

Sermon Transcript: War is Not Evil

May 28, 2022

Praise God.

I say it a million times so I can never say it enough, that when you are distressed you need strength, you need empowerment.

Praise God.

Worship Him.

Lift up your hands and praise and worship and your burdens will grow away.

Amen. Praise God.

Let's turn to the book of Ecclesiastes.

That's in your Song and Wisdom book, volume 3, if you have the Alpha and Omega Bible.

For the poor people that might be listening for the first time, we are reading from the Alpha and Omega Bible the restoration of the original Scriptures.

As people turn to Ecclesiastes chapter 3, today is May the 28th, 2022.

We have eight days left until Pentecost.

Only eight days left until Pentecost.

So Pentecost Sunday is not tomorrow Sunday but the next following Sunday, a week away from tomorrow.

It's amazing and mind-blowing to me that Pentecost is so near.

Time really goes fast.

So today is the 28th day of the second month in the biblical calendar.

28th day of the second biblical month.

Wherever you may be, wherever you are, without exception, let's all stand for prayer.

Lord Heavenly Father, we praise you and we worship you, Lord.

Praise your holy name of Jesus.

Thank you, Lord, for getting us through this week.

Thank you for the day of rest and worship.

Thank you, Lord, for what you are doing.

Thank you, Lord, for what you are about to do.

Thank you that you loved us before we knew you and that you continually call out to us that there is help, that there is strength from you.

Please help us to not forget that you are the answer.

Please help us to look upon you for our strength and our source of joy and peace and strength and guidance and direction.

Please help us to always give you the glory.

Please help us against pride and vanity and stubbornness and rebellion and lawlessness.

Please help us against sin and temptation.

Please help us, Lord, more and more into the center of your will.

Please give us more of your Holy Ghost.

Please be active in our hearts, our minds and our lives.

May your will prevail in us, each one of us individually and as a church and as a kingdom.

May your blessings be upon this sermon for your people to increase in knowledge and understanding and truth.

So help us, God.

Through Jesus Christ, we ask all of this and accept it and embrace it in Jesus' name.
Amen. Amen. You may be seated.

Ecclesiastes chapter 3.

This is a very important chapter.

It is a chapter that everyone should know about and should have read over and over and over and over and over already in your life already.

And if you have not yet read this a million times, then today is a good day to get started in reading this repeatedly over and over and over because this really needs to become part of you, part of you.

The Scripture needs to become part of who you are. Amen.

Because Scripture, especially when it becomes part of who you are, will give you wisdom and understanding and you'll see things more the way that God sees them rather than with human eyes.

Ecclesiastes chapter 3 verse 1.

To all things there is a time and a season for every manner or matter under heaven, a time of birth and a time to die, a time to plant and a time to pluck out what has been planted, a time to kill and a time to heal, a time to pull down and a time to build up, a time to cry and a time to laugh, a time to lament, that means cry and mourn, and a time to dance, a time to throw stones and a time to gather stones together, a time to embrace and a time to abstain from embracing, a time to seek and a time to lose, a time to keep and a time to cast away, a time to rend or tear, and a time to sow.

And then, lament in verse 4, sorrow or to sorrow or mourn, instead of lament, a time to sorrow / mourn.

Verse 7 also says a time to be silent and a time to speak, a time to love and a time to hate, a time of war and a time of peace. Amen.

And that last part of verse 8 is the main focus of today, a time of war and a time of peace.

There is a time for everything under the sun, including a time for war and a time for peace.

I often see on social media people posting about how many wars that each United States president was involved in or started, as if that automatically makes a president bad.

And they also claim that Trump wasn't involved in any war.

But the reality is, Trump should have at least tried, he should have at least tried to remove Assad, president of Syria, from power.

But he didn't even try.

Which is a major point against Trump, not for Trump.

Now the people that have followed this ministry for a long time, they know, they understand that I have overall in general, many times through the years, supported Trump, because he was the most conservative president that we've had since Reagan.

And he had many good points to him.

But at the same time, Trump is not God.

And he made multitudes of mistakes that really, really, really hurt America.

