the street in the turning lane, as if it is the main lane. So when you try to get into the turning lane in the appropriate location where the paint has been marked for you to enter the turning lane, the car coming behind you that's speeding, that's been driving in that turning lane for a half a mile, is going to crash into you and kill you unless you are watching and paying attention with extra caution and praying before you get in the car.

People are wicked. The way they drive proves how wicked they are. And honestly, I can't wait for the judgment of God to come down upon them because they deserve it.

They deserve it. Driving in the rain with no headlights on like an idiot, no brains and no care about running into other people, causing accidents, blocking the entrance and exits of businesses and roads.

When they can very easily stop, when they see that there's a road there, that there's a driveway there, they block it every time.

They will block it every time because they have no care, no respect for anyone else.

They'll just block you in every time.

Then once you get into the store, it's no better.

You're in the store, you're looking at something, and they get right in front of you and have no respect for your space and your needs that you're standing there, you're looking at the product, and they bud right in front of you.

They have no respect for anyone. Selflessness, self-centered. They won't simply just go to the next aisle and get their next product and then come back when you're gone.

No, they have to bud right in front of you. They have no respect. I hate going to the store. I hate it.

I absolutely hate it. Because it don't matter what aisle you go down or what product you're looking at, aisle after aisle after aisle, you're looking at something and people are getting in your way.

They can't just simply do like I do, go to the next aisle where no one is standing and get those products and then come back because they're too lazy to do that.

People's rejection of the truth. Their love for false religion. They go to the Sunday's church when they know that the Sabbath is Saturday. And I've seen that over and over and over.

You get talking to some of these people about the Sabbath, and they're like, yeah, I know the Sabbath's Saturday.

And it's like, why are you going to the Sunday church? Because everybody else does it.

That's the door that doors open on Sundays. I go Sunday. They know the truth, but they don't care about it. They know the truth, but they don't give a crap.

Even a pastor's wife of a Sunday church said the exact same thing. She believes the Sabbath.

She knows the Bible teaches Saturday is the Sabbath. Why does your husband, the pastor, do it?

Oh, because that's when everybody goes to churches on Sunday. Even though she knows the Bible, what it says.

People's hatred of Jews, hatred of Israel. Even though they can read the Bible. But they say, oh, but that's not the Israel of the Bible. These are fake Jews.

This is not real Israel. If that's not real Israel, and that's not real Jews, then where in the hell is real Israel? Amen?

It sure ain't Africa. According to Scripture, there is a regathering of Israel in the end days. That prophecy was fulfilled.

The fact that you hate Israel, and you hate Jews, is proof that they are Jews, and they are true Israel of the Bible.

Not that they're perfect people. Not that they're righteous people. But they are true Israel and true Jews, which is proven by your hatred of them. The whole world, all the United Nations, the entire Democrat Party, and all of Africa, hate the Jews and Israel, which proves they are true Israel.

But people ain't got no common sense. No such thing as common sense.

Women in modern Western society, women in modern Western society controlling their husbands.

That's wickedness. That's evil. But it is the way of modern Western society. In Europe, in the United States, Canada, and it has crept even into Far Eastern nations, which is mind-boggling to me.

When I was younger, I thought of places like Japan, Philippines, Korea, India. I thought of them as being more traditional, where the men were still in control.

But no, the modern Western poison of women controlling their husbands and controlling business and government and society has crept even into the Far Eastern nations and Africa even.

And it's so sad to see the poison of feminism poisoning the young minds, poisoning the minds of Adam, of men.

And both men and women now, both, think as women as being equal to men when the Bible does not teach that, but rather teaches the exact opposite, that the woman was made to serve the man.

Serve him sexually, serve him food, serve him in every aspect of life. The woman was made for the man to serve him. That's not being equal at all, not even close to it. Not even close to it. Doesn't mean you don't love them. Doesn't mean you don't take care of them and cherish them and treasure them.

But it is far from being equal. Women claimed they wanted to be equal, and now they control the men.

Just like homosexuality, they claim to want equal rights, but now they control who has rights and who doesn't have rights.

