

Invasion By China & Russia Against USA & Allies

Feb. 4, 2023

Full sermon transcript.

Praise Jesus. Sometimes my arms start hurting when I'm keeping my arms raised. Think of how much He hurt for us. Amen. The Bible says at any moment He could have called ten thousand angels to get Him off that cross. Amen. He didn't really want to go there because He asked the Father to remove this cup from Him. Amen. But He knew that it was a goal that He came to achieve even though it was very grievous and painful. Such a heavy burden to carry. But He did it. When He was carrying that big cross, He could have called ten thousand angels. When He was praying for that cup to be removed from Him, He could have called ten thousand angels. As He stood there bleeding on the cross, naked in front of everybody, totally naked. Because that's the way they crucified everybody. He could have called ten thousand angels to destroy everybody. Amen. But He stood there and did what He was called to do. And that's what we need to do as well. Amen. It might hurt us sometimes. The Bible says Jesus said to take up your cross and follow Me and deny yourself. It might hurt us. It might cost us a job. It might cost us money. It might cost us friendships. But we need to carry that heavy cross. That burden of being a true Christian rather than a fan of Christ.

Because that's what most Christians are. Just fans. Amen. They turn them off and they turn them on just like a TV. They're just fans. Just an audience. But we need to carry a heavy cross for God and deny ourselves, crucify ourselves in many levels, many different ways. He told that one rich man to sell everything he had. He told a different man also, I think, to also sell stuff or do something with his riches. And He said about the rich man, and I think we forget this constantly. Constantly forget it. But it's right there. It's still in the Bible. They've not taken it out. It's still there. It's going to be harder for a rich man to enter the kingdom of heaven than it is for a camel to go through the eye of a needle. That's pretty darn hard. Pretty darn difficult. It's not impossible because it says in the next verse that with God all things are possible. But it's almost impossible. It's very, very, very difficult for a rich man to enter heaven. They might smile at you. They might be really good. They might be really good to you. They might invite you out to a fancy restaurant every week. But that's not going to get you to heaven. What's going to get you to heaven is keep the Sabbath. Amen? Because that's the fourth commandment. It's still there. It's still written. Amen?

The Sabbath, the Holy Days, the Passover. Jesus Christ Himself said in John, I think, chapter 6, that if you do not take this bread and this wine, if you do not eat my body and drink my blood, which is the Passover communion, on Passover day, because if you take it every Sunday or once a month, that's not Passover communion. You might as well just stay home and eat because that's just food. That's not Passover communion. Amen?

You have Thanksgiving meal on what day of the year? Thanksgiving. You have Fourth of July meal on Fourth of July. If you did Christmas, you would have Christmas meal on Christmas. If you did whatever you did, you would have it on that day. Amen?

Communion is not communion unless it's on Passover. I don't know any words in the Bible, and I've read the Bible more than once. There's no words in the Bible where they took communion on any other day of the week, any time. They didn't. When it said they broke bread on that one particular Sunday, that particular phrase in the Hebrew and Greek means to eat supper. It wasn't communion, and it doesn't say communion. So why are people twisting the Bible? Amen?

That's what they do every week out here at these churches. I know they have a good heart. I know they mean well. But the Bible itself says that if you do not keep My commandments and you say that you know Me, then you're a liar. And that's exactly what it says. You don't have to trust what I say. You can look it up yourself. It says I encourage you because every one of you own a Bible. If you don't own a Bible and you can't afford one, then let Me know, and I will buy you one, and I will ship it to you for free regardless of what nation you live in.

But I think everybody listening to Me owns a Bible. So you don't have to trust what I say about anything. You can look it up yourself. Does the Bible say if you do not keep My commandments and you say that you know Me, you are a liar?

And a thief. Amen?

People say, well, His commandments, let's just love one another. Bullcrap. The Ten Commandments are still here, and Jesus Himself said in Matthew 5 or 6, I'm sure it's 5, that I did not come to destroy the law and the prophets, and that not one jot and not one tittle will be removed from this law until heaven and earth pass away. And as far as I can see, heaven and earth has not yet passed away. So not one jot has been removed from the law of the Ten Commandments. And it was the Ten Commandments He was talking about because as soon as He said that, He started listing some of the Ten Commandments. We know He wasn't talking about circumcision. Praise God. We know He wasn't talking about animal sacrifices. Praise God. Amen. He started listing the Ten Commandments, so we know He was talking about the Ten Commandments, and not one of them has been removed or changed. Amen?

This is what the Bible says. I don't care what I say, but am I not just quoting the Bible? Amen?

It's a serious thing. Either we really know God and obey Him, or we don't. Are we deceiving ourselves?

The Bible actually says to test yourself and examine yourself to see if you are truly in the faith. Because Revelation 12 verse 9 says that Satan has deceived the entire world. If I look at a map of the world, that's not just India being deceived. That's not just the Muslim nations being deceived. Or the Communist nations, but also even the Christian nations as well, are deceived. Amen?

That's a serious thing. That's a serious thing to think about. That's something somebody ought to think about every week, that verse, the whole world is deceived. And how that plays into our lives, and the churches, and religion, and denominations. If the entire world, it doesn't say the most of the world, it doesn't say the majority of the world, but it says the entire world, then that is something that should be at the very top of our minds very often, when we're dealing with religious friends, religious people. Amen?

Just because they're religious, and just because they go to church, and just because they buy us dinner, and are good to us, doesn't mean that they are saved. Amen. Matthew 7, Jesus himself said that there will be many people in that day, not a few, but many people in that day of judgment that he's talking about, that will say to him, Lord, did we not prophesy in your name, and cast out demons in your name, and perform many mighty miracles? Did we not do all this for you?

And he's going to look at them, and he's going to say to them, get away from me. I never knew you. Because the Bible says that if you say you know Him, and keep not His commandments, then you're a liar and a thief. Amen. These are Christian leaders it's talking about because they're prophesying in His name, not in a fake name, not in a false name, not in a different God's name, but in His name. And he didn't say you had their own name. They were prophesying in His name. They were casting out demons in His name. They were performing mighty miracles in His name. These are Christian leaders. And yet, he'll look straight at them, and instead of saying, once saved, always saved, instead of saying, I love you, instead of saying, my grace is sufficient for you, he's going to say, I never knew you. Get away from me, you workers of iniquity. That means sin. You workers at breaking the law. That's what he's going to say. Amen. And that is something that should cause every one of us to work out our salvation with fear and tremble. Everybody wants to look at John 3.16. And that's why they want to write on every card, every book, every sermon, John 3.16, John 3.16. What about Acts 2.38? What about Mark 16.16? What about Revelation 12.9? What about Matthew 5? What about Matthew 7? What about Luke 14? What about all these other verses all throughout the Bible that talks about repentance and obedience? Not just grace, not just mercy.

I praise God for His mercy. I praise God for His grace. I wouldn't be standing here if it wasn't for His mercy and His grace. But that's not the only part of the Bible. The Bible does talk about judgment and repentance and obedience. All of this. We need the whole Bible, not just only the things that make us feel good. We need all of it. The entire gospel, the full gospel. Amen? Not just the things that tickle our ears. Amen?