Trump was not perfect, not in the least.

You see a lot of people on social media and across America worshipping Trump.

And they hate when I use that word, worship.

And they say, no, we do not worship.

But when you look at their images, their memes, their words, their actions, and the way they

absolutely refuse to criticize him for anything at all, they absolutely do worship Trump. Absolutely. God is my witness.

And we should not worship any man.

Now you can honor a man, you can respect a man.

But some of the things that Trump did is unforgivable, unless he repents, which he has not repented.

He should have at least tried to remove Assad, even though we actually know that Assad is the Antichrist, and using modern-day vocabulary, we know actually the Bible calls him the son of perdition.

And therefore, you can't actually overthrow Assad.

But nevertheless, Trump, not knowing that, should have tried to remove Assad, because Assad is absolutely one of those types of world leaders that should be overthrown, absolutely should be overthrown.

And then also, Trump did not revenge attack against Iran when Iran struck American soldiers with long-range missiles, intercontinental missiles.

That makes Trump a big chicken.

How has anybody forgiven him for that?

That made America look like a chicken.

That made America look weak.

It emboldened Iran, Russia, and China, and Syria, and Pakistan, and all of our enemies, also including Cuba and Venezuela, and all of our other enemies, are now emboldened, in part because Trump never did revenge the intercontinental missile strike against Americans.

That was an act of war.

Why did he not counter-strike with intercontinental missiles? That is mind-blowing.

And yet, none of these Trump supporters will point that out, or mention that, because they treat Trump as God.

They really, really do.

The right thing would have been Trump to have blown Iran off the map when that happened. But he didn't.

There's a lot of people, like I said, post on social media, that they love Trump because he didn't start or even fight, or very much at all, compared to other presidents.

But that did not make him a good president.

That actually made him a chicken, and made America weaker and more vulnerable to attack.

We and the bully, all the bullies and evil dictators of the world, when they see that they can push you around and you won't hit back, that makes you a bigger and weaker target.

That makes Trump a bad president, although he did a lot of good things as well.

But that wasn't the only bad thing he did.

I preached recently and wrote an entire article about 23 things that we can point to to prove that actually Trump is actually part of the New World Order, and just one of those rich elites, them against us, in reality, when it all boils down to it.

You've got to realize that politics is a game of delusion.

Politics is a game of delusion, of deceiving large numbers of people to get people to think that they are on our side when they are not.

It is the rich elite against us. That's the reality.

But we're here today to talk about war. War is not evil. War is not a bad thing.

The thing is, people won't have peace on Earth now, and that's unrealistic.

It's actually immature thinking. It's a way of thinking of people that don't understand God, don't understand evil, and don't understand righteousness when people want peace on Earth now. You're not going to have peace on Earth now, no matter how many meetings they have, no matter how many peace treaties they sign into, no matter how much you appease one another, try to get along, shake hands, and meet behind the curtains and everything else. You're still not going to have peace. And even when you don't revenge attack, you're still not going to have peace. Like I said, the bully will then recognize if you're not going to fight back, that he can fight more. It ain't going to stop the bully. There's still going to be war. War is a necessary part of life in this world. People want peace on Earth now. But there's a time for war and a time for peace.

And right now, this time, this era, is not the time for peace. Even Jesus said, think not that I came to bring peace, but rather a sword. Jesus said that. Amen. War is actually a good thing for this time, for this era, because in this time, this era, there is evil on Earth. And for as long as there is evil on Earth, there's going to be a time for war. Because it is the righteous thing to do to fight evil wherever it is, even if it is in a different nation. So many people, such as the libertarians, which are, got to be honest with you, a libertarian is a person that does not understand evil, nor righteousness, nor the reality of the way the world works. They don't have very much understanding of the way the world works. They don't have very much understanding of reality. The libertarians think that we shouldn't get involved in any other nation, should not even help Israel, should not even help to defend Israel, even if they get invaded. That's ridiculous. Should not help Taiwan if they get invaded? That's ridiculous. That's a ridiculous way of thinking. That's a ridiculous political party. Absolutely ridiculous.