Just like Islam, they say they want to equal rights, and now they control the world and conquer the world.

You allow evil to dominate, then the whole world becomes corrupt and conquered. Everything I've said is backed up by the Bible.

If you don't like it, you can leave. Women voting is domination and conquering. Women should not vote, although I do endorse and promote women in God's true church to vote, and that's not being hypocritical.

It's a warfare. It's a technique of warfare, because we need every vote we can for the conservatives in every region.

So we're the exception as part of our warfare. But in society, in the world in general, women should not be voting because they're lost, and they don't know how to vote in the ever time.

Women in general in the laws and wicked and corrupt world are voting for the communist, for the Islam, for the domination, for the conquest of humanity.

They're voting for our destruction, and they are destroying us. And that's the reality.

That's a fact. You can look at the statistics that women, by the majority, will vote for the worst possible person.

That's the reality. Whether you like it or don't like it, that's the reality. You can look at the statistics yourselves.

The same thing with black people in the United States voting is the same thing.

Statistically, reality, they will vote for the worst possible person. So we need to return back to the laws of the 1950s and the 1800s, the way things used to be, the way this government, this nation was established upon biblical law as an Israelite nation.

This nation of the United States and as well as the UK was founded as Israelite nations, not African nations, not Asian nations, not Mexican nations.

If you're a Mexican or Asian or African, you need to be voting in those nations, where you was born or where you should have been born and where you should have been coming from and where your forefathers came from.

You don't need to be voting in our culture, in our society, and destroying us and conquering us.

If you want the right to vote, vote over there. Don't be voting here for the worst possible candidate and conquering us and destroying our society.

The exception would be after you get saved and know who to vote for and have some common sense and have some righteousness that is gifted to you from the Holy Ghost of Jesus Christ and come into God's true church, then you can vote.

And the same thing would have been taught by Abraham, Isaac, and Jacob, because they understood that when the Gentiles are heathens and worshipping false gods, that they are to be conquered, but once they come over and convert to the true God of Israel, then they are adopted in and become one of us.

But until you become one of us, then you should not vote with us or be part of us or have citizenship with us, because you're not with us, you're against us.

I'm not teaching racism. What I'm teaching is common sense, national identity. Who are you? Who do you serve?

Who do you belong to? Who are you going to vote with and what side are you on? If you're going to vote against America for the destruction of America, then you shouldn't be here in the first place.

But you're here to conquer us, so I understand, and we deserve to be conquered, so be it.

Women in modern Western society controlling men, telling men where they can go, where they can't go, what time they have to be back home, who they can look at and who can't they look at, what they can say and what they can't say.

Women controlling every element and every step of their husbands. Every step. You can't look, you can't say, you can't speak, you've got to be back home like you're a child.

You don't have my permission to go there. And that's just about every woman I've ever met in my life.

Just about. Women being managers and rulers in business, government and church, and men allowing them to do it.

Both men and women covered in tattoos, which is disgusting. Women wearing men's hats, baseball caps, men acting like children, wearing clothes that look like children's clothes, Superman outfits, Batman outfits like they're little boys, like they're children, and men wanting wives that look like men and act like men.

Men wanting their wives and girlfriends to be covered in tattoos and wanting their wives and girlfriends to dress like a hunter, dress in green camouflage and desert camouflage.

They want their women to look like men. That's homosexuality. Men wanting their women to know how to work on cars and help them work on their cars.

That's homosexuality. Men wanting women to go hunting with them. That's homosexuality. This world is wicked by every measure that you can possibly measure it with.

The list is endless of how wicked people are wicked. Endless. Revelation 22, verse 15. Revelation 22, verse 15, talking about New Jerusalem paradise, that it would be without the dogs.

Common sense. It's not talking about cats and dogs. It's talking about people in which God is calling these people dogs. And also the last part of that verse is about loving and practicing lying, deception.

As a practice, as a lifestyle. That's the way people desire and want and live. God himself calls certain people dogs, snakes. We've seen the word vipers more than once today.