Some of it is hard to embrace because it's radical. The Bible is very radical. And yet people will be like, that's too radical, therefore it must be done away with. But they can't present me a verse saying it's done away with. It's just modern Western programming, religious programming, that says it's too radical, therefore it's done away with. But they cannot present a verse saying that that particular law or that particular commandment is done away with. They go by human thinking. Western human thinking. Modern human thinking. Amen. Rather than what the Bible actually commands and doesn't command. Amen?

We're here to learn, we're here to worship, and we're here to learn. Praise God. Because I don't want to stay stuck in old teachings of mama, daddy, mama, papa, preacher so and so and preacher so and so. I don't want to stay stuck in those teachings of my childhood. That I want to read the Bible with my own eyes and test it and study it like the Bereans did. To see if these

things be so. Amen. 1 Thessalonians 5 says to prove all things. Prove it. Have we done that? That's Scripture. Do we just turn a blind eye to that verse that tells us to prove everything?

When it says prove everything, it's not talking about silly stuff or carnal stuff or worldly things. But spiritual things. Amen. To study to see if these things are true. To let no man deceive you. Jesus constantly said, let no one deceive you. And yet the whole world has been deceived because nobody takes these verses to heart. Amen.

James, the brother of Jesus and a disciple of Jesus, he said that if you have faith but you have not works, basically that you don't have anything. That faith without works is dead being alone. But that you have to be a doer of the word and not a hearer only. It's not enough to only hear the word. Although you've got to hear the word. Amen. But it's not enough to just hear it. That you have to do it. Otherwise you're like a man that looks in the mirror and does nothing about what he just saw. He just walks away and forget what he just saw. Amen. We need to be able to look at the mirror and be honest with ourselves and dig deep and see behind the flesh and see what's deep in the heart because the Bible is sharper than a two-edged sword. To cut the heart. To cut mentally, emotionally, spiritually the heart, the mind, the body and the soul. To cast it asunder, to open it up like a man with his head cut off is the Greek word there in that verse. That it opens up you to where he can see inside you. The word of God does. The scripture does that.

And yet we treat scripture here in the United States as if it is nothing but nothing. I mean we treat it like nothing. We treat it like trash. We don't have reverence for the holy scriptures in America very much, most people in general. Whereas such Greek words are so radical that the word of God is like a sword that cuts your head off to see inside you about what you're really about. That's pretty radical language. There's a lot of radical language in the Bible. A lot of it. That we are being fed by the new world order that wants us to be atheists and wants us to be pacifists and wants us to be complacent and wants us to be lazy and does not want us to fight back.

The new world order has purposely fed us soy that increases the estrogen, that makes us soft and wimpy, lowers our testosterone. And that soy is on many many many many food items and people don't care and they can read about it and hear about it and they still don't give a crap. So I like it. It's delicious. It ain't going to hurt me. I was talking about the dangers of soy sauce with a woman on the internet a few months ago. She's like, I eat soy all the time and I've always done that. It hasn't hurt me. And she had just told me the day before that she's had two strokes. Oh really? You're in perfect health. Oh really? The soy sauce has done nothing negative to your health. Only two strokes, that's all. Maybe a heart attack too, maybe. And maybe even a few cancer cells as well. But it's done nothing to me!

This is the mentality that people have. Hard headed. You can't get nothing in that head. Hard headed. Amen? Stubborn. And the Bible says that over and over as well, that the people are stubborn. That's what God said about His own people. Stiff necked. Stubborn. Rebellious. He said that about His own people over and over in Jeremiah and the world has not changed. It hasn't. Amen? That's the way it was in Noah's day. And that's the way they are now. Let us not be that way. Test yourself. Examine yourself. Look in the mirror and be honest. And dig deep. And change. And repent. Amen. Because if Christ really saves you, your life would change very dramatically. I guarantee you that. It won't be the same as it was before. People think they get saved and

there's no change. That's because they didn't get saved. Amen?

If you really get saved, your life would change. I guarantee you that. Amen?

Praise God. Thank you for listening. You can have a seat now. We're going to go in the scriptures. We're going to say a short prayer here. And then we're going to get into the scriptures. Thank you for your patience. I know I'm a long winded preacher. You can say Amen to that! Amen!

But there's a lot to say. Amen. There's a lot to say. Let's go to Ezekiel. The book of Ezekiel and the prophets there. Find the prophets volume there. Ezekiel 38. You wouldn't know it by listening to me preach, but I'm really a very shy, quiet guy. I really am a very quiet guy.

Yeah. Jared says like Superman, because Superman was very quiet and reserved until he had to put on his cape.

And then Ezekiel 38. Page 134 if you have the AOB paperbacks. God is good. Amen.

Ezekiel 38:1 "The Word of Jesus came to me saying, 'Son of humans, set your face against Gog and the land of Magog, Rosh, Prince of Mesech and Thobel, and prophesy against Him.'"

Now, many people have watched many videos, read many websites, read many books. Everybody has their own interpretation. Amen. The Bible says, have your no private interpretation. Look what the Bible says. Amen. Have no private interpretation. We really have no right to our own opinion about the Bible. We really don't. Because the Bible says, no private interpretation. We have no right to our own opinion about the Bible. Because the truth is the truth, and everything else is a lie. So either we choose to believe the truth, or we don't. It's that simple. And when we go by our opinions, that's when we get in trouble. Amen. The truth is simple. The truth is easy to find if we're willing to embrace the reality of what we see with our own eyes. Amen. There's many ways that you can find the truth. It's easy to find. The truth is everywhere you look if you're willing to open your eyes and see things with the eyes of God. Amen. Part of this is really easy. A lot of it is all easy, actually, very much so. Let's keep reading a little bit more.

Verse 3, "And say to him, Thus saith the Lord Jesus, Behold, I am against you, Rosh, prince of Mesech and Thobel, and I will turn you about and put hooks into your jaws, and I will gather you, and all of your host, that means all of your armies, all of your multitude, all of your people, horses and horsemen, all wearing breastplates, and with a great multitude, a great multitude of people, and shields and helmets and swords."

Verse 5, "Persians," that's the Iranians. We know that for a fact. You can't debate that. Amen. "And the Ethiopians and the Libyans, all with helmets and shields, Gomer and all belonging to him, the house of Thorgama, and the end of the north, and all belonging to him, and many nations with you. Be you prepared, prepare yourself, you and all your multitude that is assembled with you, and you shall be to me for a guard. He shall be prepared after many days, and he shall come at the end of years, shall come to a land that is brought back from the sword, when the people are gathered from many nations against the land of Israel, which was entirely previously desolate, and he has come forth out in the nations, and they shall all dwell securely." They have been dwelling securely in the nation of Israel overall. Amen.

"And you shall go up as rain," verse 9, "like a storm, and shall arrive as a cloud to cover the land, and there shall be you, and all that is about you, and many nations with you. Thus saith the Lord Jesus, It shall also come to pass in that day that thought shall come up in your heart, that you shall devise evil plans. And you shall say, 'I will go up to the rejected land.'" The people have rejected these people. The world has rejected these people. Notice, it's many nations, many people have come up against this land. It is a land that Gog and Magog are going to invade, that pretty much most nations have turned their hearts against. Amen. I wonder who that could be. Amen.