We must defend Israel and support Israel. They're surrounded by evil heathens. They're surrounded by Islamic nations in every direction. They are a nation that supports at least an ideal and theme of keeping the Ten Commandments and biblical law, even though Israel does have a lot of sin, just like America and just like every nation on earth. They've got a lot of sin, but nevertheless, nevertheless, they are a nation that has biblical law as part of their government. And that's respectable. That is respectable and honorable. That the Sabbath is still part of law and Passover is still government law. The Days of Unleavened Bread is still part of the law of the nation, the government of the nation. Come on now. When a government honors God by keeping His holy days, even if they don't do it entirely correctly, this is admirable. And we should be there as their brothers physically as we are. America is a tribe of Israel, the tribe of Manasseh, and as the British Commonwealth is the tribe of Ephraim, as both blood brothers and as brothers of the covenant of Abraham, Isaac, and Jacob, and as a nation that also was founded on the Bible and God's will, we should be there with Israel every step of the way, every step of the way, to defend themselves against those heathen, pagan, demonic, satanic Muslims that surround them on every side that want

to wipe them off the map just because they are God's chosen people, just like America is God's chosen people, just like Great Britain, Ireland, and Scotland, and Canada, and the other Anglo-Saxon tribes.

We are God's chosen tribes of which the Gentiles of all nations can be adopted into, and all nations and all people of all languages and all colors can be part of spiritual, can be, and should become part of spiritual Israel.

But since Israel and America and Great Britain are blood brothers, we should be there for family.

We should be there to protect them from those Gentile, heathen, pagan nations.

It's the right thing to do, even if we wasn't blood brothers, even like Taiwan.

We're not blood brothers with Taiwan, America is not, but Taiwan is an American ally.

And Taiwan is people, Chinese people, that escaped from the Chinese mainland because the Chinese regime is demonic, communist, and overbearing tyrants.

And so we should respect and honor the Taiwan people for their rebellion of against China.

And we should be there to protect them, and that's the only reason China has not invaded Taiwan yet, is because America has always made it somewhat clear that we would defend them, we will defend them when the time comes.

And that time is coming, and we will absolutely have to and should defend Taiwan or anyone else that is attacked by the most demonic, even though all nations are sinful.

When the most demonic nations attack one of our allies, we should be there to defend them.

It doesn't matter where it is on earth, it's an unpleasant thing, it's an unpopular thing, it's not very popular because people don't want to send their brothers, their husbands, their children, their sons, their grandsons to war, of course not.

But you've got to understand war is a necessary part of manhood as well.

Back in the old days in America and in most nations around the world, men at one time was required to spend at least one year in military service, required by law.

Even in the United States at one time that was the law, every man had to spend one year in the military.

And it's still that way in some nations today.

Unfortunately they did away with that law in America.

So now you have entire generations of men that have never fought in a war, nor even been sent overseas, nor even left their state, their nation, never even left their town.

That's pretty ridiculous.

And that's actually pretty sad that you've got men that are 30, 40, 50 years old that have never left a 50-mile radius of where they live in their entire life.

That is sad and ridiculous and it makes men very immature and it makes men very ignorant of the world and of life itself.

No wonder you've got so many libertarians because I guarantee you most of these libertarians, most of them have never left a 50-mile radius.

They have no idea what this world is about.

It's a very naive way of thinking to think.

All you've got to do is not get involved and therefore they won't touch us.

That's ridiculous thinking.

Don't get involved and they won't touch us.

That's ridiculous thinking.

You don't understand evil.

Evil is a plague.

Evil is a cancer.

And if you do not attack it and destroy it first, it will attack and destroy you.

It will come after you.

Evil will come after you, regardless of what nation you're in and regardless of whether you try to get along, get along and coexist or not.

It's going to come after you.

The right thing to do is for America and the British Commonwealth and Israel and any righteous nation on earth, the right thing to do is to take our young men, send them into battle and conquer the evil where it's at before it comes for us.

That's the wise thing to do and actually the biblical commandment.

I'm not going to share all the scriptures today because be honest with you, I've been very, very, very sick for almost a whole week now.