God himself did. Jesus called people snipers. Vipers. Snakes. Poisonous snakes. Poisonous snakes is what that refers to. Poisonous snakes. Very specifically, not just any snake, but a poisonous snake is what that word specifically points at. God calls people pigs, dogs, and poisonous snakes and hypocrites. That's four different insults that came out of the mouth of Jesus.

If we want to be in paradise, we must change. We first must realize we're lost, deceived, wicked, need a Savior, accept the truth, embrace the truth, and want to live the truth and make certain changes in our lives in order to live that truth. You might have to move. You might have to give up a job. You might have to give up money. You might have to give up a husband or a wife.

You might have to give up sex. You might have to give up drugs. You might have to give up horror movies, football, NFL. There's all kinds of things you might have to give up.

Churches, congregations, pastors, family, friends, children, or even parents. But you have to make up your mind, are you going to prioritize wicked people that you love or God that you love?

And who do you love more? And do you want to be in paradise? Do you want to have eternal life or you would rather just die in the lake of fire, burn to death?

It's your choice. I'm here to give you that choice. And to make both paths clear, what they look like, what they are, and what they entail, both paths, left and right.

I set before you today blessings and curses. I set before you today life and death.

It's your choice. But I've made both paths abundantly clear while they involve. John 3 again teaches the need for water, baptism, full immersion in water, to be born again.

We're born in sin, but we have the opportunity to be born again, to be born of the Spirit, to receive the Holy Ghost of Jesus Christ inside of us which transforms us and changes us and gives us righteousness so that our righteousness is no longer as filthy rags.

Our righteousness can be true and clean and holy. We can become saints as a long process, but you might as well start it if you want it.

Then you have to sometime or another start it and time's running out to start it.

And people say, well, I can just do it in the second life, in the second resurrection.

But if you have that mentality and if that's your plan, God knows it and you can't hide it from God.

And God will hold your wicked plans against you in that second life. God can make that second life harder on you or easier on you.

And that's your decision as well. You want God to make it easier on you or harder on you.

If you have a wicked heart about you're going to get saved two and a half years from now, then two and a half years from now it's going to be harder on you because you planned it.

I praise God for confirming this message as he did when we were reading Genesis 6 and Psalm 14.

The first two references I gave today, how they both showed that humanity corrupts themselves.

That was God's confirming of his anointing and blessing upon this teaching and not my opinion.

So I praise God for that. I acknowledge his presence. That's what we must do, acknowledge him. And you can now acknowledge him by giving your testimonies of what he has done in your life.

We're going to put on a song and we'll come right back with your opportunity to contribute something, to bring something to the table.

And this is what I have taught for years and years and years and it's what the apostle Paul taught in the scripture.

And it's your opportunity. So I would encourage you to seize the opportunity and not waste it and not just let it go.

And I don't care who you are, if you are truly saved or want to be saved, it's your time to speak up and be involved and get involved in this church.

I don't see why anyone would not want to get involved where there's miracles, where God is present.

People will buy tickets and pay money for it and big money to go see grown men act like children chasing a ball.

But they won't, don't want to just for free without money say something for the Lord, get involved and be involved in the work of the kingdom and want to be present where God is working.

A reminder of the scripture in the Bible where Jesus talked about how he had performed miracles in multiple towns and they still didn't believe and they still didn't follow him.

And how that even in the Day of Judgment for Sodom and Gomorrah is going to receive more mercy from God at the Day of Judgment than the amount of mercy compared that he would show upon those cities and those people that had saw the truth, that had saw the working of God, the presence of God in their communities and didn't care.

And that's some of you. That is some of you. And that is just mind boggling to me that you can see God working but not want to be part of it, not want to be involved in it, not want to actually show up in person or support us in any form or way.

No email, no phone call. You don't give a shit. And therefore you deserve what's coming to you. Praise God for the judgment is already at the door for you, hypocrites.

Judgment is already at the door there in Kansas. Judgment is already at the door there in Canada.

Judgment is already at the door for many of you in many different states and nations.

So you're wasting your time listening to me if you're not going to repent. The Bible gives me and God himself gives me authority on this earth and in heaven.