"It shall come to pass in that you devise evil plans, rejected land. I will come upon them that are at ease, in tranquility, and dwelling in peace, all inhabiting a land where there is no wall, or bars, or doors." Verse 12, "to seize plunder, and to take the spoil, to turn my hands against the desolate land that is now inhabited, against a nation that is gathered from many nations, that have accepted, inquired property, drowning in the midst of the

land." Verse 13, "Sabba and Daedan and Carthaginian merchants, and all their villages, to say to you, 'You are come for plunder, to take a prey, and to get spoils, and you should gather your multitude to take gold and silver, and to carry off property, and take spoils.'" Amen. "Therefore prophesy, son of humans, and say to Gog, Thus saith Jesus, Will you not arise in that day when my people Israel are drawing securely, and come out of your place from the farthest north?"

From the farthest north. Right there is a huge clue. Amen. I got maps on the wall in there, but we need some in here as well. And I'll tell you what, you look on a map, and I know the map pretty well. I've always been very, very good at geography, nations, and where they are on the map. They've always been very good on that. Praise God. And I'm telling you, Russia is farther north than Turkey. Amen. Russia is farther north than any other nation. Amen. It's all the way up there. Amen. That is the farthest north. You can't count, you know, Antarctica, the arctic, whatever, you know, where there's nobody there much. You know, there's not really a real civilization there, a real government.

Russia, it fits this bill in many different ways. Not only is Russia the farther north, but they're also directly north, farther north from Israel. And they have a lot of allies that are in agreement with them against Israel, including Persia. Amen. This is easy stuff. You don't have to be a Bible scholar. You don't have to know Hebrew or Greek or Russian to understand this. You

can't get no farther north than Russia. They're direct north from Israel. They are the enemies of Israel, and they're allies with Persia. Simple stuff. Amen. Simple.

So you can find all kinds of theories out there, peoples and penises and interpretations, but logic, going by the Bible, the description, the Bible spells it out for you. You can't get much more simple than this. It spells it out for you. And use logic and open your eyes to what you see in the news. Open your eyes to what you see in the world political landscape out there.

I'll tell you something else, too. All these conspiracy theorists, programming people, brainwashing people, to hate the Jews and hate Israel. And I tell you, that is of the devil. It is of the devil.

The Bible very clearly says in this chapter and the previous chapter, both, that before this invasion that there is a time of the regathering of God's people, Israel. There is a regathering. So all these people that have come from Europe and other nations and America and all around the world to come back to the land of Israel, they must be true Israelites because the Bible predicted that the true Israelites would be regathered out of many nations to be gathered back into the land of Israel.

That automatically, biblically, proves that they are true Jews. Absolutely. Amen. And they are hated and despised by all these internet websites and videos all over the place that tells you to hate them, that tells you that they're the seed of Cain and the seed of Satan and all this crap. It is the doctrine of devils getting you to try to hate God's chosen people, pure and simple. It's propagand. It's Islamic propagand. It's communist propagand.

And people are buying it left and right. People are so gullible, they will believe anything they watch on the internet except for the truth. Very sad. Very sad. Amen. But the Bible trumps all those theories and all those opinions. The Bible trumps all of it. Amen. I know I can know the truth if I stay off. If I stay off YouTube and keep my eyes in the Bible, I can find the truth. That the moment I get on YouTube looking for the truth, I will be deceived. How are you going to find the truth on YouTube? That's not the Bible. Amen. You want to know the truth? Open up your Bible. Amen. Big difference. Go to the source of truth, not to the source of lies. Amen.

In 2008, I was walking down the highway carrying a sign. It said, China will invade U.S. I've been doing that for a while, carrying different signs, including that one. That particular day, that was the sign I was carrying. Sometime in 2008. Nobody had ever stopped on the side of the highway when they saw me. Nobody had ever stopped to talk to me. They just kept driving. But on that particular day, I was walking on the side of the highway and I saw a set of chains. A giant set of chains. Huge, huge set of chains. These hooks. Here they are. For people that are here locally that can see them, these are heavy. Huge hooks. They're laying there on the

side of the highway. I'm like, wow, what are these?

But I knew that God wanted me to pick them up and start carrying them down the highway like this. With that sign. I knew it was a symbol of invasion and war and captivity. Then somebody in a car stopped on the side of the highway to talk to me. They left and another car stopped to talk to me. They left and another car stopped to talk to me. That never happened before. People in that third car, these two young men, they asked me, Where in the Bible does it say? I told them it was Russia and China both to invade America and they said, Where in the Bible does it say that?

I wasn't able to answer the question because I didn't know the verse specifically, for sure, confidently. I did subliminally. I was still young in the ministry, still a young man. But I told them to look in the Bible for the words Gog and Magog. That that's Russia and China. So they left. I went back to where I lived at the time. And immediately upon returning back to where I was dwelling at, I typed my own advice and looked in the Bible to find where Gog and Magog is. Very quickly came to that verse of Ezekiel 38 that we just read. Look at verse 4. Verse 4 says, I will turn you about and put hooks into your jaws. I had just found hooks. Not just chains, but two giant hooks on the end of the chain. One on each end. I had just found that. Not even a whole hour had passed by the time I got to read the Bible. It was only a matter of minutes after finding that that I'm reading this verse talking about hooks. That's not a coincidence. Come on now. If you think that's coincidence, you should slap yourself. Literally. Radically. Because that's not coincidence that you find giant hooks on the side of the road. You never find hooks. This is literally a foot long. You never find hooks on the side of the road. Foot long metal hooks on the side of the road. You don't. And then only a few minutes later to read about hooks. In the verse that you told the people to look at, even though I didn't know the verse number, it's the verse I told them to look for. Amen?

I didn't know the word hooks was there. I had never noticed the word hooks in the Bible before that moment. That's not coincidence. Amen?

And notice what else it says in that same thing. It says, "I will put hooks into your jaws and I will gather you and all these people." You know what that means? That means it's not going to be the free will of Russia and China to invade America and Israel. But rather it's going to be God doing it. I will do this, it says. I will put hooks in your jaws and I will pull you into Israel. It's not of their own doing. God is behind it. Look at biblical history. It was God that brought the Assyrians into Israel to take the ten northern tribes into captivity into Assyria. God did that to punish his own people. And then later on, God brought the Babylonian empire, Nebuchadnezzar's family, into Israel to take the remaining tribes of the southern tribes of the Jews into the house of Judah, Benjamin and Levi and Judah, into captivity into Babylon. God did that. It wasn't their own wickedness. Even though they were wicked nations, it was God that brought those nations into Israel to chastise his own people. God does not change and history doesn't change. History repeats itself. Amen?

It's going to be the same in World War III. Even though Bill Gates and Charles Schwab and all those people and all the powers that be with our carnal eyes that we can see and read about on the internet, we know that they are wicked leaders. But we've got to remember that God is in control. And it all fits into God's plans. God has a master plan. And what He says is going to go. It's God's way or the highway, as Mr. Cox used to say, a good friend of mine that supported the ministry years ago. God bless his soul that Mr. Cox was right. Amen? It's going to be God's way. God has a master plan. And everything, all the wickedness in this world and all the powers that be in the new world order, they can only do what God allows them to do. And it all fits into God's master plan. The nations of this world, every one of them, including God bless America, including Israel, all nations of this world must collapse in order to bring in the kingdom of God. Amen?