This right here might be, especially by the time I get done talking today, will definitely be the longest amount of time I've been up on my feet, out of bed in several days.

So I praise the Lord for giving me the energy and strength to stand here right now and preach to us.

But I really don't have the strength to stand here and give you all the scriptures, but the Bible is there for you.

The Bible has got many examples, multitude of examples of God telling people to go and invade the wicked nations and to kill the people.

A lot of people don't see how God can be a loving God when he sends people to kill even the women and even children, even babies.

People don't understand God at all and they don't understand evil.

If you allow any of that nation to survive in some of these situations like God knew in his all-knowing wisdom, in those particular situations I'm talking about, if they had left anyone to survive, the survivors would have been a plague, a cancer when they grew up.

They would be eating one another because their culture was to sacrifice their own children.

So if the nation of God had not killed those children, their own parents would have killed them eventually anyway in a more inhumane way.

Many times if a horse gets injured, they shoot the horse.

It is more humane.

It is actually more humane to destroy the entire nation of a cancerous plague of demonic evil, much more humane than to allow some survivors to grow up in a satanic culture.

And when you take a cancer out of the body, you don't leave some of it in.

When you remove a cancer, you've got to remove all of it.

This is the reality, it's a harsh reality, but it's still reality.

Don't judge God.

God knows what he is doing and war is not evil.

War is righteous.

One of the things that I did admire greatly about President Ronald Reagan that became president in 1980, the election was actually November of 79 as far as I know.

He was a great president.

I think actually in some ways maybe even better than Trump.
He was wiser than Trump.
He didn't bring a worldwide genocide upon us.
And he was definitely not a chicken, whereas Trump is a huge chicken, a big chicken.
So I think Reagan is better than Trump in several ways.
I know Reagan wasn't perfect either, but one of the things I admired about Reagan is he wasn't a chicken.
He fought evil, repeatedly fought evil, and that makes his wars just.

Let's turn to the book of Joel, Joel chapter 3.
That's over in the book of Prophets, volume 4, if you have the Alpha and Omega level.
Joel 3, page 174.
The book of Joel, page 174, that's right after Hosea and right before Amos.
That's very near close to the end of the Old Testament.
Joel 3, verse 1.

"For behold, in those days and at that time, when I shall have turned the captivity of Judah and Jerusalem, I will also gather all the Gentiles and bring them down to the valley of Josaphat, and will plead with them there for my people and my heritage Jesrael, who have been dispersed among the Gentiles, and these Gentiles have divided my land, and have cast lots over my people, and have given their boys to harlots, and sold their girls for wine, and have drunk.

And what have you to do with me, what do you have to do with me, O Tyre and Sidon, and all Galilee of the Gentiles? Do you render me a repay, a recompense, or do you bear malice against me? Quickly and speedily will I return your repay on your own heads, because you have taken my silver and my gold, and have brought my choice ornaments into your temples.

And you have sold the children of Judah and the children of Jesrael, or Jerusalem, to the children of the Greeks, that you might expel them from their borders or their coasts.

Therefore, behold, I will raise them up out of the place where you have sold them, and I will return your repay, your recompense on your own heads.

And I will sell your sons and your daughters into the hands of the children of Judah, and they shall sell them into captivity to a far distant nation for Jesus has spoken in."

Right here shows you that there have been times in history that the Israelites were slaves more than once.

But there's also times in history that the Israelites were slave owners.

George Washington was a slave owner. Many of the forefathers of America, many of the British as well, were slave owners.

And they also went into Africa and different other nations and even India, Jamaica, other nations, conquered people and nations and tribes.

But everybody has their own human way of thinking.

That was the sin of Adam and Eve in the Garden of Paradise of Eden, is that they took upon themselves to decide good and evil instead of trusting God and his laws of what to touch and what not to touch and what to do and what not to do.

And people today have the same mentality that they think they know more than God, they think they're wiser than God.

Why did God do this? Why did God do that?