I have authority in heaven to bind your salvation or to release it, to bind your forgiveness or to release it.

To bind your forgiveness or to release it. But my decisions have been based upon your decisions.

What you have chosen is what I have chosen for you. You chose it and then I chose it and then God chooses it.

You get what you want. God is good. Never one of you are wicked.

We'll put on a song and we'll be right back.

Song number 46.

So, A. in South Africa, he says Revelation 20 proves that there would be very wicked people from all the generations. From ancient biblical times. To the second resurrection. And even then, at the great white throne judgment. Amen.

That's a good point at the great white throne judgment. It won't be just people only on the right side.

But also people on the left as well. And that's after having even the second resurrection.

After even having the second life. Even an additional hundred years. Even in that second resurrection, that second life.

That hundred years of after the millennium.

Of Jesus actually being king on earth. And David being a king on earth. And God's law and God's righteousness and the truth of the Bible revealed to the entire planet.

There will still be people. Even still be people. On the left side of the throne. That are the goats that will perish.

In the lake of fire. That's just freely, that's just blanketed. Outright choosing death. In the ways of wickedness.

ShilohPeace says, I thank Jesus for protecting me from demons when I used to work.

As I live in a caregiver years ago. And would see demonic beings. In my dreams. I thank Jesus for those dreams stopping.

I thank Jesus for confirming this message. And how often he does it. On Wednesday I read Mark 8 verse 36. What does it profit a man to gain the whole world.

And forfeit his soul. This confirmation would never happen. To me when in darkness. Not saved in the Pentecostal churches. Praise Jesus.

Thank you for sharing that.

Let me check Telegram as well. In case we get any messages there.

So I'm watching for messages. From Mixlr. And YouTube. And Telegram. Three different ways. That people can. Be involved. In this worship service.

And this is worship. And we're sharing our testimonies and giving God glory. And even asking questions. And giving comments.

These are multiple different ways that we're getting involved. In the worship. This glorifies God. And this is what I've always taught.

This is what the Bible teaches. It's what the Holy Ghost teaches. And it is why if you're truly saved. Then you should want.

Freely want to. Even without command. You should freely want. To glorify God. Out of your own mouth. And out of your own heart. Let me get that heater out of the way here. So you guys can come up.

Okay, R, you want to come up? One thing that I did for me a year ago. So I was out biking and I got hit by a truck. And the way I got hit.

It was basically six inches away from getting run over. Instead of getting run over and probably dying.

I got hit by the mirror. Which just knocked me off the bike. And it only broke my wrist. And that healed within a year. Amen.

Absolutely. When you get hit on a bicycle. By a car or truck. And live. As a matter of inches. And as a matter of inches. Definitely.

God's mercy. It only takes an inch. To make a difference between a fractured wrist. And a fractured skull.

A matter of inches. And some people say why would God even allow it if he's real.

And the answer is very simple. Very easy. We praise God. For our tribulations. We praise God for our battle scars. We praise God for the tests and trials of life.

We know that we wasn't born in paradise. We wasn't born in heaven. We're born into this world. To be tried.

To be tested. To suffer. So that we can be built. God's masterpiece. God's masterpiece. Is not the planets, the trees, the oceans. Or animals. But God's masterpiece.

Is what humanity shall become. Because of the sufferings. That we are built and develop our character, personalities. We praise God for that testimony.

Anything else? Two more examples in the news is how good the world is getting. First, the Anglican Church, the Church of England, just appointed a woman Archbishop of Canterbury, which is basically the English Pope.

Absolutely ridiculous. It's like appointing a midget to play basketball. It doesn't make sense. Exactly.

Great analogy. I absolutely agree. How you can hear in Canada, they're really ramping up this euthanization services where they basically murder people who may or may not still want to live.

Yes, and they're taking a grain of truth that a person should have a right to die when they're in misery, disabled, and there's no hope for them.

And then expanding upon that truth, and then giving it, going so far in that they are literally murdering people that want to live there in Canada and the UK, I'm sure, as well.

The people that want to live, that are not asking for assisted suicide because they're in tremendous pain, but rather they want to live.