As much as we love our nations that God put us in and gave us, there must come an end to all these things. All these things must be fulfilled. It doesn't say will be fulfilled. It says must be fulfilled. Amen? That's a huge difference. That's a huge difference. All these things, the wars and the rumors of wars and the earthquakes and all these different... and even the appearance of the Antichrist, the Assyrian, because the Bible calls the end-time Antichrist the Assyrian over and over and over and over. Isaiah 10, Michael 5, and other places in the

Bible over and over, it calls the end-time son of perdition that we call the Antichrist. I know the Bible doesn't call him the Antichrist, but I got to use the vocabulary of the Western church that doesn't know the Bible. I know it doesn't call him the Antichrist, but the churches don't know that. So I got to use a little carnal terminology that the churches can understand and that the people can understand. The Bible calls him the son of perdition, and then the end-time son of perdition. Not Judas that betrayed Jesus, but rather an end-time son of perdition that will invade with God and that God, with him, and actually under his orders, the Antichrist, I'll use that terminology, giving the orders to God and that God. It looks like in this chapter God and that God, they're in full leadership, but you have to read the book of Revelation. You've got to read Daniel. Amen? Anytime you read any of these prophetic books like Ezekiel and Jeremiah, then to understand the end-time aspect, you've got to read the book of Revelation and Daniel. You can't leave those out. Amen? And that's how you actually start learning prophecy, and understanding prophecy is to compare all these books of the Bible. And you can't leave out Jeremiah, and you can't leave out Ezekiel. You have to have a good understanding of all the prophetic books to get the whole picture. If you don't have a good understanding of all the prophetic books, then you have a very limited picture, which is going to be an incorrect picture. Amen?

But God is good to give us the whole picture if we're willing to see the whole picture. And it's very simple. It's very easy. Who would be the leader of the Persians, other than their own so-called supreme leader, the president, so-called? Who's really behind the power of Persia, of Iran, is Russia and Assad, Syria. I'm old enough to remember 9-11 very well, and the news and all the commentary that came on the very same day, and the next day, after 9-11, and all the possibilities that was going through the minds of the newscasters and reporters that had been newscasting and reporting. And that was back when journalism was still a real thing, when journalism really did do their research and know stuff. Time has dramatically changed. We don't have journalism in mainstream media anymore. But back then, mainstream media actually had journalism. Back in the times of Barbara Walters and Henry, what's his first name, Cronkite? Yeah, Walter Cronkite.

Back in that generation, there was real journalism. So, I remember them saying, bring it up, Assad, as a possibility. And even the government people were bringing up Assad as maybe a possibility of involvement in 9-11. And of course, they finally got everything pinpointed to Iraq and things like that, and Afghanistan and Saudi Arabia. But notice there was a confederation there. It wasn't just one nation. Saudi Arabia was involved. Iraq was involved. Iraq actually invaded Kuwait. We didn't invade first, they invaded first. And people forget that fact, and they just throw it out the window, as if we attacked for no reason at all. They attacked Kuwait first, an American ally. And Afghanistan was where they was training a lot of terrorists. So, you had a confederation of Russian allies and Syrian allies and Iranian allies, as Ronald Reagan would say, the axis of evil. Amen.

It was a confederation of Islamic and communist nations, all involved. It wasn't just one person. And that's what we see right here in Ezekiel. Islamic nations and communist nations, the axis of evil against the Jews, against America, against Christians, and so forth. These are easy things to figure out if we use a little bit of logic and read the Bible and read the Bible and read the Bible and believe it and believe it. Amen. Easy things. And the fact that God gave me the hooks in that time frame of me speaking to those young men and people about Russia and China and China being on my side, it confirms it. Amen, it confirms it. Sometimes we can do all the research, and reading and thinking and still be deceived, but then God gives us a sign, a miracle. It confirms it. And when they both agree, when you research, you read in the Bible, your logic and the sign from God all comes into agreement, then that's good. Amen.

Now, a lot of people, when they read about Gog and Magog, they want to bring up Revelation 20 that mentions Gog and Magog, and they try to say that this Ezekiel 38 doesn't get fulfilled until after the millennium. That's crazy. I'm going to tell you that's crazy. And I will use such a strong word because it takes a lot of ignorance of the Bible to make such a statement. All you got to do is read it in context. Amen. Ezekiel 38 comes immediately after Ezekiel 37. It's 1, 2, 3. Ezekiel 37 talks about the gathering. Of course, we know that

Ezekiel 37 does talk about a resurrection of the dead, but it also is a symbolism as well for a regathering of Israel. Ezekiel 37, all Bible scholars will tell you and agree that Ezekiel 37 talks about a regathering of Israel into the land. Then Ezekiel 38, then eventually the invasion of the land after they've had time to settle it and dwell safely in the land, then there comes an invasion. And then you have to look at the next chapter, 39. So let's look at chapter 39. We get the whole context of the timing. So, before we go to 39, remember, 37 is the gathering of Israel, 38 is the invasion, then we come to 39. And 39, verse 1, "And you, son of humans, prophesy against God, and thus saith Jesus, 'Behold, I am against you, O Gog.'" We know that's the president of Russia because of the sign that God gave me, and because Russia is the political leader of Iran and all these other Islamic and communist nations. Russia is the Hercules, or the Samson, the muscles of this confederation. You can't have World War III without Russia. Come on now. They are the guns. They are the head. Amen? They're the mastermind of this. Russia is a world leader. They're on the council of the United Nations. They're right up there at the top. They are world leaders. They are the archenemy of America, and Israel. So we know this is talking about Russia and China. In verse 2, "And I will assemble you, and guide you, and raise you." I will, I will, I will. God will do this. It's beyond Bill Gates' control and George Soros. God is behind it. I will raise you up on the extremely of the north, the extreme of the north, that's Russia, and I will bring you upon the mountains of Israel. Now, people think that this prophecy is limited to what they call Palestine, the Middle East, and has nothing to do with America. You hear people, church people, all the time. Church people. That's the worst people for listening to at all. Pagans know more about the Bible than the church people. That's God honest truth. Pagans, and Riches, and Atheists know the Bible better than Christians and better than church people. I see that. That's what I have seen with my own eyes constantly. You talk to church people. They think 1611 King James was the first Bible. That's your average church person. But an Atheist can tell you that that's not true. Atheists know more about the Bible than your traditional Christian, average Christian. I know there's exceptions. There's an average Christian.

You go to your average Pentecostal church out here, you ask them, what was the first Bible? Almost everyone of them would say, 1611 King James Bible. Especially if you phrase it, what was the English Bible? First English Bible, they would say King James, and it wasn't. It wasn't. Geneva came before that, and some other English ones came before that.

So anyway, this, forgot what I was going to say, but maybe come back to me just a second here. Yeah, the mountains of Israel. The mountains of Israel. People don't understand that the Jews are only one tribe of Israel. Amen?

When we hear that word Israel, we need to remember, I just said a while ago, the Assyrians carried away captive the ten northern tribes of Israel, right?

But the Babylonians came later and carried away into captivity, into Babylon, the southern tribes of Israel. So if you read the whole Bible, it talks about the northern kingdom of Israel, and the southern kingdom of Israel, and only the southern kingdom was the Jews. That's real clear in the Bible. The northern kingdom has nothing to do with the Jews at all, other than being blood brothers. Amen?