Always questioning and second guessing God and thinking they're wiser than God.
That's foolish thinking, extremely foolish thinking.
And people think that slavery is always evil.
But it's not when you read the Bible and even when you examine history, even if you didn't have the Bible.
If you examine history and not just that someone was oppressed, I'm like, come on, there's two sides to the story.
Come on now.

People always like to use the victim card.
And that's one of the biggest problems in black society worldwide right now, especially in America, is playing the victim card.
And I'm not saying that just because I'm white, many of my black brothers and sisters have said the same thing.
Even Candace Owens and Alan West and Ben Carson and a lot of respectable black leaders have said the same thing repeatedly.
That there's a problem in the black community of playing and playing and playing and playing the victim card.
We must face the reality of the sins of our people and the sins of our forefathers, both the white people and the black people and the yellow race as well and the brown races.
No matter what tribe we came from, we need to confess the sins of our forefathers.
They did that in the Bible. They confess the sins of their forefather. That's what we need to do as well.
So the reality is God does sin, nations and tribes against other nations and tribes and sends each other into slavery.
And it even goes back and forth. Sometimes the whites had blacks as slaves, sometimes black had whites as slaves.
It's gone both ways throughout history.
And sometimes it's righteous and sometimes it's not righteous because you know you got the evil nations, the evil Islamic nations right now have tons of slaves.
And yet the Democrats and the black community in America says nothing about it at all.
And yet there are actually literally millions of black slaves in captivity today in modern society.
And those Arab and Islamic nations, millions of black slaves, but the Democrat Party in America, total silence about that.
It is major hypocrisy. They want to talk about black slavery in America from decades ago.
That's done and gone now and mention nothing about black slaves that still exists because these Democrats are in cooperation with it.
They are the Democrats, just like back in the 1800s when the black people sold their own black people into slavery.
The same thing is happening right now with the Democrats that the Democrats are working in cooperation with these Islamic nations to hold those people as slaves.
Every Muslim, almost every Muslim in America, votes Democrat.
Come on now, wake up, wake up.

But sometimes slavery is acceptable because slavery is the mannerism that you control an out of control people.
And it is also a way that if you did not want to slaughter the people, if you did not want to

erase the entire nation or tribe, then you would enslave them.

And in slavery, sometimes a nation can repent while they are slaves.

In fact, that's going to happen in the future to America.

While America is going to be under slavery, which we already are actually, but it's going to intensify a thousand times.

And many Americans during World War III will be taken, as the Bible tells us, that we will be taken, they will be taken slaves into other nations.

And it's while the Americans and the British and the Canadians, while they are slaves in China, Syria, Cuba, Venezuela, and other nations, while the Americans are slaves in those nations, they will finally repent.

Slavery is a great way of rehabbing a person. It's a rehab, rehabilitation, to give them time to think about their sins and what has caused it.

Instead of playing the victim card, the person will eventually say, you know, what did I do to bring upon this myself, and realize they actually did do something to bring it upon themselves. Amen.

We have to have accountability for our forefathers, but also for ourselves, what we have done to bring this upon ourselves, because we absolutely have brought it upon ourselves.

The worship of Trump, the worship of Biden, whatever side you're on, whether you have worshiped Trump or whether you have worshiped Biden, you have brought the slavery upon yourself.

So anyway, let's keep reading here, and it says in verse 9, "Proclaim these things among the Gentiles, declare war, arouse the warriors, draw near and go up, all you men of war, beat your plowshares into swords."

What is a plowshare? It is a blade on the plow.

So Brother Jared, please make a note, and all these notes that you're making, please send to me today, later.

But plowshares, let's change that into plow blades, two different words, plow blades.

Plowshares is actually still a modern word that a farmer might know.

But most of us don't own an old-timey plow that would still have a blade on it in this manner.

Most people don't know what it is unless you're a professional farmer, so that's not a lot of people today in the population.

So either the blade of a plow, turn the blades of plows or the plow blades into swords, and your sickles, which is a round blade that you use to cut tall grass or cut wheat, turn those into spears.

"And let the weak say, I am strong." Amen.

"Gather yourselves together and go in, all of your nations round about, and gather yourselves there, and let the timid, those that are cowardly, become a warrior."