And then the doctors are forcing them to be killed in the hospital bed, and that's what's happening right now in Canada.

So this case, I heard, was in Spain, where there was a woman who was taken away from her parents by the government as a girl first.

I don't know the reason, but it was probably not a good reason, because the outcome was she got placed in a shelter where she was gang-raped, tried to commit suicide by jumping off the fifth floor, but didn't succeed, only paralyzed

herself.

And then the medical system decides to euthanize her, and then the whole time her father's fighting for her not to do that.

But nope, too late, we've already got the organs sold. We're killing it. Yeah, amen. China's behind that big time, harvesting the organs.

And that started out with people donating organ transplants and blood transfusions.

You start out with that, and you add onto it, but transplants have always been evil.

It's not right. It's barbaric. It's playing God. It is trying to make us immortal, which we're not.

We're going to face death no matter how many surgeries we have, and it's just wrong.

It's barbaric. Amen. Thank you.

J, you want to come up? Something that goes along with the sermon is that I had that protection when I was coming back from Kansas one time.

I was driving down the highway, and a van had gone over another lane to turn. I even started to slow down, then I guess they changed their mind and just swerved right into me, knocking me into a truck, a much larger truck that was on the other side of me.

But thanks to Jesus, I didn't get any injuries, and although my car got some damage, it remained driveable. Amen.

Thank you. He was squeezed between a truck and a car, or two trucks or whatever it was, squeezed between two other vehicles, and a lot of damage on both sides of his car, and yet still was able to maintain control of his car, and stay alive, and no injury to his body.

So that is definitely God's help, God's protection, God's mercy. And that was the second wreck he had been in on his travels when he was going back and forth between Kansas and here.

And we praise God that he did choose eventually to come here and stay here, and not be risking his life over and over and over, driving so far.

We praise God that he did drive so far because most people use every excuse in the book to not do anything for God.

So we praise God that there's actually one person willing to do that, to serve God no matter how much it takes, no matter how much time or effort or money or energy or devotion that it takes to do it, to do what it needs to be done.

So we praise God that he made his final decision to come here, be part of God's church, God's kingdom, surrender his life to God.

Same thing with Robert, leaving his former life in New Jersey, leaving his family, coming here to be part of God's church is a great testimony for both of them, that both of them traveled from different states far away, both of them left family in order to serve God.

Most people would never do that. And yet they still think they're saved, but they would never ever do something for God of that magnitude.

Never would any Christian so-called do something of that magnitude for God. But it happens in God's true church. Amen.

Anything else? B came down from Pennsylvania to join the church as well many years ago. So we praise God for that.

What we see in the news now in the headlines is what looks like to be Trump's decision to send the American troops into Iran on the ground, U.S. boots on the ground. We expect that to happen any hour now or any day now, very soon, or at least that's the way it appears at this moment.

And that's a very dangerous thing, that they are very likely to come under major drone attack and missile attack, as well as the islands on the Strait of Hormuz, ground invasion there as well as more inland of the Iranian nation for the nuclear facilities to try to do special operations to seize the uranium and different things like that.

So multiple battle fronts of ground troops involved and both extremely dangerous and I'm really expecting a nuclear explosion is what I'm expecting to be involved there.

And also we see I sent a newsletter or a video just last night saying that the Yemen Houthis, or however you pronounce it, that they're going to get involved and I saw it on the news just this morning that they signed up that they're going to get involved and are shooting missiles now from Yemen toward both Israel, if I get this right, both Israel and the United Arab Emirates in both directions.

And I sent that newsletter just last night before that saying that this is what we can expect, that I'm expecting the ground troops, that I'm expecting the Yemen Houthis to get involved to join the war.

And now we have that part of it and now we're going to see the ground troops coming in very soon as well as the increase in the war in Lebanon as well.

And that's very much expected about Israel sending in perhaps hundreds of thousands of ground troops into Lebanon. One report I saw, if it's accurate, showing almost half a million ground troops that Israel is calling up.