So you have the tribe of Dan. They're not Jews. They're Danish people. They're people that live in Denmark, which is what they call themselves. Dan-Mark. They don't say Denmark. They say Dan-Mark. That's the tribe of Dan. Even their constitution in Dan-Mark says that they are the children of Israel in their constitution. And even in their history books, they recognize that they are the children of Israel, and they teach people that they are the children. They know who they are. They've not forgotten their history. America has forgotten our history, namely. Amen?

Then you've got the tribe of Reuben and so forth. You've got all these tribes, and then you eventually come down to the Joseph, and Joseph went into Egypt, had an Egyptian wife, and had boys, Manasseh and Ephraim. Amen?

So Manasseh and Ephraim, the Bible says that the old man Jacob laid his hands on them, and he said to Ephraim, that you should become a great commonwealth of nations, or a confederation, however you want to translate that, a confederation, or commonwealth of nations. And then Manasseh, that you should become a

great nation, a single nation, not a confederation, but their blood brothers. Amen?

Very tight blood brothers. Amen?

And with an Egyptian mom. Amen?

But it is like that. So look at this easy stuff. This is easy. Amen. This is so easy. A little child could understand. America and the British Empire, we are blood brothers. We are actually English. Amen. I'm speaking English. We're English. We're blood brothers.

And the British Empire is the greatest confederation of nations to ever exist on the earth. Larger and more powerful than the Babylonian Empire. Larger and more powerful than the Assyrian, than the Egyptian Empire, the Persian Empire. You go all through that statue of Daniel, the British Empire is stronger and larger than every one of those empires represented in the statue of Daniel, except for the end time toads that's going to be worldwide, with that exception. Amen?

This is easy stuff. And America, until recently, until recent years, America was the greatest nation, the most powerful nation that ever existed on earth. More powerful than Russia and China combined. At one time we was. No more. Amen. And the Bible says that by these two sons and their descendants, the entire world would be blessed, and they would control the gates of their enemies. Amen.

Nobody in this world can fulfill that prophecy better than America and the British Empire. The British Empire had controlled the gates of their enemies worldwide. Nobody can fulfill that prophecy better than the British Empire. Amen.

And America has been the police, the policeman of the world for decades. Nobody can fulfill that prophecy better than America as a single nation, as a blood brother of the confederation, to bless the world, that all the world, even though they might hate us, we have blessed the world. Amen.

It don't matter where there's an earthquake. Anywhere from this world, we send emergency help. We send food. We send water. We send money. We send manpower. We send machines and equipment. And it don't even matter if it's even our enemies. We bless them. We bless our enemies because we're based upon the Ten Commandments, our Scriptures, our Constitution, our Declaration of Independence, our laws, our formation, the pilgrims. All of it. America was founded upon Christian, Judean-Christian principles of even blessing our enemies.

When it says mountains of Israel being invaded, we've got

to realize that in prophecy, you're going to have some symbolism. You can't have prophecy without having symbolism. You have a prophecy. There's going to be some symbolism in their symbols. And the word mountains in the Bible, repeatedly in the Bible, the word mountains is a symbol word for governments, amen, or tribes or nations. So, when it says mountains of Israel, if we're willing to think spiritually and not just physically, not just physical land, but mountains being a prophetic word throughout the Bible for nations, even, for example, God's kingdom, when He comes down to crush the feet of the statue of Daniel, it calls it a mountain, amen. Mountain represents kingdoms or governments.

So this is more than the Jews being invaded. It don't even use the word Jews here or Judah. It doesn't mention them specifically. So it's more than the Jews. It's more than Palestine. It's more than the Middle East. You've got to use some logic here as well. There's nothing wrong with logic as long as you stay biblically focused and reality focused rather than conspiracy theory focused. Reality focused. The big difference, amen.

If Russia and Iran and several other nations are gathered against Israel to invade them in the end time in our generation, America is going to be part of that policy, amen. Even Biden, as evil as he is, his hands are tied by a tradition of American government policy that has always existed from our very beginning. It is to support and defend the Jews and all of Israel and our allies and so forth. Amen.

So you could say, you know, we've been programmed by YouTube, which is the greatest tool I ever invented by Satan. It really is. YouTube is the greatest tool and the Internet in general. The greatest tool ever, ever, ever, ever in all of human history invented by Satan. Very effective programming. Brainwashing. Very, very, very effective programming. That has taught people to hate the Jews, to hate Israel, that they're the synagogue of

Satan, which really that verse is talking about Christians. It really is. False Christians, that is.

Because the Bible says that a true Jew is one that is circumcised in the heart, not in the flesh. So according to the Bible, more than once it talks about that. Not even the word Jew, but also in addition to the word Jew, it also says that even Israel is not just only the physical tribes, but those that God has called. So you can even have our brothers and sisters that are listening today of different nations, of different Gentile nations across Africa and Korea and other nations. They are spiritual Israel, and they are spiritual Jews. Amen.

When people say that the Sabbath is for Jews only, you ought to say, if I have the blood of Christ, and the blood of Christ is Jewish blood, then I have a Jewish savior, and the Bible calls me a spiritual Jew if I am circumcised in the heart and not in the flesh. Amen. And I don't even find a verse saying that it was for the Jews only anyway.

But it is an invasion of America. You can't invade Israel without America getting involved. Amen. Especially when you have a larger invasion than ever before in all of human history. That's exactly what's being described here. You've got Russia, China, and Iran, and other unidentified nations, Confederate nations, people, allies of Iran, and Russia and China, their allies, multitudes of nations coming against Israel. I guarantee you, even Biden being tied by a tradition of American policy will have to sin in his military and get involved immediately without any hesitation. His hands are tied in that aspect. Amen. And not only that, but because Iran and Syria and Assad be Assyrian, China and Russia and the New World Order and George Soros and all that, even though God is behind all this, these humans and demons and Nephilim, they have in their minds a plan. Amen. And that plan, they have logic. They've got more logic than most people. People always talk about how stupid they are. I'll tell you something, they're not stupid. They know what they're doing. They know what they are doing. And logic would tell such creatures that if you have such a massive invasion in the Middle East, more massive than ever in human history, then you're going to have to attack America at the same time in order to be able to be successful. Because America is going to come running to how you're going to defeat Israel without striking America at the exact same moment.

The last few days we've been watching the news about the Chinese balloon crossing America. Now there's like three of them. And, I don't know, it might even be a fourth today. I'm not being able to check the news yet. I wouldn't be surprised if there's a fourth one now the way things are going. But you know what? None of this worries me because it all fits into God's master plan. All these things must be fulfilled. Not will be fulfilled, but must be fulfilled. Amen. We know that they're spying on us to prepare to invade us.

COVID is a real virus. A lot of people in the nursing homes die. People are like, that's only the elderly. That's only the sick people. That's only fat people that had diabetes and heart problems. Those are the only ones that die. Well, that's partly true. But aren't those human beings too? What if that was my grandmother that died in the nursing home of COVID or flu or a master flu? It's still human tragedy. And they died in huge numbers in those nursing homes. And it wasn't just only the elderly and the sick, but also I saw many reports of young, strong, masculine dudes, bodybuilders that was in perfect health that was dying. I'm talking about the early days of the virus pandemic before they came out of the vaccine.