This is what God is saying. He's not saying war is evil or that war should be averted, trying to avoid war, but rather God is saying that in the end time, He wants us to go to war.

In the end time, the theme of this chapter and of this entire book of Joel is the end time.

And God is saying, go to war, do it. Amen.

And verse 10, beat the blade of the plow into a sword and your sickles into spears. This is saying, if you don't have a weapon, make one.

And turn these instruments of farming, because both of these are instruments of farming, into instruments of war.

So we have the technology and the law that anytime we so choose to do so, the government of America can, like they did in World War II, demand that the factories stop making one thing and start making a different thing.

So basically it's saying to the American government, take those factories that are making metal parts for farming and turn those factories into war factories, like we did in World War II. This is what we need to do right now, this minute, because war is coming.

And there's a time that it will be done.

This is actually an encouragement for the final year. As we keep reading, you'll see that the context is more in the final year after the six seal opens.

And in that final year, it is when God will finally turn around the war, especially in the final months, weeks, and days, as it gets closer and closer to the return of Jesus at the end of the Great Tribulation.

In that final year, months, and weeks before he returns, God will turn around the war, because on the very first day of the Great Tribulation, America is going to be invaded.

Israel and Great Britain will be invaded and stay under the invasion and under conquest for the entire three and a half years of Great Tribulation.

God is going to give Russia and China, Iran and Syria, Cuba, Venezuela and Pakistan the victory against America and the British Commonwealth and against Taiwan, because of our sins, because we did try to appease Iran, because Biden and Obama and all the Democrats of America have blood on their hands, because of abortion and vaccines, and Trump has blood on his hands, and all the people that worship Trump have blood on their hands by not calling him out for not repenting about the vaccines.

He continues to promote the vaccines. He actually does, even though he's speaking out against vaccine mandates, he still speaks out in support of the vaccines.

So that's a hypocritical stance, and it's a dangerous stance, and it actually leads to death of people that would listen to him and take the vaccine, even if he is against the mandates, and it's still for the vaccine itself, which makes him responsible for people taking it. He has blood on his hands.

And he's the one that signed it into law to bring the vaccines to market, untested. He's the one that did it. It's all in Trump's hands about that, absolutely.

And it's really unforgivable, because he has not repented. But the war will be turned around in the final months. Let's keep reading.

Let's read verse 12. "Let them be aroused, the warriors, let all the nations grow up to the valley of Josaphat, for there I will sit to judge all the Gentiles round about.

Bring forth the sickles, for the vintage is come. Go in and thread the grapes, for the press is full. Cause the vats to overflow, for their wickedness is multiplied."

A vat is a container, a container of the wine, of the grapes, of the blood. Verse 14. "Noises have resounded," or have sounded, "in the valley of judgment.

For the day of Jesus is near in the valley of judgment. For the sun and the moon shall be darkened, and the stars shall withdraw their light.

And Jesus shall cry out of Zion, and shall utter his voice from Jerusalem. And the heaven and the earth shall be shaken.

But Jesus has spared his people, and shall strengthen the children of Jesrael." Amen.

"You shall know that I am Jesus, your Theos, who dwell in Zion, my holy mountain. And Jerusalem shall be holy, and strangers shall not pass through her anymore. And it shall come to pass in that day that the mountains shall drop sweet wine, and the hills shall flow with milk."

Okay, I have to stop. I have, I ain't got no more energy. But God is good. Let's turn to Zechariah 14.

When you get the page number, let me know. Zechariah 14. Page 204. Thank you.

Verse 1. Zechariah 14, verse 1. "Behold, the days of Jesus comes, and your spoils shall be divided in you, and I will gather, I will gather, God will gather all the Gentiles to Jerusalem to war.

And the city will be taken, and the houses plundered, and the women ravaged. And half of the city will go forth into captivity, but the rest of my people shall not be utterly cut off from the city.

And Jesus shall go forth and fight with those Gentiles, as when he fought in the day of war.

And his feet shall stand in that day on the Mount of Olives, so forth.

Right here, we've got three and a half years passing by in those three verses. Three and a half years.