All these different battle fronts increasing as we get closer and closer and closer to April Fool's Day. Everything appears as if April Fool's Day, April 1st and 2nd, 2026, will be the fulfillment of 2 Thessalonians, 2 biblical prophecies of the manifestation of the Antichrist in the temple of God, in heaven, in the sky.

And it would be a grand miracle if God grants us another year because everything at this point looks like we are accelerating right up to that day of April 1st and April 2nd between the different time zones across the globe.

The meteors, six this month along, over Ohio, as well as some over California, Washington State, Texas, and maybe other places as well.

And also this is happening in Europe too, not just America, it's happening in Europe as well.

So these meteor fireballs are above average, above normal of what we would normally see.

We also just had a major hurricane in Australia to make two landfalls as category three.

And if I understand it right, it was even on the same hurricane hitting the west coast and the east coast as category three both times.

So we're seeing all kinds of events. Also the war, the Iranian war, is very heavily focused on attacking energy infrastructures, nuclear power plants, oil refineries, and other, and solar, different parts of energy infrastructure across most of the nations.

I am convinced that the Texas oil refinery explosion the other night was Islamic terrorism.

I don't care what they say on the news. I'm convinced that that's what it was. And that was a major refinery, one of the largest ones in America, one of the most important in America.

And there was threats against it the night before, not actually the same night, from a Muslim on the internet.

So that's not coincidence. We know the government likes to hide things from us. So we have a lot of reason to believe that the judgment is at the door, and it is because people are wicked every which way you turn.

The world is full and overflowing with wickedness.

And as even within us, every one of us, including myself, there's no one on this earth that is innocent.

There's in different magnitudes, different degrees. And once we are truly saved and washed with the blood of Jesus, then there's a process of continuing to remove the leaven a little bit more every year.

And we grow in that level of salvation, and we grow in that level of righteousness and cleanliness.

And so that takes devotion to stay in God's church, even when I'm yelling and screaming at you, because that's how you grow.

If a good father does not chastise his own children, his children will not mature, will not grow up, will not become more righteous because they have no pressure to do so.

And so they'll fall backwards into their old ways if they have no motivation and no pushing toward self-discipline and self-repentance and self-examination continually.

It's a continual process. So if you take care of a tree or a garden or a flower bed, it's a continual process every year.

And if you say, well, I'm going to let go of it for a month or three months or six months or a year or two, and you come back and tend to it again, now it's overgrown with weeds and insects and bugs and invaders that should not be there and would not have been there if you had maintained it the whole time. Amen.

Jesus used the analogy continually, constantly of taking care of a vineyard, a garden, a farm, a harvest.

And so that applies toward evangelism, but it also applies to our own life that we bear forth good fruits as a requirement of Scripture.

We can't do that if we're not pruning ourselves, pruning our pride, pruning our rebellion and our own sinful nature.

Not only at Passover, not only at the Day of Atonement, but every night in our prayers, in self-examination of the words and actions and lack of actions of that day, examining our lives on a daily, great basis every morning and every night, examining ourselves throughout the day and telling others first and setting forth the right priorities and fixing our mistakes and learning from our mistakes is a continual process of repentance.

As we head toward Passover, this is a very appropriate sermon, getting very close to Passover, just a little bit more than a month away.

This is a very appropriate sermon for that time. But it's also why I felt led by God.

I praise God for it. His own chastisement toward me many times over the years and has continued long-suffering with me. Praise Jesus.

I don't see anything on Telegram. I've given you more than enough time on Mixlr. I don't see anything on YouTube, so I assume that some people are having Internet problems.

Thank you everyone that has listened today. And this will be saved as a recording on YouTube and Mixlr and Talkshoe.

So lots of different places out there where people can find the truth if they just look and care about what the truth is.

There's no excuse for people. No excuse. Don't try to make excuses for them. There's plenty of ways that they can find the truth if they actually care.

There's a million ways they can find the truth if they just actually care. Amen? Don't make excuses for people.

Look at the calendar. It's our next worship service, Purim, on Wednesday, April the 1st. It's our next worship service, special worship services on Purim, April the 1st.

We'll see you then. God bless.