I saw multitudes of reports, report after report after report after report of young, strong people who were dying from the COVID. It wasn't just the elderly. And you always see that number, the survival rate, 99 point something percent. You see that every day on YouTube, the greatest tool Satan ever invented, YouTube. You see that number every day. But all you got to do is some simple research, very, very simple research, and you'll find that that number is a lot. The real survival rate, instead of being 99 percent, is only 97 percent. And you can verify that through different sources. And you can verify it all day long, source after source after source after source after source. And people's like, well, that's still only 3 percent. 3 percent that died. But listen, we're talking about more than just the United States. COVID was not limited to only the United States. Come on, this is a worldwide situation. If you take 3 percent of the world, like our brother in Jamaica said recently, like he said, 3 percent of the world, that's almost the entire population of America. That's a lot of people. That's a lot of people. Just because you didn't know them doesn't mean it's not real. Amen?

And not only these particular statistics, but even out of the mouth of the Chinese military, and even out of the

mouth of Revelation 6. So if you don't want to believe these statistics, then maybe you might believe Revelation 6, and maybe you might believe the words that come right out of the mouth of the Chinese military. So it's not just one fact. I'm giving you fact after fact after fact after fact after fact after fact. Amen?

So it was something like 12 or 15 years before COVID came out that one of the top Russian, I mean Chinese military officials, is on video and on paper, documenting government papers and documentation of people documenting that he had said this. And 12 years ago, or back then, 12, 15 years before COVID, so we're going back 15, 17 years now, or something like this, back before the technology was so good about changing videos and voices. It wasn't as good as what we have now on technology where they can change videos as much as well.

So he said, the Chinese general said, that even at that time that they were working on, and that their goal was to develop a biological warfare that would be engineered in a lab to genetically attack the human race specifically and more powerfully the white people more than the Asian people. Even though that the biological attack would kill some of their own people, it would kill more of the white race for the express purpose of eventually taking the land of America. And that is what he said. When you look at the statistics of death, if you look at the actual facts rather than the surface of what they're trying to tell you in mainstream media, and you look at the actual numbers and actual statistics, it is the white race that has been targeted in the COVID with the largest number of deaths. If you look at black people and Asian people and different racial groups across the world, it is the white people that have died more in larger numbers and larger percentages than any other race. And especially white men with Alpha blood, with A-positive blood. That's Alpha blood. So that is not no coincidence. We know that there's a war against white men. Amen?

We know that there's a war against the white race, but even more so against the white men, because the devil knows that it is the men that God has called to fight war and to defend the women and to defend society and the church and business and the economy and every aspect of life. God has called the men to be the leaders. And even the white race to lead the entire world — being the tribes of Manasseh and Ephraim — to bless the whole world and control the gates of their enemies. I'm not being racist here. I'm just telling you what the Bible says. Amen?

I'm just telling you what the Bible says, that Manasseh and Ephraim was called upon by God and ordained to be the rulers of the world, of the entire world, the continent of Africa and everything. The majority of our members that follow this ministry are in Africa, and they agree with me. Not once have any of our African members ever come up and said, You're wrong about this, but rather they say, Amen, brother, Amen. Because they know, they're living there, and they can see what their leaders are like. Amen? They live there. They know what the leaders are like in Africa and how corrupt they are. They're worse than American corruption, even worse. Amen. And they would rather go back under the British Empire, and they've told me that. They would rather go back under the British Empire. Under the British Empire, they had jobs. They had money. They had food. Now they ain't got jobs, money, or food. Amen.

So, COVID was a biological attack. Let's go to Revelation 6. I said that we could learn from that, so let's read it. Now, in the book of Revelation, there are seven seals. And again, everybody has their own interpretation, but we don't have a right to our own interpretation. It's easy enough to understand as it is. Amen. Revelation 6. Let's go to page 265. New Testament violence. Page 265. It's good to see our brother in Korea, brother and sister in South Africa, brother in Scotland, our brother in Mexico, our brother in New York, and other people around the world. It's good to see you there as we wait for people to get to the right page. It's good to see everybody that has signed in.

Now, I'm not going to get too deep into the seven seals because that's a whole other sermon. But we've got to understand that there are seven seals in the book of Revelation. And when we get to the fourth seal, that's in verse 7. And this is where we are in biblical history right now, in Bible prophecy. Revelation 6, verse 7. You see there in the Alpha and Omega Bible, we've got in there for your ease of learning and understanding that this is the fourth seal.

So verse 7 says, "When the Lamb, that's Christ, broke the fourth seal, I heard the voice of the fourth living creature," or angel-like creature, "saying, 'Come.' And I looked and behold, a pale green horse." Some translations say a pale horse. But you look at the Greek word there. The Greek word is related to the word chlorophyll. And when you think of the word chlorophyll, that is what makes plants green. So it's an easy translation that it is a green horse. Amen?

"And he who sat on it had the name pestilence and death. And the grave was following with him." Amen? And the next part of the 8, verse 8b, says "Authority was given to each of them over a fourth of the earth to kill with the sword, and with famine, and with pestilence, and plagues, and pandemic. And by the wild, evil, dangerous beasts of the earth."

Then you get to the fifth seal in verse 9. Now, verse 9, the fifth seal, is where the Great Tribulation begins because it is the martyrdom of the saints. Okay? You see in verse 10, the words are underlined, a vengeance or a blood. It is a martyrdom of the saints in the fifth seal. We don't have a martyrdom of the saints widespread yet. Most of the so-called Christians being martyred across the world right now, in places like Saudi Arabia and China, Iran, places like that, they're fake Christians, Catholics, Lutherans, other fake Christians. They're not our brothers and sisters in Christ. They're not truly saved. Just because they believe in Christ, don't mean they're saved. They don't keep the Sabbath. They don't keep the Passover communion. We just told you just a few minutes ago that Jesus said if you don't do the Passover communion, then you don't have eternal life in you. So that's the words of Christ Himself. We choose to believe Christ or not believe Christ. Do we believe religion or do we believe Christ?

It's that simple. So we don't really have a martyrdom of true Christians yet widespread. So that's reserved for the future. That's great tribulation time when there would definitely be martyrdom of true Christians worldwide. There will be a lot more true Christians at that time because of fulfilled prophecy and people coming to the truth. That are starting to finally wake up to the truth that finally come to realize that I've not been talking crazy, but rather I've just been giving you the Bible and simple logic and simple truth. So there will be a lot of people who repent really fast as soon as they see the prophecies beginning to be fulfilled of the invasions and stuff like that. Then there will be true Christians, which you can't find anywhere on the earth today, hardly, but at that end time you'll be able to find true Christians and they will be martyred. So that's not happening yet. We're not in the fifth seal yet. You've got people out there preaching that we're already in the sixth seal because they don't know the Bible. They don't understand the Bible and they love to twist it.

We're not even in the fifth seal yet. We're in the fourth, which talks repeatedly about pestilence, pandemic, disease. That's where we're at in prophecy at the moment, in the fourth seal. So the fourth seal is a prophecy specifically dealing with disease being increased upon the earth just before the great tribulation. That tells you where we're at right now. That tells you that we are at the door to the great tribulation. Even though we've had pandemics throughout time, history, stuff like that, our generation is more at risk because of airline travel and all kinds of travel and subways and crowded buses and a much larger population. And urban cities with people that are stupid, just to be honest with you. Okay?