From the time he brings the Gentiles against Jerusalem, against Israel, until three and a half years later, when his feet stand on the Mount of Olives in Jerusalem.

Notice, it's not on the Mount, Temple Mount. It's not on the Temple Mount. Mount of Olives is a different location. Different location. Think about that. Amen.

All right. So God actually supports this war, both the invasion of America and the invasion of Israel.

God himself, even Ezekiel 38, verse four, says, I will put hooks, God will put hooks in their jaws, in the jaws of Russia and China, and pull them into America, Great Britain, and Israel. It doesn't word it exactly like that, because we need to study, pray, and realize that America, Great Britain, and Israel, that we are the tribes of Israel.

But it says that he will pull them in. So it's God that will bring these wars.

It was God that supports these wars because they are necessary as a necessary part of life. If we're not meant to have heaven on earth right now, this is the time of war. There's a time for peace.

That's in the future. That's when we get to paradise. It's not now.

The right thing to do now is to allow America and Great Britain to get spanked for our sins, allow the Russians and Chinese to come in.

I know we don't want that. Hey, I'm not on the side of the Russians and Chinese. I'm not.

I am a proud American. But the reality is, when you have half of the population supporting communism, and you have a huge number supporting homosexuality, and a huge number supporting Islam, and a huge number supporting the Catholic Church, and a huge number of Americans supporting the Mormons, and the Seventh-day Adventists, and the Jehovah Witnesses, and every other cult that you can name, including the cult that's called the Baptist Church, that don't even believe in baptism anymore, and the cult that's called the Pentecostal Church, and all these other cults.

When you have all these people who refuse the Sabbath day, refuse God's holy days, and replace His holy days with such abominations as Easter and Christmas and Halloween and Valentine's Day, come on now.

America is going to get what they deserve, and that is destruction. And I don't know whether it's going to be this next spring, or the next spring, or the next spring, but it's coming in the springtime, at the time of Passover, that America, Great Britain, and Israel will be paid back for their sins by invasion and conquest.

But in that final year, the war will turn around. God will turn it around, and then God will also defeat the Russians, and the Chinese, and the Iranians, and the Syrians, the Cubans, the Venezuelans, and the other enemies of America, North Korea, and so forth.

What comes around goes around, and everybody has to take their time in their turn in punishment.

What we should have done to begin with, to avoid all this, is we should have conquered Russia and China, Iran and Syria and others when we had the chance. That would have been the right thing to do, to have wiped Iran off the map a long time ago.

That would have been the right thing to do, and then we wouldn't be in the situation we are in now.

And that's actually a mistake that Ronald Reagan and every president of America that has done since Reagan, is that they have not wiped Iran off the map.

So we pay for our mistakes. We pay for our mistakes in this life.

It's not right to be what they call a pacifist, a pacifist or a conscientious objector, a person that does not believe in war, because that way of thinking is foolish, it's not wise, it is nothing but ignorance.

If you don't defeat them first, they will eventually come and defeat you.

And America has already been defeated from the inside, from within, by the Russians and Chinese, not only within the Communist Party and mainstream media and the Democrat Party, but also even among many Republicans and people that worship Trump and other so-called conservatives.

Many of them have been brainwashed by the propaganda of the Russians and Chinese.

And the perfect example of that is the fact that you have so many conservatives that are against us defending Israel.

That right there, if they're against us defending Israel, that shows you that the Islamic propaganda and the Communist propaganda has already conquered America.

They have already conquered the hearts and the minds of the foolish, foolish, naive, ignorant Americans that don't know what in the world they're talking about when they do not want to support Israel.

And then also many of them saying that NATO is the guilty one and not Russia, and many of them are idolizing Putin, who is a Satanist.

Come on now, Putin is a Satanist.

I know that he supports the Orthodox Church, but that is a Church of Satan.

Come on now, nobody should be taking Russia's side against the Ukraine, no one.

I know the Ukraine is also not guiltless. I know that the Ukraine is not saints.

I know this too, but at the same time, you should never, ever, ever, ever take the side of Russia.