You've got people in New York City that if the electricity goes out for just three days, they're jumping in dumpsters trying to find food because they don't even have enough food in the refrigerator to last them three days. So that's not poverty because there is such a thing as food stamps. It's not poverty. It's stupidity and laziness and complacency. That's what that is. Amen? But you've just got to be honest with yourselves and with society. Amen?

So, we're in a time of disease and a risk of disease and new diseases that are being biologically created as a part of the invasion. So it goes all together. Then you've got the election fraud. Amen. And then you've got Antifa and Black Lives Matter. And it just so happened that Antifa and Black Lives Matter came about the same time as COVID. If you use a little bit of logic, all these things occurred at the same time as part of the plan. Amen? To weaken America.

In fact, I would encourage people to watch the videos and read the books where the communists actually lay out their plan for the conquest of Western society and capitalism. It tells you step by step we will cause racial

division. We will cause the society to turn against the police. We will corrupt the government. We will have communist implants in the government. We will have communist implants as governors, as mayors, as presidents. We will have communism in schools, in the churches. We will compromise the pastors and the churches. We will do all this and we will cause race wars in the streets to turn the people against their government and against each other so that we can then destroy capitalism and the free society and institute communism on all levels. Amen?

They wrote it out, what they're going to do. And yet people are still walking around blind and ignorant and brainwashed as if all of this is just coincidence. It's no coincidence that Black Lives Matter and Antifa and COVID all hit at the same time. Followed up with the election fraud at the end of the same year there.

All of it is part of the new world order plan, but in the hands of God to destroy and chastise His own people. I've got to tell you this, people don't like it, but this is the truth. The churches of America and the so-called Christian churches in the Middle East and Africa and around the world have been complacent to allow evil to reign. Amen. The so-called Christian churches, they have power, they have money, they have riches. As the Bible says, it's going to be very, very difficult for the rich man to enter the kingdom of heaven because you've got a rich bastard pastor of the first Baptist church right downtown and rich membership, everyone of them rich, money flowing out of their pockets and did absolutely nothing to prevent the mosque from being built in Johnson City only a 45 minute drive away. 45 minutes. And a lot of them have family there. Did absolutely nothing to stop the Islamic building. They should have blocked the streets. They should have laid down in the streets and blocked the traffic even if it meant them getting arrested.

But they have enough money and power they wouldn't even need to have done that because their brother is the mayor of Johnson City and they've got members, brothers and sisters and cousins on the senior council of Johnson City. All they had to do is make a phone call and they could have stopped it. Same thing with all the abortion clinics all over the nation and gay bars and all kinds of evil businesses and the satanic temples and the satanic churches and the list just goes on and on and on and on of what the so-called Christians have allowed in this nation and other nations. So the Bible is right when it says that the angel is going to say, when the angel sees the destruction of all these nations including America, and says that God has done right that His judgment upon the nations is righteous. Amen.

His judgment is righteous. He doesn't want to punish anybody. He's a loving God. But He can only take so much. You can take a very loving and caring and kind and compassionate person and push them to their limit and that's what we have done to God. We have pushed Him to the limit even as the nation of Israel did before the Assyrian captivity and before the Babylonian captivity. They pushed Him to the limit. He can only take so much before He spanks the bad child. That's being loving. If you love your child and your child is doing bad, you've got to spank them. That's

being a loving father. It's not being a mean monster.

I've had people tell me. A woman that used to work at the health food store before they closed down, one of the women that worked there, she said the God of the Old Testament was a monster. He was evil. And she calls herself a Christian. I said Jesus is the God of the Old Testament. He's the same God today, today, and tomorrow. We don't serve two different gods. The God of the Old Testament and the God of the newspaper are the same God. She showed me to the door.

Christians being taught in the churches that the God of the Old Testament is not the God of grace, but He was. Look at Elijah being sent to that woman's house that was almost out of food and sent just in time to save the life of her son too, and she was a Gentile. They're being taught that the God of the Old Testament is a different God than the New Testament. Two different gods, three different gods is what they're teaching.

God is the same today, tomorrow, and forever. He does not change. He's always been the God of grace and mercy, but you still have to obey Him. And when we are disobedient and disrespectful and liars and say we know Him and we do not keep His commandments, then it is time for a good spanking. We deserve what we

get. Come on, Russia. Come on, China. We need it. We need the baddest spanking we could get. People refuse to drop to their knees. People refuse to drop to their knees to worship God Almighty. I tell you what, God is going to spank us down. We'll be falling on our knees. Amen? That's the God to honest truth! We deserve what we get!

And I've had people all over the world contact me over the years to tell me of their dreams and even their visions. Not just dreams, because a dream you can't trust because you might have just ate something spicy to give you a dream. But people have even reported even their visions where you're wide awake and then all of a sudden you're on a battlefield and you see Russian and Chinese soldiers attacking America. You can trust a vision much better than you can trust a dream any time. Of course, you've got visions from the devil too. That's possible as well. I'll tell you the full story. Amen?

But there's also such a thing as a real vision from God. And people all over this world have contacted me for, let's see, 14 years to tell me about the Russian and Chinese invasion, their dreams, and their visions of where they're seeing this. The same thing happened before the last plague in the book of Exodus, the tenth plague, where the first born died. Is it in the Apocrypha that says this?

I think it's in the Apocrypha that says it. The Greek Septuagint, Greek Septuagint Apocrypha. The real Apocrypha, not your fake Apocrypha, but your real biblical books that was in the Bible originally that we can actually prove was part of Scripture originally. I forget which one of those books. Wisdom chapter 18. Wisdom of Solomon chapter 18.

So, it says that before the first born was killed in Egypt, the women actually had dreams of God showing them that their first born was going to die, that God was going to kill them because of their wickedness, because of the wickedness of their sins in Egypt. God always sends a warning before the punishment. Always, always, always, always. I've seen that in my life, my whole life. When people I knew were getting punished by God, I saw God sending the warning before He punished them. And I said to these people, God is speaking to you. He's going to punish you. And they didn't change their ways, and then the punishment came. But I saw God speaking to these people. Warning. He always sends a warning. Even the Native American tribes, they have stories about before the white men came that God sent prophets among the Native American Indians of their own people having dreams and visions. God's saying, I'm going to send a people, white men, into your nation and take your land away because of your sins. And the African people the same way. God raised up prophets among the African men to have dreams and visions before the British Empire came. I'm going to send these people to take you because of your sins, because of your witchcraft.

We just read in Ezekiel 38, "I will put hooks in your jaws and I will bring you into the land of Israel."

People always want to play the victim card. And the Democrats have taught us, all of us, to play the victim card. All those poor Indians. All those poor Africans. Oh, poor me. The reality is, if a plague comes upon you, you deserve it. If you get captured and enslaved, you deserve it. If your nation gets invaded, they deserve it. Everything falls into the hands of God. He is in control. Amen. He even says in Daniel 2 or 3 that it is God Almighty, the God of Israel, that brings nation against nation and brings up empires and brings down empires. If an empire is established, God did it. If an empire is destroyed, God did it. God is in control and He determines the outcome of war. Amen. And even today, you're getting the warning. It's not going to change anything. The invasion is still coming, and you can't stop it and you can't pray it away. Amen.