If you don't want to take the side of Ukraine, fine, but don't take the side of Russia.

Come on now, Russia was the leader of the Soviet Empire.

Russia is against true Christians. Russia is against the true commandments of God.

Russia is the allies of China. Russia is the allies of Pakistan, North Korea, Cuba, Venezuela, and Iran.

Why would anybody in their right mind take the side of Russia, ever?

The fact that so many people are taking the side of Russia and Putin is solid proof and undeniable proof that the American brains have been brainwashed and turned to jelly.

There's no common sense left in America.
I tell you, America deserves to be invaded.

And God has chosen the Russians, He has chosen the Russians and Chinese to invade America because by comparison, by comparison, the Russians and Chinese are much more righteous now than the Americans.
Neither side are righteous.
The Russians and the Chinese are Satanists.
The governments, the regimes, is what I'm talking about.
But by comparison, at least Russia and China still has a brain.
The Americans don't have no brains no more.
Those that are worshipping Trump, they have no brains.
Their brains have been turned to jelly.
A lot of them believe in flat earth.
Their brain is turned to jelly. They have no brain no more. No common sense.
A lot of them believe in Planet X or flat earth or that all Jews are evil and that it's the Jews running the New World Order when it's actually the Moslems and the Communists running the New World Order.
Nobody has a brain anymore.
They can't even see which side is the right side.
There's no common sense anymore.
By comparison, at least the Russians and Chinese still have a brain and are more righteous than us because at least China knows that it's righteous to turn the Moslems into slaves.
At least they got that much common sense.
But once their American slaves repent in captivity, as the Bible says they will, again God will come back and turn the war around like we read and then punish the Russians and Chinese and everybody on their side.
Their side is going to be punished by God as well.
Everybody's going to get what they deserve.
War is a necessary part of this life.

I thank you for listening.
Please remember that Tuesday, the last day of this month, Tuesday, May 31, will be the third New Moon.
The Bible commands worship services on the first day of each month.
That's what New Moon means.
The word month means moon because in the original calendar you couldn't go to the store and just buy a calendar.
You looked at the sun, the moon, and the stars and that's how you told time originally.
So on the first day of each New Moon, that's when the moon starts to come back from complete darkness.
You have two or three days every month when there is complete darkness, no visible moon.
And when you start to see just a little bit of that moon returning, that's the first day, the first crescent moon, first day of the month.
And the Bible commands on the first day of every month to have worship services.
It's not a Sabbath of rest as far as we know.
We don't have that commandment in the Bible unless it was taken out.

But there's no commandment in the Bible the way we have the Bible today to rest on that day.
But we are commanded to have worship services.

So that's Tuesday, May 31st.

And you can find the article on the website at isawthelightministries.com about the New Moons.

isawthelightministries.com You can search the search box on the bottom of the website.

On the bottom of every page on the website is a search box.

And you can type in New Moons and find the article about that.

And you can also type in Trump Exposed to learn about that.

You can also type in Elon Musk Exposed to learn about that.

And then we also have services next weekend.

It will be both Saturday and Sunday next weekend because Sunday, June the 5th will be Pentecost.

And that is a special annual Holy Day that we read about.

And even the New Testament talks about Pentecost.

So why do the Pentecostals not keep Pentecost is insane.

Absolutely insane why a Pentecostal church does not or any church will not keep Pentecost when it's even in the New Testament.

None of the Holy Days, none of the Holy Days were done away with them, none.

So that's June 5th. So we have services both Saturday and Sunday that weekend, next weekend.

Okay, and I do encourage people to try to have a special meal on Pentecost Sunday.

A special meal to help you celebrate the day.

And you can find the article about Pentecost as well.

And all the other Holy Days on the website that isawthelightministries.com.

And it was a real, real, real struggle.

Man, it was a real struggle, but God got me through it.

And I praise Jesus Christ for giving me the energy and the strength to stand up this long.

This is the longest I've stood up in probably four days or five.

I don't know how many days I've been in bed.

And I praise God for giving me the strength to stand up.

So now I got to go to bed.

So God bless you, every one of you, in Jesus' name. Amen.