You hear all the time, one of the most favorite verses of so-called Christians, if my people will pray and repent, I will restore the land. Everybody knows that verse. And it's written all over the place. And so they'll be like, okay everybody, let's all pray. Let's all pray on a certain date. Mark it on your calendar. We're going to have a prayer vigil and we're going to all pray, and we're going to all pray, and we're all praying God will save this nation and we'll be okay.

But they just left out part of that verse. Repent. You can pray and you can pray and you can pray and you can have a thousand-member church or even a two- and three-thousand-member megachurch and all of them praying at the same time, same day. And it is in vain, and even the Bible says over and over, Isaiah 1, Isaiah 2, I know Isaiah 1 says it in other places too, I will not hear your prayers. So it says I will not hear your prayers. Your hands are bloody. It says in that same chapter, your hands are bloody. They're voting for Democrats, which is the same as voting for murder, voting for abortion, especially the black churches, let's just be honest and let's just be real. Calling themselves Christians, like Pelosi up there, saying that God approves of abortion as the same thing that they're teaching in some of these black churches. We just have to say it the way it is. This is not being racist. It's calling out a problem. If there is a problem, it needs to be addressed. And how are you going to address the problem unless somebody actually says it out loud? Somebody's got to say it out loud. You can't address the problem unless somebody confessed the problem. Amen?

Mexican people, same problem. Too many Catholics in Mexico. Catholics are claiming to be Christians, but yet voting for Democrats. And voting for Islam. I tell you what, you cannot claim to be a Christian and vote for a Democrat. It's impossible. You can claim it all you want, but it's not accepted in heaven. Amen?

I tell you, we're going to be held accountable for the way we vote. Held accountable. Blood is on those people's hands. Well, I'm going to tell you something. The Bible says if I see the sword coming and I don't tell you, then the blood is on my hands. Ain't that what it says in Ezekiel 33?

I see the sword coming as my job, as my duty as a human being, and as a servant of the Most High God to tell you that the war is coming even if we can't stop it. We're not going to stop it because this nation ain't going to repent. You can get all the churches praying and every church to pray all at the same time. And it won't do anything. God will not hear their prayers because they're not repenting. They're never going to change.

Mommy and Daddy kept Sunday, so I'm going to keep Sunday. Mommy and Daddy did Christmas and Easter and Ash Wednesday and St. Valentine's Day, so I'm going to do it. They're never going to repent. Stiff-necked, rebellious, stubborn hypocrites. They're never going to repent.

We deserve this nation to be invaded. Every nation in the world: Africa, Mexico, Korea, Australia, every one of you listening, Jamaica, your nation deserves to be crushed and destroyed. And it will be. The Bible says in the book of Revelation and Daniel both that God Himself will give every nation on this earth to the Antichrist, to the son of perdition. Every nation on this earth, every nation without exception, every nation on this earth will be given to the Assyrian. He will have power and dominion. He will conquer the nation. Even it says in Daniel that his feet will trample the earth. He's going to destroy the cities. And the Bible says that every building shall fall. Every building. People are going to be living in caves and holes in the ground. The Bible says that. People are going to be living in holes in the ground. They're going to be living in the forest, in the woods, in the trees, and trembling and shaking in fear. Starving to death and being chased by the enemy soldiers. Many of them captured and enslaved.

It's said in Matthew 24 that the tribulation of those days should be worse than any other time in history and ever shall be again. The worst time ever. That's worse than World War I. That's worse than World War II. And think of how bad World War II was. Millions of Jews murdered. The Great Depression, even in America, American families were starving to death in America. American families. There's a picture of American boys looking like Jews in Israel. Or Germany. Looking like Jews in Germany. Bony, skinny, starving to death in the United States. That's the way it's going to be again. And worse.

Jesus said it's going to be worse than it ever was. We can't stop it. We can't pray it away because people aren't going to repent.

The only thing we can do is repent individually. We aren't going to repent as a nation. Just get real. Just get real. But we can repent individually to receive mercy from God. Mercy is deserved. The Bible says I will show mercy on those whom I choose to show mercy on. Not just everybody. Amen. The Bible says that we should try

to be accounted worthy of our calling.

You hear all these preachers constantly. You're not worthy. I'm not worthy. You're not worthy. We're not worthy. We're not worthy. As an endless broken record, we're not worthy. The Bible says that we should try to be accounted worthy. We should try to be worthy of His mercy. Amen. We need it. We need His mercy. And mercy is earned and deserved.

You look at Abraham, Isaac, Jacob, Noah, Moses, all the different men and women of the Bible, they deserved the blessings they got. It wasn't just mercy and grace. It was, for the most part, with very few exceptions, it was people that deserved to have a high calling. They had proved themselves. They had chosen to obey God. They had chosen to repent. And even if it was their first time hearing the voice of God, they immediately obeyed. Amen.

Abraham was in a very evil land, a very evil nation of Mesopotamian, really Syrian territory. And his family was pagans. And the society was pagans. And God said, Leave all that. Leave that land. Leave your nation. Leave your family. And come out from among them and be separate and be different. And come out and live in a tent and dwell and journey and take your journey.

And he didn't know where he was going. He could have said, "That's too hard for me." He could have said, I'm not worthy. He could have said, "This is too much. You're asking too much. This is too radical." He could have said, "I love my mommy and daddy. I love my homeland. I don't want to leave." But instead, he said, "Yes, sir, I'll go."

He didn't know where he was going to go, where he was going to live, where he was going to lay his head. Even Jesus said, "The Son of mankind has nowhere to lay his head." Amen. The only thing we can do is do like Abraham did and other men of God did and say, "Yes, sir. Nobody else might not repent, but, sir, I will repent. I volunteer to get down on my knees, and I volunteer to raise my hands, and I volunteer to keep the Sabbath. I don't have to be commanded. I willingly obey. Send me, Lord. Send me."

We could have that heart like David did. Amen. We could have that heart like David did when all the other men were cowards. They would not fight Goliath. They were scared to death of Goliath. But David, the shortest of all his brothers and the youngest of all his elderly brothers, he said, "I will not fear this monster. I will not fear this man. He insulted my God. Give me my rock." Amen. Praise the Lord. "I'll knock his head off. I'll cut his head off. How dare he insult God. How dare he insult me. How dare he insult my nation." David might have been little, a little tiny sheep guy with big ears, but I'll tell you what. He was a man. A man's man.

Stand up for Jesus. Amen. That's what that song is. Song 37. Stand Up for Jesus:

Stand up, stand up for Jesus, Ye soldiers of the cross  
Lift high, the royal banner, It must not suffer loss  
From victory unto victory, His army shall he lead  
Till every foe is vanquished And Christ is Lord indeed.  
Stand up, stand up for Jesus, The trumpet call obey  
Forth to the mighty conflict In this His glorious day  
Ye that are His now serve Him against unnumbered foes  
Let courage rise with danger, And strength to strength oppose.  
Stand up, stand up for Jesus, Stand in his strength alone  
The arm of flesh will fail you He dare not trust your own  
Put on the gospel armor And watching unto prayer  
Where duty, cause, or danger, Be never wanting there.  
Stand up, stand up for Jesus, The strife will not be long  
This day the noise of battle The next the victor's song  
To him that overcometh The crown of life shall be  
He with the King of Glory shall reign eternally

Stand up, stand up for Jesus.

Amen. Praise Jesus.

I hope and pray that this sermon has changed your life.
